FORTY FEET OF TAPE WORM Expelled BY URING B. A. FAHNESTOCK'S VERMIFUGE. It cannot be surpassed.

WORCESTER, Mass., September 27, 1851.

The will certify that I have been afflicted with a pain in my stomach, and headache occasionally, for the last seventeen years. Hearing Rev. A. Fahnestock's Vermifuge was highly recommended, I was induced to try it. I took four vials of it, and to my great astonishment I PASSED OUT FORTY FEET OF A TAPE WORM. I feel quite relieved of the distress in my stomach and head. In fact, I feel like a new man since the reptile left my stomach. I can recommend the preparation as highly worthy of the attention of the sick. It is very mild in its operation, and perfectly safe and harmless.

Being duly sworn, I HEREBY CERTIFY to the above facts.

World's Safe Company.

THE attention of the public is called to the utility and superiority of these Safes over all others. Our Safes are made on an entire new principle. We first form a case varied strongly made from wrought iron plates or bars, around which a composition of cast-iron is run, filling the liquid metal, and making it impenetrable to the chisel or drill, and capable of resisting the force of the dodge. To the scientific, it is only necessary to say, "Nature abhorrents," she leaves no bolts or straps, rivets or screws, for the ingenious burglar to remove, with perhaps less effort than was required to put them together. Neither can the burning element make an impression on the solid cases, lined as this with a fireproof wall.

We hesitate not in saying, that these Safes, secured with LILLIE'S SAFE DRILL AND POWDER PROOF COMBINATION SAME LOCKS, are the only really secure depositories for money or other valuables. We say further, there is ineffable security in any of the popular locks or Bank Vault locks in use. They are all the work of skilled mechanics, often broken into, as experience has taught us.

This Company is now prepared to furnish short notice SAFES and BANK VAULTS, of every description, for Banking Institutions, Merchants and Individuals—all of which will be warranted Drilled Powder Proof, when secured with Lillie's Bank Locks.

A sample of the above Safes and Locks, together with Day & Newell's Patent Safe Lock, can be seen at the office of W. W. WAYNE, No. 48 Gravier street.

WINER'S CANADIAN VERMIFUGE

A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases with which children are afflicted are caused by Worms, and thousands of children die annually from those diseases, when the cause is either not known or attributed to something else. Various are the preparations which have been recommended as a remedy for Worms, but experience has proved them all more or less ineffectual; the only remedy we have at length found, and so strongly recommend, which has never failed to destroy Worms, wherever they have existed, is WINER'S CANADIAN VERMIFUGE. The testimony of the most eminent physicians and respectable individuals in the country, is conclusive.

WINER'S CANADIAN VERMIFUGE.

WARRANTED PURELY VEGETABLE.

It is safe in its operation, and more easily administered than any other. None of the ordinary symptoms which indicate the existence of the Worms in the bowels are so infallible; the countenance is pale, or a florid or sallow and mottled with occasional flushes; the eyes are heavy and dull, the vision dim, the lip swollen, frothing in the mouth, which causes the patient to pick his nose; the sleep is disturbed, the patient often awaking in great fright, and is liable to starting and grinding the teeth; the appetite exceedingly irregular, at times voracious, at others feeble, and in some instances it is depraved.

To the following certificates, numerous others might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

MEDICAL EVIDENCE.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal. G. O'REILLY,

Member of the R. C. of Surgeons in Ireland, etc.

FROM THE REV. J. FLANAGAN, OF SANDBROOK, C. W.

J. WINER—SIR: I have made the trial of your Canadian Vermifuge, and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one here prefer it to any other, as its effects are certain, and children take it more readily, which is a great point gained in giving medicine to children.

JOHN FLANAGAN.

☞ Physicians generally now use WINER'S CANADIAN VERMIFUGE. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health.

Over one thousand certificates have been sent to Agents from pioneers, merchants and physicians, bearing testimony to the efficacy of this infallible remedy. Warranted in all cases.

Prepared only by JOHN WINER, Manufacturing Chemist and Wholesale Druggist, Hamilton, Canada West.

☞ Sold wholesale and retail, at manufacturer's prices, by

J. WRIGHT & CO., New Orleans, sole Agents for the United States, 131 Chartres street, under the Orleans Hotel.
