DUCLOS & Co.
Corner Bienville & Exchange Alley, N.-Orleans,

Have the honor to inform their friends and the public that they have just opened at their Store, No. 52 Bienville Street, at the corner of Exchange Alley, a Depot of Furniture of every description, such as Bedsteads, Armoire, Centre-Tables and others, Tête-à-tête, Chairs, Sofas, Fauteuils. Moss, hair and spring mattrasses, Feather beds. They repair furnitures, make exchanges and take it on storage. They hope by care and industry to obtain a share of public patronage. Dec. 27.

PIANOS, HARMONIUMS, &c.

A. FLANDRAIN, No 44, Conti Street, between Chartres and Royal, New Orleans, has just received an assortment of Pianos directly from the manufactures of Mr. A. Debain, of Paris, patented contractor of all the Courts of Europe and South America. Mr. Debain has received several medals of the Expositions of France, London and New York, for divers Pianos of his own invention. All the Pianos that come from his manufactories are expressly made and improved for exportation; and are recognized in Europe as being superior to all others.

Mr. A. Flandrain, favorably known in many Parishes of Louisiana, has the honor to invite amateurs to come and ascertain for themselves the superiority of the Pianos and Harmoniums that he has just received from the above named house. Having been Foreman in the manufactory of Mr. Debain, Mr. Flandrain is thoroughly convinced of the superiority of these instruments, and being desirous to make them well known in the State, he will content himself with a small profit on the sale of the same, and will guarantee them. Besides, he will tune and repair them.

Piano Mecanique.

This instrument has definitely vanquished all difficulties and prejudices; it possesses the double advantage of being at the same time a Piano with an ordinary key for artists and for amateurs who are not musicians by profession. It is an instrument upon which an artist can execute the most difficult piece of music. Mr. Flandrain is well acquainted with the mechanism of this instrument and will repair them perfectly.

OPELOUSAS INSTITUTION,
FOR THE EDUCATION OF YOUNG MEN.
UNDER THE DIRECTION OF
DR. J. A. A. DELARUELLE, PRINCIPAL; *Professor of French and Latin.*
——*Professor of English and English Literature.*

BEING a resident of this locality, for the last fourteen years, having assisted Mrs. Delaruelle in the direction of her school for Young Ladies, founded in the year 1844, and which terminated only at the death of its foundress, I expect to be able fully to answer the expectation of those parents who shall have confided the education of their children to me. I will do every thing that depend upon me to assist the development of their intelligence, and as far as it may be possible, to improve in them those intellectual qualities which ought to be the characteristics of men whom the citizens of a free country may one day call to fill the high stations in government. I shall do all that depend upon me to make them good citizens and good fathers of families. For this purpose a liberal education developing the intellect is required; an education free from contracted and anti-intellectual ideas, the offspring of ignorance and superstition, her ordinary companion.

But a knowledge of science, the exercise of the polite arts, will not suffice by themselves for a complete education. Religious ideas should also be inculcated in their, young minds. The belief in one God is as rational as it is necessary. Though the rites by which we honor the Divinity differ as to form, they prove one and the same object, that is to offer hommage to the *Great Creator, the Architect of the Universe.* Our religious motto should then be *Toleration, love of God and our neighbor.* Every attention will be bestowed upon the students.—Their food will be healthy and abundant. They shall have for their recreation and the exercise necessary to their health, large and spacious play grounds. In fine every thing will be done for the physical and moral improvement of the students.

Corporal punishment expressly forbidden. Parents will receive once every three months a bulletin of the health and progress of their children.

CONDITIONS:

Board and tuition, in the two languages, per year,	$140 00
Half boarders, and instruction in the two languages, per year,	70 00
Day scholars, same instruction, per year,	40 00

Expenses of sickness at the cost of parents, they choosing their physician.

No diminution will be allowed for sickness not exceeding one month.

Each quarter payable in advance; and all quarters once commenced will be due in full. Each student shall furnish one cord of wood for the winter.

Two public examinations a year, that is one in June and the other in November. The Latin, and Spanish languages, &c., as well as Drawing, Painting, Music, Fencing, Dancing, are paid extra.

Every boarder should bring 2 summer coats, 2 winter coats, 2 pair summer pantaloons, 2 pair winter pantaloons, 2 cravats, 2 vests, 4 pair socks, 2 blanket, 1 cotton counterpane, 1 musquito bar, 1 pair of sheets, 4 napkins, 2 towels, 6 pocket hand kerchiefs, 1 blue bed cover, 1 bucket, 1 knife, fork and spoon, combs, tooth brushes.

Paper, pens and books at the cost of parents.

SANITARY GRUEL.
I X L. Nourishing Remedy!
Invented and prepared by
P. MARMAY.

THE inventor of this new and invaluable remedy has taken patents in France, England, Scotland, Ireland, Belgium and the United States.

The most chronic constipation yields to the Invigorating Gruel; it must be taken twice a day on an empty stomach, once in the morning and once in the evening, in the shape of a soup.

The Gruel is a pleasant food, and requires no particular diet; it excites the appetite, and acts favorably on the digestive organs, and cures more or less rapidly, but surely always, in every disorder of the stomach, such as:

Dyspepsia, Gastritis, Heartburn, Megrims, Sick Headache, Pains in the Stomache, Costiveness, Vomiting, Chronic Diarrhea, &c., &c.

The Invigorating Gruel is taken in different ways; with a broth—with salt or sweetened milk—with or without the orange-flower water. A spoonful of it is sufficient, and should be put in boiling milk and remain 15 or 20 minutes.

☞ To be taken morning and evening.

The use of P. Marmay's SANITARY GRUEL has produced most salutary effects, which we hasten to make known to the public at large.

Among all its other good qualities, which are universally acknowledged, it has been found to be highly useful and beneficent to Women in the state of Pregnancy, and that it facilitates their delivery.

It also improves positively the quality and increases the quantity of Milk of Nurses.

No other kind of Food can be compared to it, it may be administered without fear to the youngest children; it refreshes and strengthens them, and preserves them against a great many diseases peculiar to their age.

We may therefore confidently recommend it to every family.

Every one-pound paper of the SANITARY GRUEL contains thirty-two portions for one person. They are signed by P. MARMAY, Inventor and Patentee.

For further particulars apply at the General Depot, No. 44 Conti street, between Chartres and Royal streets, New Orleans.

For sale, wholesale and retail, by A. RENAUD TRABER, principal agent in the United States Depot in all the principal cities of the United States.—In Opelousas at Messrs P. L. Hebrard's and John Posey's Drug Stores.

Point aux Loups Springs.

THE undersigned takes this mode of notifying the public that he has put it improved the Establishment and is now in readiness to receive all those whose pleasure it may be to seek the shade as a place of pleasure and recreation as well as those who may be impelled from indisposition to have recourse to them for the remedial agency of their waters. These Springs are situated on the Bayou des Canes, distant about 24 miles Southwest of the Town of Opelousas. Among the numerous springs, there to be found, may be had such as are found abounding with Sulphur and preparations of Iron. The springs are very abundant, and in one instance three of the streams form a large basin which affords a magnificent bathing place. The waters of the said basin are entirely renewed every hour, a circumstance which is certainly calculated to add much to its purity. At the distance of some five hundred yards from the principal bathing place there is, besides this, another which is furnished with abundant stream of water, the coldness of which can almost be compared to that of ice.

In announcing the opening of his Establishment, the undersigned does not pretend to offer the same to the public as a fashionable watering place, where fine dressing may be exhibited with the other general accompaniments. His object, on the contrary, is to offer to the afflicted a means through which a shattered constitution may be restored to health. The remedial agency of these waters in the relief of Dyspepsia and in the permanent cure of cutaneous eruptions, from past experience, now stands uncontradicted.

The establishment consists of comfortable dwellings, with all the necessary furniture which may be required at such a place, and the table will be always amply furnished with whatever delicacies may seem best to suit the tastes of visitors. An excellent pasture in which horses may be kept with safety, will be at the disposition of such as may desire it, as well as corn, fodder, &c.

A large house has just been erected, containing a billiard table and a bar well supplied with syrops and other refreshments for ladies and gentlemen.

The charges of the undersigned will be moderate, and he feels satisfied that his visitors will not only be satisfied with the accommodations which they may receive, but that they will be also equally contented with the degree of health which they may obtain from the healthful use of the waters of the different Springs.

Bell Cheney Springs.

THIS delightful watering place, situated in the Parish of St. Landry, in a beautiful rolling Pine Woods, distant about 36 miles from Opelousas, will be opened on the fifteenth of June next, for the reception of Visitors.

These springs are favorably known among the people of the surrounding Parishes as mineral waters of great efficacy in chronic deseases of various kinds—their mineral virtues having been tested by innumerable cures they have performed.

This Establishment is now undergoing a thorough repair and several new family houses are in construction and the plan will afford ample room for 200 visitors this season.

The services of our excellent cook (Sylvester well known by many of my visitors) a good steward and polite and attentive servants have been secured, and a fine band of music headed by *Tosi* the celebrated Italian Violinist is also engaged for the season.

Two lines of Omnibuses will run between Opelousas and the Springs twice a week regularly.

Persons visiting the above Establishment may have their letters and papers directed to "Ville Plate, Bell Cheney Spgs. and they will receive them twice a week.

NEW STORE!

THE undersigned, having formed a commercial co-partnership under the style of *Noy & Dupre*, have the honor of announcing to their friends and the public generally, that one of them has just returned from New York with a complete assortment of Dry Goods, Hardware, Crockery ware, Tin ware, Groceries, Shoes and Boots, Liquors, fancy articles; In a word, thay have a supply of every thing that a Country Store can, or ought to have.

Wishing to discard every thing like charlatanism from this announcement, nevertheless, the undersigned hesitate not to say, they can sell their merchandize as low as New Orleans retail prices, and perhaps, cheaper than goods have ever been sold here up to the present date.

The undersigned, planting themselves upon the conviction that the cash system is the best, as well for the buyers as the merchant, hopes that those who may be disposed to patronize them, will not place them under the hard necessity of constantly remending them, that, in consequence of the lowness of their prices, they can carry on business for *cash only.*

They occupy the old stand of P. & V. Roy, on Main Street.
