KATHMAN'S TROPICAL ROOFING—

Cheaper and superior to any other ever used in a Southern climate.

Its tested and recognized qualities are—
1st. DURABILITY—equal to the best slate roofs.
2d. IMPERMEABILITY—Superior to any other; no cracks or leaks being possible.
3d. BEAUTY—It presents a smooth and granite-like surface.
4th. CHEAPNESS—It costs much less than, though it is as good, any slate or wood roof, and even less than the inferior composition roofing heretofore offered to the public, saves the cost of gutters and valleys.
5th. INCOMBUSTIBILITY—It will resist fire better than a slate roof.
6th. CONVENIENCE—It will not soften under the heat of this climate; and protects the interior of buildings from the intense heat of summer.
7th. SOLIDITY—It becomes harder and smoother from exposure; can be put upon roofs of any slope; and being of light weight, does not require heavy rafters to support it; while it is not liable to corrosion and breaking, nor does it require repairs.

The "TROPICAL ROOFING" is a chemical compound of substances, several of which are peculiar to it alone, combined in proportions discovered by actual experiment and experience in this city.

Testimonials of the correctness of the above are in the hands of the agent, and may be verified by any person wishing it before contracting.

All orders left at the Post-Office, Box K, No. 2, will be promptly attended to; or apply to

LEE & LEAVITT'S PATENT CIRCULAR SAW MILL, with Norcross' Rocker Boxes, and Stearn's Patent Eccentric Head Block.
This Mill is fully one third stronger both in iron and wood work, and is much superior to, and has given better satisfaction, than any Circular Mill heretofore in use.
Norcross' Patent consists in suspending the saw so that it can have a lateral vibration, and when thrown out of line will recover itself by the action of the driving belt and the arrangement of the parts by which it is sustained; while at the same time the arbor has no lateral play in its boxes, and is made to fit close with the shoulders, to prevent the oil from getting out while in operation—a matter of great importance when the motion is rapid, as in Circular Saw Mills.
Stearn's Patent consists in enabling one man to move the log on the ways with ease and with accuracy, thereby saving one man's wages, and making better work than Mills with the usual screw head blocks.
Twenty-five of these Mills now in store ready for delivery, with saws from 48 to 72 inches in diameter; also, several Double Mills, with Top Saws, and a full assortment of the "Young America" iron frame Mills. For sale by

IMPORTANT TO PLANTERS.
Messrs. B. A. Fahnestock & Co:
Gentlemen—Mr. G. W. Tilley, who is a gentleman well known as one of the best planters in this or Wharton county, and celebrated for the careful management of negroes, highly recommends B. A. Fahnestock's Vermifuge. He called on me a few days since and purchased two dozen, and says that he administered the Vermifuge bought of me last year to an adult negro suspected of having worms, and succeeded in expelling from her several dozen worms some inches in length, and that her health is now good.
One of these home testimonies is worth a thousand where the parties are not known; and this can be regarded as a reliable evidence with regard to the adaptation of your valuable Vermifuge to our plantations.
I am, truly yours,
S. W. FISHER.
Purchasers should look well to the initials on the wrapper, and see that they are buying B. A. Fahnestock's Vermifuge, and no other. ja25 1m&W

MEDICAL HOUSE, No. 82 Customhouse street, near Royal street—For the Cure of Old Chronic, Mercurial, Syphilitic and all Private Diseases, without Mercury, hindrance from business, or exposure to friends, and a cure guaranteed in all cases.
The unparalleled success which has attended Dr. James' practice in all parts of the United States and Europe—the many remarkable cures he has effected, which were pronounced incurable by the most eminent physicians, justifies him in offering his services to the confidence of the unfortunate. The following are some of the diseases termed "Private," and of which, in conjunction with newly discovered Remedies, Dr. James permanently eradicates, namely: Syphilis, primary, secondary and tertiary, Strictures, Urethral Discharges, Gleet, Gonorrhea, Nocturnal Emissions, Periodical Afflictions of females, however complicated they may be, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, Rheumatism, Hydrocele, Cancers, Ulcers, Tumors and all Diseases of the Skin.
Dr. James would also call the attention especially of those who have privately and improperly injured themselves in that secret and solitary habit which ruins the body and mind, unfitting them for either business or society, viz: Constitutional Debility or Impotency. The following are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of Back and Limbs, Pain in the Head, Dimness of Vision, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervousness, Irritability, Symptoms of Consumption, etc. Mentally, the fearful effects on the mind are more to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, etc., are some of the evils produced.
All persons afflicted with any of the above symptoms should not fail to call on Dr. James and be at once restored to perfect health; let no false delicacy prevent you, but apply at once and save yourself from the awful and dreadful consequences of this terrible malady.
Weakness of the organs immediately cured, and full vigor restored.

Private and separate rooms reserved. Hours of attendance from 8 A. M. to 8 P. M.
Consultations strictly confidential.

DENTAL NOTICE—DR. J. WEST, Practical Dentist, No. 112 St. Charles street, near Poydras street.
J. W. would call particular attention to his method of constructing ARTIFICIAL TEETH. They are made perfectly natural in form and shape, set with false gums. The original form and expression of the mouth and face is restored with a clear and distinct articulation of speech. This is effected by having the inside of the teeth and gum of a natural form, to which the tongue is readily adapted. This prevents that hissing sound so often observed in persons wearing artificial teeth. The Doctor has been practicing in this city fifteen years, and feels confident that he will give satisfaction to those who may honor him with their patronage. All persons desirous of obtaining his services, would do well to call and examine his specimens. je19 1y

AYER'S AGUE CURE, FOR THE SPEEDY cure of Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.
No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.
That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of Fever and Ague from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where Fever and Ague prevails, everybody should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.
Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement in the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons traveling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every day complaints of everybody, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral,
For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
