JULES GREVY, President de la Republique Française a Sa Majesté Kalakaua, Roi des Iles Hawaii.

J'ai recu avec plaisir la lettre que vous m'avez ecrite pour m'offrir Votre Ordre de Kalakaua (Kamehameha?) dont l'honorable M. Curtis Iaukea m'a remis les insignes et le diplôme. Ce témoignage d'amitié adressé au chef de l'Etat français ne toucheut pas seulement ma personne, il marque si hautement votre intention de resserrer entre nos deux Pays les liens qui les unissent depuis le jour déjà eloigné où, les navigateurs français ont etabli des relations avec vos ancêtres que je l'ai accepté avec la plus vive satisfaction. J'apprécie sincèrement les efforts que Votre Majesté ne cesse de faire pour etablir entre son Royaume et les Etats de l'Europe des rapports suivis et multipliés. Votre Majesté a pu juger, par Elle même, pendant son voyage, de l'interét que les Iles Hawaii peuvent retirer des echanges commerciaux avec la France. J'ai regretté que mon absence de Paris, à'cette epoque, ne m'ait pas permis d'y recevoir Votre Majesté, mais Elle peut être assurée que je n'en porte pas moins une grande attention sur tout ce qui peut contribuer à la prospérité de son Pays, et que je saisirai avec empressement la première occasion qui se présentera de vous donner des marques particulières de mon estime et de ma sympathie personelle. Ecrit à Paris, le 31 Janvier, 1884.

(Contresignée) JULES FERRY.

TRANSLATION.

JULES GREVY, President of the French Republic, to His Majesty Kalakaua, King of the Hawaiian Island.

I have received with pleasure the letter which you have written to me in order to offer to me your Order of Kalakaua, (Kamehameha?) the insignia and diploma of which the Honorable Mr. Curtis Iaukea has presented to me. This token of friendship addressed to the chief of the French State does not concern myself only, it marks so strongly your desire to draw close between our two countries the bonds which have united them ever since the day already remote when French navigators established relations with your ancestors, that I have accepted it with the liveliest satisfaction. I sincerely appreciate the efforts which Your Majesty is always making to establish constant and multiplied relations between Your Kingdom and the States of Europe. Your Majesty has been able to judge for yourself, during Your voyage, as to the benefit which the Hawaiian Islands may derive from commercial intercourse with France. I have regretted that my absence at that time from Paris did not allow me to receive Your Majesty, but You may rest assured that I do not the less accord great attention to all that may contribute to the prosperity of Your country, and that I shall seize with eagerness the first occasion that presents itself to give You especial evidences of my esteem and my personal sympathy.

Written at Paris the 31st January, 1884.

Editorial Articles.

FROM THE DAILY P. C. A.

THE session of the Legislative Assembly approaches and a citizen of Honolulu may naturally speculate upon what in the way of a better municipal government for Honolulu will come of it. We have in numerous articles pointed out the inefficiency of present arrangements. We have in the Minister of the Interior what we may call an *ex officio* Mayor. Under him the Road Supervisor for the District of Kona (Oahu) acts as City Engineer, Superintendent of Works and general "jack of all trades." Both as individuals and as public officers these gentlemen have our esteem but for the government of the city we should either like to have all their time and capacity at its disposal or have somebody else detailed to do the work. This place is too big now and its wants are too numerous to be left to the care of the cleverest and most assiduous of men if they have anything else to do than attend to it. If the time is not ripe for the incorporation of the city it is certainly high time that a Board of City Supervisors should be appointed—men chosen on account of their suitability to represent the various interests that are at stake in the city. For our own part we believe that the best solution of the matter would be the incorporation of the town. The taxpayers within its area might be left to manage their own affairs if a plurality of votes, in proportion to the property held by individuals were permitted. This arrangement is common in other countries and would be absolutely necessary here. Give the care of the streets and ways of the city, its lighting and its water supply into the hands of elected representatives of the citizens, and we feel sure that a more energetic and satisfactory management would result. The money usually voted for city affairs by the Legislature would still be wanted as a subsidy, but it would be much more satis-
