SPECIAL NOTICES.

——Mrs. Winslow's Soothing Syrup, for Children Teething, greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all Pain and spasmodic action, and is sure to regulate the bowels. Depend upon it, Mothers, it will give rest to yourselves, and relief and health to your infants. We have put up and sold this article for years, and can say in confidence and truth of it what we have never been able to say of any other medicine—Never has it failed in a single instance to effect a Cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "What we do know," after years of experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Full directions for using will accompany each bottle. Be sure and call for Mrs. Winslow's Soothing Syrup, having the fac simile of "Curtis & Perkins," on the outside wrapper. All others are base imitations.

Sold by Druggists throughout the world. Price, only 35 cents per Bottle.
