INDIANA STATE SENTINEL.

TO THE DEMOCRATIC PARTY.

Proposals for the 3d Volume of THE COON-SKINNER.

There is no doubt but that in the coming Presidential election, the Federal Whigs contemplate making extraordinary exertions for success. Indeed, not only the busy notes of preparation are already heard, but we see them, *here*, at least, making efforts, which, if not timely met by corresponding activity on the part of the Democratic party, will not only undo all that was accomplished by our brilliant victory of last year, but place it beyond the power of the Democratic party to right the ship of State so lubberly handled, and so disgracefully stranded by those just sent into retiracy.

To be sure, we doubt if the tremendous amounts of British gold which were expended in the fraudulent elections of 1840 will be again advanced by British Bondholders and stockjobbers; but the nabobs of this country will not clench their hands. Money has already been liberally subscribed to purchase the Presidency for Henry Clay; or in other words, to purchase the charter of a great mammoth bank to control the people. In its train would consequently follow all the evils under which the country has groaned a few years past. It matters not with the federalists how often the people have condemned their candidate, their Bank, or their other tory principles. Knowing that they must cease to exist as as a party without some great lever, as a Bank, a High Tariff, or a National Debt, to keep the "Turbulent Democracy," as they call the masses of the people, in *subjection*, they will this year make their last desperate struggle. They are well aware that the people are becoming every day more enlightened; and they consequently know that as this is the case, monarchical principles and toryism must give way to EQUAL RIGHTS FOR ALL.

As we have had abundant evidence, in this State at least, an *attempt* will be made to revive all the humbugs and miserable landjobbers of 1840. We say *attempt*, because it has already been tried, but failed. But that the same lying publications are to be circulated, that new lies are to be invented, old ones revamped, and sent over the country gratuitously, or under the franks of the federalists, we are willing to believe. Nay, it has already been so announced by *lately* distinguished federal whigs in public, and is further proved by some of the agents employed. What then is the duty of the Democratic Party? Is it not to meet falsehood with fact? Is it not to meet appeals to the passions by argument? Is it not to place statistics, from authentic sources, before the people, instead of a coon skin and cider jug? Is it not to place the truth before them, and to let them exercise *their own judgments*? Is it not to reason with them rather than attempt to *sing* them out of their senses by sensless jargon?

Shall we then to the work? The editors of the Sentinel will not fail to perform their part, so far as their humble abilities permit. It is now for the Democratic party to say, whether, by doing what we believe they will admit to be theirs, they will sustain us.

We propose to commence the publication of an extra sheet, to be called the COON-SKINNER, commencing about the middle of April, and to continue six months, or to the Presidential election.

We are aware that some of our party have objected to the *title* of the paper. This is but a trifle, either way. From experience, we are satisfied with it. What if it were called "Shot-Gun?" This is as appropriate as the title assumed by our opponents. It is mere matter of taste only. "A rose by any other name," &c.

We desire then that our friends will take the pains that they did last year, and as much more as they think the crisis demands. Names may be sent in, but the money need not be sent till the 1st of April. Then we should like to have it so as to send a large edition to each county in the State.

Premiums.

A copy of the Revised Code will be given to the person sending us the largest list of subscribers.

One year's subscription to the Indiana State Sentinel will be given to him who sends us the next largest list.

A premium of 100 copies of Gov. WHITCOMB's pamphlet on the Tariff will be given to the *county* sending the greatest number previous to the 1st of April.

TERMS.

LAND AGENCY.
The American Land Agency Company

PROPOSE to open offices on the first day of March, 1844, at the following places, to wit:

Liverpool, England; Boston, Massachusetts; New York City; Philadelphia City; Cincinnati and Columbus, Ohio; Indianapolis, Indiana; Alton, Illinois; also in Michigan, Iowa and Wisconsan.

The object of this Company is, to receive consignments of real estate for sale; to register and advertise the same at all their offices; to collect and communicate to persons wishing to become purchasers, the most accurate information, concerning the soil, predictions, markets, climate, health, population, schools, religious societies, &c. of each location where they offer real estate for sale.

Also, the best routes and modes of travel to arrive at any of the locations to which persons may wish to go; and, generally, to attend to the interests of both sellers and buyers of real estate of every description. A tract of land—a cultivated farm, or a city house or lot in the West, will be registered and advertised at all their offices, so that persons in England or in the Eastern States, by calling at any one of the company's offices, may learn all the particulars which can be communicated to a person at a distance, whereby they will be enabled to judge for themselves of the expediency of a removal, and to make choice of a location suited to their object, tempers and wants.

The company believe, that from the valuable information which this arrangement will enable them to communicate to farmers in the Eastern States, thousands will be induced to leave the cold and barren regions of New England, and provide for themselves and children a home in the more genial clime and fertile regions of the West.

The company is now ready to receive communications and attend to business, at Cincinnati, Indianapolis and Alton.

They respectfully solicit consignments of real estate, and applications from both sellers and buyers, for desired information, which they will spare no pains to be prepared to communicate.

Letters addressed to the American Land Agency Company, *Post Paid*, will be promptly attended to.

L. MUNSELL, Indianapolis, President,
A. BUFFUM, Cincinnati, Secretary,
HORACE BUFFUM, Alton, Illinois.

COLUMBUS HOTEL,
Columbus, Indiana.

THE subscriber still continues to entertain the Public and Travellers generally at his Hotel, on the north east corner of the public square, in Columbus. Retarded for past patronage, he solicits a continuance of the same. His table is always served with all the substantials and delicacies of the season; his bar with choice wines and liquors, which people can drink or not, as best suits them; his stables, large and commodious, are well provided with provender, and tended by careful and experienced ostlers. His servants are faithful and attentive, kind and obliging. Possessing every advantage, he flatters himself that those who may favor him with their patronage will be agreeably entertained.

Stages leave daily for the Rail Road Depot, now only seven miles distant. 11-tf JOHN B. HUNTER.
