NOTHING BUT HONESTY

Has Prevented the Government From Losing Large Sums of Money.

WASHINGTON, March 6.—According to the report of the Dockery joint committee, which recommends among other things the abolition of the office and bureau of commissioner of customs, accounts of the government, aggregating many millions of dollars, have not been audited and if there has been no diversion of public moneys to private uses, the fact is due wholly to the integrity of the collectors of customs at such places as Chicago, Cleveland, Buffalo, El Paso, Galveston and other entre ports.

The loose manner of doing business, the report says, has not been due to any inattention in the treasury department, but is the result of existing laws governing the auditing of customs accounts. These have established an auditing officer, technically known as "naval officer of the port."

At Boston, New York, Philadelphia, Baltimore, New Orleans and San Francisco this officer has had no naval duties, but has been charged with carefully auditing the customs receipts of these large ports. It has insured complete protection to the government in the accounts from these sources. But the law has confined these auditing officers to the six ports mentioned, and no provisions have ever been made for a like auditing of reports from Chicago and the many other custom ports outside the six designated.

As a result of this omission, the customs collectors at Chicago and these other ports have forwarded their reports and collections to the treasury department with copies of the papers in each account. The treasury officials passed upon the papers as the collectors submitted them. There was no means of checking with the original papers.

The word of the collectors that $1,000 was collected on a particular import of goods had to be accepted without an examination which would disclose conclusively that $1,000 was the amount collected. It was readily in the power of unscrupulous employes to falsify the papers sent to Washington and escape detection.

The Dockery commission will now propose a change of the law, by which the commissioner of customs will pass out of existence and the first auditor of the treasury will hereafter audit all customs accounts.

Chicago and other cities will thereafter be brought into the system by which each collection is audited and verified from the original papers. No additional naval officers will be authorized but the custom collectors will be required hereafter to submit the original papers, invoices, etc., in order that the treasury may audit from originals instead of from copies.

Considering the vast sums which have gone unaudited for years, the loose manner of accounting is a matter of much surprise to veteran government accountants.

JESSE POMEROY.

The Massachusetts Boy Fiend Makes Another Effort to Escape.

BOSTON, March 6.—Jesse Pomeroy, the famous boy murderer, who is serving a life sentence in the Charleston state prison, has been caught in another attempt to escape.

The spring cleaning at the state prison is now going on, and on examining Pomeroy's cell, it was discovered that the convict had been removing the mortar and stones in the back of his cell.

He had proceeded with his work so far that he would have gained his liberty in a short time. He was removed to another cell and is now under strict watch.

ALL CHLOROFORMED.

Many Families at Jeffersonville Drugged and Their Houses Burglarized.

JEFFERSONVILLE, Ind., March 6.—There was a wholesale chloroforming of residents by burglars in this city last night. The entire family of Frank Briggs were put under the influence and the house ransacked. A large amount of money was taken by the burglars.

It was several hours before the family could be revived. The home of Wm. Quick was then visited and the family chloroformed. Next the burglars visited Frank Bayer's home.

Here they chloroformed the entire family, but secured nothing. It is believed that the burglars are the same who assassinated Stephen Geer and lynching is among the possibilities if the burglars are caught.

Must Not Work Children.

MUNCIE, Ind., March 6.—The humane officers of this city today announced that all boys and girls under twelve years of age must cease labor in the factories and mills, as the statute directs. Hundreds are working in the factories, nut and bolt works and glass factories.

WANT GAMBLERS.

Citizens of Hammond Ask That Roby Poolsellers Be Not Indicted.

HAMMOND, Ind., March 6.—The grand jury instructed by Judge Gillette to return indictments against Roby pool sellers, if sufficient evidence could be obtained, will visit the race course this afternoon, accompanied by Sheriff Charles H. Frederick to investigate the matter.

During the last three days the jury has heard testimony from about fifty witnesses. This morning the jury visited a gaming room in this city. Before leaving for the track, a petition, signed by Mayor Reilly, the city officials, and 800 citizens and tax-payers of the county, was presented to Peter Geisen, foreman of the jury, protesting against returning indictments against the Roby Fair association and those connected with it.

GUZZLE COMMUNION WINE.

New York Church Members Take a Good Big Drink Instead Of a Sip.

NEW YORK, March 6.—A sip, just a sip, is all that the Rev. A. J. Darlington thinks the members of his church should take when the communion wine is handed them. "There are some persons who insist on taking good sized drinks," he said to his congregation in Christ's Episcopal church, Bedford avenue, Brooklyn, just before the sacrament was handed around Sunday.

"This church uses twice as much wine as is used by some New York churches of the same size." The young folks giggled and the older folks coughed, but the consumption of wine was not diminished when the goblets went round.

WILL PAY ITS DEBTS.

Guatemala Hasn't Repudiated, But Only Suspended Payment.

LONDON, March 6.—The British minister to Guatemala, in answer to inquiries sent to him when it was announced from Paris that Guatemala had repudiated her exterior debt, cables that the Central American republic mentioned, does not intend to repudiate her debt, but is compelled to make a temporary suspension of the payment of interest upon the exterior debt.

This temporary suspension, it is added, is due to the fall in silver and the abnormal rate of exchange.

ROBBED ON HIS 'BUS.

Driver Held Up By Thieves With the Vehicle Full of Passengers.

BUFFALO, N. Y., March 6.—Shortly after 10 o'clock last night, two shabbily dressed men mounted the driver's seat on a Richmond avenue 'bus and when between Bryant and Utica streets covered him with revolvers and forced him to give up what money he had.

The driver, whose name is Van Duzen, did not carry his tickets and change in a box, but in his pockets, so that the robbers assisted him in turning his pockets inside out. The search revealed about $6 and a silver watch. None of the passengers were molested.

SILVER AGAINST TARIFF.

Republicans Using Bland's Bill to Displace the Wilson Bill.

WASHINGTON, March 6.—It develops that the concerted action of the Republican senators in their effort to take up the Bland seigniorage bill at this time, with the purpose of displacing the tariff bill, is the result of a conference held by the advisory committee of the Republican senatorial caucus.

While the Republican senators both favorable to and adverse to silver, express themselves as in favor of the movement, there is no great zeal manifested on either hand. Neither the free coinage Republicans nor the anti-silver senators care much for the Bland bill, as such.

Of course the anti-silver Republicans would oppose the bill and if they support it now, or appear to do so, their move is to stand off the tariff bill. The silver men do not consider that the passage of the bill would have any influence whatever in behalf of silver.

Catarrh
AND
COLD IN THE HEAD
relieved instantly by one application of
Birney's Catarrh Powder

REV. FRYMIRE CLARKE, secy to the Rt. Rev. Bishop of Columbus, Ohio, writes:
"Gentlemen: I received, enough for your Powder. It has cured me when approved stock of nearly three years' standing. Am delighted with it. All my friends ask where I obtained remedy. I am quite enthusiastic over it. The good effect, twice so much as any other remedy, lasts for months. I will do anything I can to bring your Powder into notice. Yours truly, REV. FRYMIRE CLARKE."
M. E. Parsonage, Columbus, O. St. Alphabet's Church, Chicago, writes:
"Gentlemen—Being almost entirely deaf for a number of years (not any artificial to mention) from many, so called cures tried, was induced by a friend to try Dr. Birney's Catarrhal Powder for my deafness. Have received my hearing entirely, so that I can now hear a watch ticking quickly. A being hard of hearing from my ear. I look upon it as a sacred duty to recommend such remarkable, to me, cure. Many of my friends and acquaintances have noted the change in me and failed to see it."
