HOT AFTER BANK WRECKERS

Comptroller Will Have Two Investigations Made of the 7th.

(Special to The Evening World.)

WASHINGTON, July 2.—Comptroller Dawes took action this afternoon that shows his determination to thoroughly probe the Seventh National Bank failure, and to leave no stone unturned in his endeavor to locate the guilty persons.

After a long telephonic conversation with Bank Examiner Raynor, he sent him the following telegram:

"Confirming my telephone to you today, if, after a careful and complete examination of the books of the Seventh National Bank, you find no evidence of criminal violation of the National Banking act, you will ask the United States District-Attorney to make a thorough investigation on his own account, affording him access to the books of that bank for that purpose."

It seems evident that the Comptroller fears the wrongs committed have been carefully concealed and that the immediate interference of the District-Attorney's office is essential.

The Comptroller would hardly have sent this telegram and made it public did he not now know that the examiner had not been able to discover tangible evidences of the juggling of the bank books.

NEW POSTAL DEPOSITORY.

Postmaster-General Names Western National Bank.

WASHINGTON, July 2.—The Postmaster-General has designated the Western National Bank of New York, as the depository for postal funds in New York to replace the Seventh National Bank.

SHOT DOWN BY A STRANGER.

Odd Demand Made on Corun Before Pistol Was Drawn.

A middle-aged man entered the delicatessen store of J. Corun, at Second avenue, near Twenty-ninth street, at 4.30 o'clock this afternoon, and asked to see Corun. After some formalities the stranger demanded that Corun's son and daughter take music lessons from him.

Corun refused to allow his children to take music lessons from him, and the stranger whipped out a revolver and shot Corun in the head.

Corun was taken to Bellevue Hospital in a dying condition and the stranger was arrested and taken to the East Thirty-fifth street station.

LOVE LED HIM TO SUICIDE.

Dr. Galloupe Was Enamored of Young Lady.

(Special to The Evening World.)

BEVERLY, Mass., July 2.—Dr. J. H. Galloupe, a prominent physician of this city, is a suicide. The official cause of death recorded upon the certificate is "Fatty infiltration of the heart and oedema."

The actual cause was 32 grains of morphia in two doses, the first 12 grains and the second 20 grains.

Behind it all was his unrequited love for Inez McLarren, a seventeen-year-old schoolgirl. Last November the young doctor fell in love with the girl. She protested, it is said, that she was too young to think of marriage, and did not love him. Declaring he could not live without her, he took twelve grains of morphia.

Frightened, she begged him to save his life, it is said, promising she would marry him. He rushed to a brother doctor, explained the situation to him, and the latter, after a night of hard work, saved him.

After a while he renewed his suit. On graduation day at the High School she was among those who received a diploma.

Early in the afternoon Galloupe called with a diamond ring and urged her to accept as a betrothal. She refused. He declared his intention to die, swallowed twelve grains of morphia and then rushed out. He died in his own home, where he took twenty grains more. He died in an hour.

NO WATER; TOWN AFIRE.

West Virginia Municipality at Mercy of Flames.

HUNTINGTON, W. Va., July 2.—The Adelphia Hotel, located in the centre of the city, is burning. There is not a gallon of water in the city reservoirs and the entire municipality is threatened. The water famine is caused by failure of pumps at the waterworks.

KENOVA, W. Va., July 2.—Wire communication with Huntington has been severed, but the fire can be seen from this point.

Tronton, Ashland, Catlettsburg and Portsmouth were called on for assistance, and a special train started at once to the down-river towns for fire engines.

A line of hose has been laid to the Ohio River, half a mile away.

Reading Strike Ends.

READING, Pa., July 2.—The Reading Railway striking shop hands to-day ratified the agreement between Chairman Boyce and President Baer. It was decided to return to work on Friday morning.

HURRICANE AND FEVER.

Both Devastate South American Ports.

MANAGUA, Nicaragua, June 21.—A hurricane swept the Pacific coast of Nicaragua June 8, doing much damage to houses, especially in the city of Leon.

Steamers refuse to stop at Puntas Arenas, on the Pacific coast of Costa Rica, because of the prevalence of yellow fever.

DR. WELLS WRITES A LETTER CONCERNING PE-RU-NA.

She Says: "Your Wonderful Medicine Has Saved My Daughter from the Grave."

Anna Wells, M. D.

Anna Wells, M. D., writes from the Park Gate Hotel, Chicago, Ill., the following letter to Dr. Hartman concerning his world famous remedy, Peruna:

"I thank you most heartily for the sample bottle of Peruna. I prescribed it for my daughter (Miss E. L. Huston), who sadly needed it, as it had proved. *I was utterly hopeless and discouraged. Nothing we gave her would give her an appetite. A nervous shock received two years ago prostrated her. All the consultations and advices of brother physicians had done no good, until your Peruna was advised.*

"She can now eat heartily of solid foods—she had been, not living, but dying on liquids; sleeps good; was troubled with insomnia; menstruation, easy and comfortable; had suffered from dysmenorrhœa and ovaritis. She is now on the third bottle.

"I wish this letter could reach the whole world for the sake of brother physicians, their patients and the discouraged class who are nobody's patients.

"With all my heart I thank you. Your wonderful medicine has saved my daughter from the grave. I am prescribing it right along for my patients, and find that it soon begins to give relief."—Anna Wells, M. D.

Dr. Wells's daughter, Ethelyn Leslie Huston, was late associate editor of Brann's Iconoclast, and is now on the editorial staff of the Chicago Chronicle. She says:

Ethelyn L. Huston.

"I have used Peruna for nervous exhaustion and lack of appetite. I find it invaluable."—Ethelyn Leslie Huston.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
