Why is the Demand so Great for

DR. MANN'S

AGUE BALSAM?

Because it will, in all cases, safely and effectually cure that much dreaded scourge of the West—Chills, Fever and Ague—without fail, and in cases will counteract the poison of Malaria, of which fact thousands do testify and, unlike all other nostrums, it is only recommended for one class of diseases, and as a tonic it is unsurpassed. We will offer a few evidences of its worth, by men of influence and standing.

Princeton Ill., Sept. 20, 1857.

DR. MANN—DEAR SIR: For several years past I have used your Ague Balsam in my daily practice, and have closely observed its effects in hundreds of cases, and in no case has it failed to produce the most happy effect. I can most cheerfully recommend it as a certain specific for chills, fever and ague, and malarious diseases.

Truly Yours, H. AUSTIN, M. D.

Marshall, Mich. Feb. 11, 1857.

Dr. MANN & CO.: I have sold a large amount of your Ague Balsam in this vicinity, and from my personal knowledge of it. I believe it is the best remedy for chills, fever and ague that has ever been sold in our state. Respectfully Yours,

O. A. HYDE,

Ashtabula, Ohio, January 1st 1858.

MESSRS. S. K. MANN & CO.—*Gents:* In canvassing the States of Ohio and Michigan for the sale of the different remedies of which we are a vendor, our attention has been called to observe the great name that your Ague Balsam has gained for itself in every place where sold. It really seems to be *the peoples' own remedy*, and its sales more rapid than all others. It is destined to supersede all other ague remedies in the market.

Very Truly Yours, A. & S. HENDRY.

New York, Feb. 23, 1858.

MESSRS. S. K. MANN & CO.—*Gents:* I harvest our house in St. Louis sold your Ague Balsam some three years, and have carefully observed its effects in curing, and must in all candor say, I do not believe its equal exists in all the world of medicines. To my personal knowledge it has cured permanently every time, and I have known it used, after all other remedies had been tried in vain, with the most happy result. And what is more remarkable, I have never known a case but what remained cured, for at least that season. I have no hesitation in recommending it as a perfect triumph over chills and fever. Respectfully Yours,

PROF. O. J. WOOD.

Dalley's Magical Pain Extractor.

'n all diseases inflammation more or less predominates—now to allay inflammation strike at the root of disease—hence an immediate cure.

DALLEY'S MAGICAL PAIN EXTRACTOR

and nothing else, will allay inflammation at once, and make a certain cure.

DALLEY'S MAGICAL PAIN EXTRACTOR

will cure the following among a great catalogue of diseases: burns, scalds, cuts, chafes, sore nipples corns, bunions, bruises, sprains, bites, poison, chilblains, blles, scrofula, sores, fever sores, felons ear aches, piles, sore eyes, gout, swellings, rheumatism, scald head, salt rheum, baldness, erysipelas, ringworm, barbers itch, small pox, measles rash, &c., &c.

To some it may appear incredulous that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to the opposite disorder.

DALLEY'S MAGICAL PAIN EXTRACTOR

In its effects magical, because the time is so short between disease and a permanent cure; and it is an extractor, as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, workshop, or manufactory should be for one moment without it.

No pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dalley, Manufacturer.

For sale by all the Druggists and patent medicine dealers throughout the United States and Canadas.

Dr. W., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit which ruins the body and mind, unfitting the unfortunate individual for either business or society.

Have in many cases defied the skill, heretofore, of the best medical practitioners in the world, and many cases have been abandoned as incurable.

Dr. J. WILLIAMS, Chemist and Pharmaceutist, after studying closely the practice of Drs. Abernethy and J. Johnson, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portion of the United States, where it prevails to a greater extent than elsewhere, procured from South America, certain roots and herbs from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more efficacious in the cure of Dyspepsy, than any medicine that has ever been prepared in any age or any clime, for the same purpose.

Having submitted it, with an explanation of its components to a number of Physicians of Philadelphia, among whom were the late Drs. Joseph Harts and J. C. Morton, it has received their entire approval and many of the Medical Faculty are now not only prescribing it for their patients, but are using it themselves personally, and in their families. As a tonic, it is unequalled, and its properties are of so invigorating a nature, that it is given with perfect safety and success to the most tender infants.

The "Elixir" is very gradual, but certain in its action upon the organs of digestion, the increased secretions of the liver, pancreas and mucous membrane of the stomach, and requires that only one dose be taken in twenty-four hours; for confirmed Dyspepsy can only be cured by *gradually* restoring the organs of digestion to a healty state. The great success met with in curing the most aggravated cases of Dyspepsy, accompanied sometimes with a high grade of hypochondriasis, has established the most unbounded confidence in the curative properties of this "Elixir" in corroboration of which read the following testimonials.

ATTESTATION.—We, having used Williams' "Anti-Dyspeptic "Elixir," with the most perfect satisfaction and success, take great pleasure in recommending it to all persons suffering with Dyspepsy, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pains and uneasiness, and imparting a healthy tone to the stomach.—

The list of names could be extended to almost any length but the foregoing is deemed sufficient.

Testimony of H. N. Sperry, who was abandoned as

INCURABLE AND GIVEN UP TO DIE.

DR J. WILLIAMS—*Dear Sir:*—For fifteen years previous to 1854, I suffered so much from Dyspepsy, that I became completely prostrated, both in mind and body, and at length became so weakened, I could not attend to my business, and was sinking into a decline and it was believed I never could recover; the best medical aid was procured for me, and every means resorted to without any relief, till I advised to use your "Elixir," and from the time I began to take it I gradually improved till I was completely restored to health. The dreadful suffering I endured from Dyspepsy I cannot describe; but I am confident that without the use of your "Elixir," I should be in my grave. I assert that I solemnly believe your "Elixir" has saved me from an early death. I continue now in the enjoyment of most excellent health.

H. N. SPERRY.

June 6th, 1857. No. 1104 N. Third Street, Phila.

We, the undersigned, have known Mr. H. F. Sperry for several years, and take pleasure in stating that his assertion can be perfectly relied on, and that we ourselves know that he has been wonderfully restored to health from the brink of the grave, and we believe as he asserts, solely by the use of Dr. Williams 'Elixir.'

JOHN EMERY, Race street above Second.

Personally appeared before me, (one of the Aldermen of the City of Philadelphia,) H. N. Sperry, who being duly affirmed, doth depose and say, that the facts set forth in the above certificate are true in every particular.

Wood's Hair restrative that to-day we are compelled to send to Boston for a quantity; three doz. you forwarded all being sold; while we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers, and the approbation and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is a most valuable preparation.

Send us as soon as may be one gross $1 size; and one dozen $2 size; and believe us yours very respectfully, (Signed) DANIEL LATHORP & Co.

Hickory Grove, St. Charles Co., Mo., Nov. 19, '56.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy, has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp or hair. We are, yours respectfully.

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind. Yours Respectfully,

DANIEL N. MURPHY.

FACULTY.

Profs. S. Alter, P. H. Reinhard, F. C. Mayhew, the latter late of Bartlett's Commercial College, Cincinnati, Ohio.

Lectures on Commercial Law, &c—Hon. Richard W. Thompson; Hon. W. D Gatewold, T. H. Nelson, Esq., Wm. E. McLean, Esq., and others.

The great want of an institution here, in the center of a region embracing a large portion of western and southern Indiana, and eastern Illinois, affording young men all the facilities for qualifying themselves for the business pursuits of life; the proprietors have established the "Prairie City Commercial College," and invested it with the appliances of a first class institution, and desire to call the attention of the public to the following facts:

This institution offers inducements, and presents advantages to young men for acquiring a more thorough, practical commercial education than any similar College in the West, at a cost of tuition about one half less than that charged at Cincinnati, Chicago or St. Louis.

Its instructors have had the advantages of the best commercial institutions in the country, and have been enabled to introduce numerous branches and valuable improvements commensurate with the spirit and progress of the age, and which have never before been introduced into any similar institution in this country.

The science of accounts, &c., in their various forms have been greatly simplified, so as readily to be comprehended and practically applied by persons of quite tender years, and moderate talents and education.

A thorough commercial and business education has become an indispensable requisite to success in business life, and should be obtained before entering for obtaining it at so small an outlay of time and money, it should be made, immediately on leaving school, a part of every young man's "stock in trade"—an investment which will stand the test when all things else perishable shall have failed, in the time of pecuniary adversity—and the best inheritance a father can bestow upon his son.

Its location, in point of eligibility and healthfulness, is scarcely equalled in the West; besides, its commercial advantages, it offers to those public and social vices, attractions, and temptations, to which students are necessarily exposed in larger cities, should be a consideration in the selection of an institution at which parents are willing to entrust the education of their sons.

Students will be received who possess a common school English education, even though they may not have studied beyond the fundamental rules of arithmetic.

A thorough course can be completed in from ten to sixteen weeks, qualifying the student for taking charge of the books of any house, commanding a salary of from $400 to $1500 a year.

Its Board of Trustees, before whom graduates are required to pass an examination to entitle them to a Diploma, are among the most competent and influential professional and business men in the State, and whose names are sufficient to establish it in the confidence of the public.

The course in part, embraces Double-Entry Book-Keeping, as applied to Wholesale, Retail, Professional, Mechanical, Jobbing, Importing, Manufacturing, Commission, Exchange, Banking, Shipping, Steamboating, Railroading, Individual and Compound Business, with Commercial Calculations and Practical and Ornamental Penmanship and Phonography.

Good boarding and lodging can be be procured at from $2,50 to $3,00 per week. Students can enter this College at any time, and the period of instruction is unlimited. ALTER & REINHARD,
