HARVESTER TRUST "BUSTING" SUIT IS BEGUN IN EARNEST

Charges Filed in St. Paul and Subpoenas Issued for May 6.

ST. PAUL, April 30.—Suit against the International Harvester Company, charging it with being a monopoly in restraint of trade and asking that it be dissolved, was filed by the Government in the United States District Court here to-day.

A petition in equity naming seven corporations and eighteen individuals as being the responsible heads of the $120,000,000 Harvester Corporaton, sets forth that the defendant controls a majority of the trade in harvesting machinery in the United States, "to the grave injury to the farmer and the general public." It asks that a receiver be appointed to take charge of the corporation's business, if the court sees fit.

The petition was filed by Assistant District-Attorney J. Mark Dickey. Mr. Dickey appeared in the absence of District-Attorney Charles S. Houpt, who has been in Washington conferring with the Department of Justice concerning the suit.

Another petition was filed, asking asking Judge Charles A. Williard to order the issuance of subpoenas to be returnable May 6, when the corporations and individuals are to enter their appearances. The defendants, Mr. Dickey announced, would have until June 3 to enter their pleadings. Mr. Dickey also stated the trials probably would be set for the October term of court.

The filing of the long contemplated suit against the Harvester Company was the work of only a few minutes. Mr. Dickey, armed with the petition in printed form, which had reached him from Washington the night before, walked into court and handed the document to the clerk. The clerk promptly stamped it and placed it on file. No counsel was present for the Harvester Company.

The petition charges that the combination "in and of itself, as well as each and all the elements composing it, whether corporate or individual," have violated both criminal and civil provisions of the Sherman act.

The bill recites that five manufacturers in 1902 joined to form the "trust," under provisions which should be approved by J. P. Morgan Co.; that stock totalling $3,451,803 was issued to Morgan & Co. "for services rendered, and for legal expenses."

In order to increase its power, the bill contends, the trust sought further monopoly by binding a majority of the retail dealers in the United States, "under penalties not to sell or be interested in" agricultural implements not manufactured by the combination.
