NEW ORLEANS:

SATURDAY MORNING, JULY 3, 1852

The revenue of Pennsylvania derived from tavern licenses last year was $1,830 16.

Gen. Cushing has resigned the office of Mayor of Newburyport.

Many persons are preparing to leave Canada for the Australian gold diggings.

There are 50,88 inmates in the alms-house, hospitals and asylums of New York city, besides about 1100 in the prisons.

A new paper, it is said, is to be started in Boston, to be devoted to the repeal of the Maine Law in Massachusetts.

We copy the following advertisement from the New York Herald: "Lost on Wednesday last, a brindle pup with a switch tail—belonging to Patrick McNeil with his ears slit."

The Corporation of Middletown, Md. is in a bad way—it can't raise a Corporation Constable—no one will consent to serve, in consequence of things the laws remain inactive.

The London Weekly Dispatch states that upwards of £30,000 ($145,500) were lost per week, for fifteen weeks, making no less than $2,282,500, by the recent strike of the English engineers.

Brewer, the peculating teller of the Suffolk Bank, Boston, entered upon his three years' term in the State Prison on Tuesday, and in 225 days. It is now rumored that the defalcations of Brewer and East will be found to be from $600,000 to $800,000.

A young woman, aged twenty-two years of age, name not known, threw herself before the engine of the northern train of cars from Burlington, on Saturday afternoon, the 19th ult. when it was passing through Enfield, N. H. and was instantly killed. She was shockingly mangled. She came from Vermont a few weeks since.

The Plain Dealer, of Glen Cove, Long Island, at which place Mr. Meagher is said to be staying, says, a group of the reward of £2 sterling offered to any one who will arrest that gentleman: "We promise any such individual two strong pounds for approaching this place for any such purpose."

The Canadian Agricultural Fair is to take place at Toronto from the 21st to the 24th of September. The prizes to be awarded will reach $7000, besides the annual grant of $125 for the best bushel of wheat, and $150 for the best horse, 10 hands high, well-topped, round in the barrel and deep in chest, having weight in proportion to his size, and a good traveler.

On Friday morning, says the Kilkenny Moderator, between six and seven o'clock, a heavy shower, which lasted for upwards of twenty minutes, fell over the city and a considerable district adjoining. The rain proved upon examination to have been of an inky blackness, and had all the appearance of being impregnated with soot or charcoal. In the last year of the cholera we were visited by a similar shower, and in the popular superstitious there appeared to be a belief that dreadful disease was largely attributed to the circumstance.

Official Report.

BOARD OF ALDERMEN OF THE CITY OF NEW ORLEANS.

WEDNESDAY, June 30, 1852.

The Board met this day at 6 o'clock p. m.

Present—W. C. C. Claiborne, President pro tem.; Messrs. Burke, Clark, Labatut, Lugenbuhl, Sewell and Stockton.

The following message from the Mayor was read:

MAYORALTY OF NEW ORLEANS,
New Orleans, June 30, 1852.

To the Honorable President and Members of the Board of Aldermen, and of the Board of Assistant Aldermen:

GENTLEMEN—The meeting of your Honorable Bodies this day, in the exigencies of the melancholy news announcing the death of Henry Clay, the statesman and patriot, whose life has been spent in the cause of our common country.

When such patriots pass to the valley of death, it becomes a sacred duty devolved on the living, to pay the last tribute to the memory of the illustrious dead. I therefore trust that your Honorable Bodies will take the necessary measures for that purpose.

With great respect, I have the honor to be,
Your obedient servant,
A. D. CROSSMAN, Mayor.

Mr. Burke moved that the Chair appoint a committee of four, to meet a similar committee from the Board of Assistant Aldermen, and that a preamble and resolutions, relative to the death of Henry Clay, presented by Mr. Clark, be submitted to them.

The Chair appointed on said committee, Messrs. Clark, Burke, Stockton and Labatut.

On motion, the Board took a recess of ten minutes.

The Board having re-assembled, Mr. Clark, as Chairman, presented the following report, preamble and resolutions, and the rules being suspended, they were read twice and unanimously adopted:

The Joint Committee of the Common Council, to whom were referred the preamble and resolutions on the death of Henry Clay, beg leave to submit the same for adoption by their respective bodies:

GEORGE CLARK,
JNO. A. WATKINS,
JAS. STOCKTON,
L. LABATUT,
V. HERMANN,
G. F. SEWELL,
J. M. BURKE,
J. LABATUT.

Resolved, When it was announced to the Council last evening that Death had taken away from America her beloved statesman and patriot HENRY CLAY, there was no immediate adjournment moved that some proper expression of feeling might be given, and—

Resolved, We now moot to record upon our archives that which is already written upon the hearts of all, that HENRY CLAY was a great man—great because he was good, a statesman respected not because of party partialities, but because he narrowed not his mind to any thing less broad than his country, and his whole country—so it is that we mourn his loss as a loss to the American people, and while the Union lists the name of HENRY CLAY shall be hallowed, and may this be for all time, and—

Resolved, It is usual on occasions similar not only to express our sorrow and regret at the death of a great man, but to show some demonstration of respect for his memory, be it therefore—

1. *Resolved by the Common Council of the City of New Orleans*, That they have heard with deep sorrow the death of that sure and patriot HENRY CLAY.

2. *Resolved further*, That as a mark of respect for the memory of the deceased, that Friday, the 2d day of July, be observed as a day of mourning, and the Mayor is hereby requested to order minute guns to be fired on said day from sunrise to sunset.

3. *Resolved*, That the Mayor be requested to issue his proclamation recommending to the citizens generally to suspend all business on the day of mourning.

4. *Resolved further*, That the masters of all vessels in port be requested to hoist their flags at half-mast, and the Mayor is also requested to have the flags of all the public buildings hung at half-mast on the day of mourning.

5. *Resolved further*, That the Secretaries of both Boards of Aldermen be and they are hereby directed to have the respective Council chambers hung in mourning for six months.

6. *Resolved*, That the members of the Common Council wear the usual badge of mourning on the left arm for six months.

7. *Resolved*, That the Mayor be and he is hereby directed to forward a copy of the foregoing preamble and resolutions to the family of the deceased.

On motion the Board adjourned.

CHS. CLAIBORNE, Secretary.

NEW ORLEANS MARKETS.

CRESCENT OFFICE,
Saturday Morning, July 3, 1852.

Our general market presented an unusually quiet appearance during the week just closed, but few articles being in request beyond the small lots necessary to fill pending orders and the requirements of the city trade. The business in Cotton has, however, been limited mainly by want of stock, and prices have not been affected by the dullness. In Tobacco a fair business has been done, but not to the extent of the few preceding weeks. Prices have been very full. Sugar and Molasses are without change in price, but operations have been inconsiderable. Flour has been extremely dull, and prices have hardly been sustained. Provisions have generally been firm but quiet.

The Collins steamer Atlantic has arrived since the date of our last review, and her news was received here on Saturday night last. She brought accounts of a dull Cotton market at Liverpool on the 16th ult., but without reduction in rates. Yesterday morning we published the Africa's accounts from Liverpool to the 19th June reporting sales of Cotton in that market of 51,000 bales for the week ending the day of her departure, and quoting as follows: Fair Orleans, 6¼; Middling Orleans, 5⅝; Fair Upland, 5⅝; and Middling Uplands, 5 1/16 ⅌ lb.

The weather has been very hot during the past week, and has been relieved by only two or three very light showers, until yesterday, when we were visited by a heavy rain of an hour's duration.

COTTON—The Cotton market opened on Saturday with some inquiry, but, with a small amount offering, and high rates, the business was limited to about 250 bales. On Monday about 1800 bales sold, at very full rates for the better qualities, and on Tuesday 1950 were taken, still without notable change in prices. On Wednesday and Thursday together, a business of barely 1200 bales was done, and yesterday about 200 bales were taken—the total sales for the week thus amounting to 5400 bales, taken mostly on English account. The receipts at this port from the 1st of September to date are 1,422,475 bales, against 969,626 to same date last year, and at all the United States ports there is an increase, compared with last year, of 607,607 bales. We still quote as follows, though the rates are nearly nominal:

TOBACCO—The demand opened fair in the Tobacco market but operations during the week have been limited, owing to the light supply of desirable lots, out of the hands of samplers. The sales embrace 1750 hhds, as follows: Saturday 115 hhds; Monday 380; Tuesday 250, Wednesday 380, Thursday 675, and yesterday 250. Prices have been very firm, and for most qualities a slight advance has been realized over our last quotations; we consequently modify our quotations as follows: Lugs 2¾@4; Leaf, Inferior to Common, 4½@4¾; Fair to Fine, 5@5¾; Choice and Selections, 6@7; Mason County, 4@5⅜ ⅌ lb. Among Thursday's sales was a hhd of superior Yellow Banks, which sold at 9½ ⅌ lb; the highest price, we believe, that has been paid in our market during the season.

SUGAR—The supply continues extremely light, and business has been mostly confined to retail lots at our last quotations. The sales of the week probably embrace 400 hhds. We quote: Inferior and Common 3¾@4¼; Good Common, 4⅜@4½; Fair to fully Fair, 4⅞@5⅜; Prime and Choice, 5¼@5½ ⅌ lb.

Week's receipts, 400 hhds and bbls—exports, 47 hhds and bbls.

MOLASSES—Only a moderate business has been transacted in the Molasses market since our last weekly report, and the sales reach barely 700 bbls, including a lot of fermenting Plantation at 20c ⅌ gallon. The ruling rates have been 23@28c ⅌ gallon for ordinary to choice lots of reboiled.

Week's receipts 707 bbls—exports, 63.

FLOUR—Extreme dullness has prevailed during the greater part of the week in the Flour market, and the sales embrace barely 3200 bbls of which 200 were taken yesterday. The opening rates were for Ohio $5 80@5 85 and for Superfine St. Louis $4 25@4 30 ⅌ bbl. Since Wednesday, however, the principal transactions have been at $5 75 ⅌ bbl for Ohio and $4 75@$5 for Extra St. Louis.

Week's receipts, 10,580 bbls—exports, 4710.

GRAIN—The demand for Corn has not been active, but with a light supply early in the week prices were very full, and up to Tuesday evening some 8000 sacks were disposed of at 48@51c ⅌ bushel for mixed and 52@54c for prime yellow and white. Some 10,000 sacks have sold subsequently at 41@44c for inferior to mixed, etc, and 51@55 for mixed and prime yellow, including 500 sacks taken yesterday at these rates.... Oats have slightly fallen off in price, and the later transactions have been at 32c for Indiana, etc, and 34@35c ⅌ bushel for prime St. Louis.... Bran has been rather dull, at a range of 80@85c ⅌ 100 lb.

Week's receipts, 19,450 sacks Corn—exports, 20,000.

PROVISIONS—The Pork market has been quiet, and the sales limited to a few parcels, mostly at $20 50 for round lots of Mess and $21 for small, but including, on Wednesday, 125 bbls uninspected Mess at $20 50, and 100 inspected at $21 ⅌ bbl. We continue to quote M. O. at $18 50@$19, and Prime at $17 75@$18, without and with inspection.... Beef has continued dull, with one or two sales of half bbls Mess at $7. We quote Mess at $14@$14 50 and Prime at $13@$13 50 ⅌ bbl. The stocks of Pork and Beef in the Inspection warehouses on the 1st inst. were as follow:

Pork—Mess.....	bbls. 3521	Beef.	
M. O.....	546	Mess.....	bbls. 139
Uninspected.....	2848	Prime.....	377
Other kinds.....	282	Other kinds.....	156
Total.....	7198	Total.....	712

Bacon has been very firm, owing to the small supply in the market, and Shoulders have advanced. The sales have reached barely 150 casks during the week, at 9¾@10c ⅌ lb for ribbed Sides, 10½c for clear, and 7¾@8¼c for ordinary to prime Shoulders—the outside figure for Shoulders having been reached on Thursday for a lot of 70 casks.... Lard has been very firm, but with only a moderate business, including 200 bbls and tierces at 9¾@9 15-16, 100 tierces No 1 at 9¾; and 500 kegs at 11c ⅌ lb.... Western Butter has been without material change at 11@14 and Cheese at 7@7½c ⅌ lb.

RICE—We have only retail transactions to report, at 4¾@4½c ⅌ lb for Carolina.

WHISKY—The market for this article has been very dull, and the sales confined to a few hundred bbls, at 17c ⅌ gallon for Rectified. At retail the rates have been for Rectified 17½@17½c, and for extra brands 17½@18½c ⅌ gallon.

HEMP—No further transactions have been reported. The last sales were at $8@$8 ⅌ ton for Dew-retted.

GUNNY BAGS—We have not heard of any sales of moment. We quote bales at 8½c.

SALT—The rates from second hands have been $1 for Coarse and $1 25 for Fine, delivered free of drayage. We have no further sales to report from first hands.

COFFEE—The market for this article has partaken of the general dullness, the sales reaching barely 2000 bags Rio at 8¾@9c ⅌ lb for fair to prime lots. A further cargo of 6500 bags has arrived from Rio Janeiro, making the direct imports since September 1st, 322,000 bags, against 210,000 bags, to the same date last year.

BAGGING AND ROPE—The principal sales of the week have been 100 pieces Bagging at 13, and 100 coils Rope at 6c, time with interest.

CANDLES—We have noticed a sale of 200 boxes Star Candles at 10½c, and smaller lots at 10½@10c ⅌ lb.

HAY—Some 900 bales ordinary Western sold during the week at $15 50 ⅌ ton.

LIME—The principal sales from first hands have been 350 bbls Alton at $1 05, 300 at $1 07½, and 400 bbls Union at $1 10 ⅌ bbl. The rates from second hands are $1 20@$1 40 for Western, and $1 65@$1 75 for Rockland, Thomaston, etc.

LEAD—The principal sales of the week have been 1500 pigs Upper Mines at $4 55 ⅌ 100 lb—a decline, caused by the difficulty to procure freights on former conditions.

TALLOW—We hear of no further sales. The last was at 6½c ⅌ lb for city rendered.

LARD OIL—We still quote this article at 80@85c ⅌ gallon for favorite brands.

FREIGHTS—The market has been dull and the engagements few, at ¾d for Cotton, and 50s for Tobacco, to Liverpool. A ship was taken for Havre, on Thursday, at $6 50 for Tobacco. There is no change in Cotswiss.

EXCHANGES—The demand has been fair during the week, and the rates generally firm. We still quote:
