Tourneys Galore Mark Bowling Season's Opening

The tournament bowling season opens to-night for the knights of the ten pin on various alleys in Greater New York. At the White Elephant alleys, the twenty-ninth annual tournament of the American National tournament will get under way with the crack Metropolitan, Bergen and Crotona teams competing. While the American National bowlers are keeping the pin boys busy setting 'em up on the fifth floor of the White Elephant Academy, the Silk League bowlers will be having a battle royal on the fourth floor, where the star bowlers of L. F. Dommerich & Co. and the W. H. Duval Co. for bowling honors.

Up in Harlem at the St. Nicholas Bowling Academy, the elimination tournament of the Knights of Columbus Bowling League will get under way. At Louis Stein's Broadway Arcade alleys, the hundreds of fans that make these popular Broadway drives their headquarters, will be seen in action qualifying for the tourney in the Eastern Individual tournament.

At Billie Cordes Grand Central alleys in Brooklyn, members of the Lawyers Mortgage Bowling League, Northern Insurance League, Robbins Dry Dock and the New York Times League will see that there is not an idle moment on the drives from the drop of the flag until closing time.

Up in the Bronx, at Senators & Reigers University Academy, the Rowdy, Board of Health and O. F. Club members have their work cut out qualifying teams for the University Three Men team tournament which is to open the first of next month. Such judges as Billie Cordes, Joe Thum, Louis Stein, Billie Amann, Maurice Wyman, Phil Lehrbach, Alex Dunbar, Bert Berkman, Ferddie Meier this season looks most promising ever, so far as the number of tournaments and the quality of the bowlers go.

Just to prove that age is no hindrance to a bowler putting up big scores in tournaments or practice, Toddy Cooper, ex-commodore of the Jamaica Bay Yacht Club, who is associated with the brokerage firm of Taylor Bates & Co., engaged John Gengler in a match series at Cordes Grand Central alleys, Brooklyn, last week, and won in a three in five series with an average of over 200. Cordes is pointing Cooper for the Eastern Individual Championship.

Carpentier and Levinsky Put in Strenuous Day

All parties concerned in the big bout between Carpentier and Levinsky, which is to take place in the Jersey City ball park on the night of Oct. 12, had their work cut out for them yesterday.

Tex O'Rourke, of the International Sporting Club, was in the club's offices at No. 110 West 42d Street bright and early in the morning, and several office assistants were with him. The sale of tickets went merrily on, and when Tex finally knocked off for the day he announced that several thousand dollars worth of tickets had been allotted.

"The members have only three more days in which to take advantage of the free ticket offer," said O'Rourke, "We have sent out cards notifying our members of the fact that they are entitled to a ringside seat by merely paying the war tax, but their reservations must be in by midnight on Wednesday, otherwise it will be taken for granted that they cannot use the ticket, and it will be put on sale. So far, however, it looks as if every member wants not only his own ticket, but is anxious to purchase several more."

Jack Frost, President of the Arena, spent the day in the Fallon Building, in Jersey City, taking care of requests for tickets.

Georges Carpentier put in the most strenuous day of his training period at Summit, N. J. The French champion took a long jaunt over the roads of New Jersey in the morning, covering eight miles between breakfast time and luncheon. The afternoon was spent in the gymnasium of the Elks' Club, and the Frenchman punched the bag, shadow boxed, went through a varied series of calisthenics, worked arduously with the exerciser and boxed ten rounds with Joe Jeannette, Marcel Thomas and Italian Joe Gans alternating as sparring partners.

For the first time since he has been sparring here, Carpentier showed he is a good defensive boxer. He warded off blows with apparent ease, and his ducking and side-stepping was a revelation.

Paterson Boxing Fans to See Leonard for First Time.

Paterson fight fans intend giving Benny Leonard, the lightweight champion, a big reception when he appears to keep his twelve-round engagement with Johnny Sheppard, the English battler, at the 8th Regiment Armory Friday night. It will be the first time the Silk City fans will have an opportunity to see the clever Gothamite in action. Messrs. Feinstein and Larkin, who are staging the show, are busy getting things in shape. The balance of the card will present Mel Coogan with Willie Herman, Boyo McCormick, England's light heavyweight king, with Silent Martin, and Terry Davis and Mike Arra.

Your Doctor Asks
One question before all others

You have heard it many times, "Are your bowels functioning regularly?" Before all else, he asks this. Why?

The reason is this: Most human ills result from ineffectual bowel elimination. Medical science for years has taught this truth.

Millions of men and women know it today. They know that to keep well they must keep free from constipation.

Till recent years, however, most people did not know this one thing: Old-fashioned cathartics, slow in action and uncertain of results, endangered health. They took too long to act. They allowed time for the intestinal waste to send its poisons through the body.

A physic must act *promptly* and *completely*. Your physician will tell you this. Time is of vital importance, for germs breed by minutes in a clogged intestinal tract. Poisons quickly enter the blood. They spread with astonishing rapidity. They weaken vitality. They are a common cause of disease.

Constipation brings disease

Coated tongue, lassitude, muddy or eruptive skins are outward signs of constipation. Who knows what serious results may follow? Colds, headaches, rheumatism, kidney troubles, influenza, pneumonia frequently result from improper intestinal elimination.

That is why the waste must be removed at once. A day—even half a day—is too long to wait for results from a physic. Medical science today warns against the old-fashioned, slow-acting type of carthartic.

For safe and *certain* results, physicians everywhere now prescribe a harmless mineral water. This water is known as Pluto. It never fails to give *prompt* and *complete* results. The reason is the minerals it contains.

These minerals soften the waste accumulation. The water helps to flush it gently away. Relief is prompt and complete. The action is pleasant and gentle—entirely free from the griping effects of old-fashioned cathartics.

Know real health

A small amount of Pluto in a tumbler of hot or cold water, and the poisons are soon flushed away. Health is safeguarded, normal activity restored. You feel fit once more.

Every day, more and more men and women are learning the secret of health. You see them everywhere. Happy—smiling. Minds clear. Faces beaming health. Thousands take Pluto Water even when they are not constipated. They know the system needs a periodic cleansing. They keep their health at par this way.

Do this today: Ask at your druggist's for a bottle of Pluto Water. Try it at home. Take it on arising, or before meals. Mark its gentle, harmless action. Note how prompt and complete the results. You will feel like a new person!

Pluto Water is the reliable home laxative—effective both for children and grown-ups. As a laxative take ¼ tumbler of Pluto; as a cathartic, ½ tumbler; as a purgative, ½ tumbler—add hot or cold water to fill glass. Keep Pluto always in your home. Safeguard your family's health. Bottled at French Lick Springs, Indiana. Your physician prescribes it.
