Proclamation

PAR JOSEPH WALKER, GOUVERNEUR DE L'ETAT DE LA LOUISIANE.

BUREAU DE L'EXECUTIF, BATON ROUGE, 2 Août, 1852.

ATTENDU que la Convention, dernièrement assemblée au capitol de l'Etat, en la ville de Baton Rouge, dans le but de changer la Constitution de l'Etat de la Louisiane, a ordonné que: "Immédiatement après l'ajournement de la Convention, le Gouverneur publiera une proclamation dans laquelle il ordonnera aux divers officiers de l'Etat autorisés par la loi à organiser l'élection des membres de l'Assemblée Générale, d'ouvrir un scrutin dans chaque paroisse de l'Etat aux endroits indiqués par la loi, LE PREMIER MARDI DE NOVEMBRE prochain, pour consulter le peuple de l'Etat sur l'adoption ou le rejet de cette Constitution. Il sera du devoir de ces officiers de recevoir le vote, de tous ceux qui, en vertu de l'ancienne Constitution, avaient le droit de voter, et de tous ceux qui le possèdent en vertu de la présente Constitution. Chaque électeur formulera son opinion en déposant dans une boîte disposée à cet effet exclusivement à cet usage un bulletin où seront inscrits ces mots: 'CONSTITUTION ACCEPTEE,' ou ceux-ci: 'CONSTITUTION REJETEE,' ou bien tout autre terme exprimant clairement l'intention de l'électeur. A la clôture de cette élection, qui aura lieu sous toute les rapports comme une élection générale d'Etat, les commissaires qui auront présidé examineront avec soin et compteront tous les bulletins déposés, puis ils en transmettront le résultat au Secrétaire d'Etat conformément aux dispositions de la loi actuelle sur les élections."

En conséquence, j'ai cru convenable de lancer ceci, ma proclamation notifiant les votants légaux de l'Etat de l'ordonnance susdite de la Convention, et de plus ordonnant à tous les Shérifs, Commissaires d'Election et autres officiers que cela concerne, de donner avis au public de la tenue d'une élection, pour ouvrir un scrutin et de voter sur l'acceptation ou le rejet de la Constitution, LE PREMIER MARDI DE NOVEMBRE prochain, comme il est dit plus haut, et que les procédés soient conduits et les retours faits conformément à l'ordonnance et aux dispositions de la loi actuelle sur les Elections.

NEW ORLEANS MARKETS.

CRESCENT OFFICE, }
Saturday Morning, October 30, 1852. }

We have but few changes of moment to report in the transactions in our general market for the week just closed. For Cotton the demand has continued good and prices generally firm. Western produce is still kept back by the condition of the upper rivers, and the business doing in this department with us has been very light. Pork declined early in the week, but with a better demand has latterly shown a degree of firmness. Flour has slightly improved in rates. By the arrival of the Washington and Niagara we have accounts one week later from Europe, the latter steamer having brought dates from Liverpool to the 16th instant. During the week preceding their departure the Cotton Market at Liverpool is represented as having been rather active, the sales reaching 74,100 bales, of which 27,000 were taken for speculation, and 44,000 for export. Prices had advanced about ⅛d, the middling and lower qualities having improved the most, and the quotations closed as follows: Fair Orleans 6⅛d, Middling Orleans 6, Fair Mobile 6¼, Middling Mobile 5⅞, Fair Uplands 6⅛, and Middling Uplands 5¾d ₩ lb. The market closing firmly, and with an upward tendency. The stock on hand at Liverpool on the 15th instant, is stated at 475,000 bales, of which 370,000 were of American descriptions. The next steamer due from Europe is the Baltic, of Collins' American line, which was to have left Liverpool for New York, on the 20th inst. She was to have been followed, on the 23d inst., by the Cunard steamer Africa also for New York direct. Our weather has changed during the week, and has latterly been rainy, with occasional strong winds.

COTTON—We left the Cotton Market, at the close of the last week, with a very animated appearance, the sales of Friday having reached the large amount of 12,000 bales at firm prices. On Saturday several buyers came forward but their operations were not so extensive, the larger proportion of the transactions being for Northern account, and the sales did not exceed 5500 bales, still at firm rates. On Monday there was but little change, and business also being, in a measure, suspended in honor of the memory of Mr. Webster, only about 4000 bales changed hands. On Tuesday, however, the market was again active, and 7500 bales found purchasers at the same range of prices. The demand continued good on Wednesday, when 7000 bales changed hands at steady rates, but on Thursday the favorable accounts by the Washington were published, and induced factors to put up their pretensions. Buyers, however, were not inclined to submit to an advance, and though later in the day factors fell back to previous rates, the demand was only partially revived, and the transactions were limited to 5500 bales. Yesterday morning the Europa's letters came to hand, and were said to have contained but few orders. The market opened, therefore, with little animation, but later in the day an active demand sprang up, and resulted in sales of fully 10,000 bales. The business of the entire week thus sums up 41,500 bales, prices closing firm at our quotations. The receipts of the week have been 47,751 bales, against 35,516 bales for the corresponding period last year, and the total receipts at this port since the 1st September have been 287,076 bales, against 202,976 to the same date last year, showing an increase of 84,100 bales. We quote as follows:

TOBACCO—There has been considerable inquiry in the Tobacco Market during the week, and some large negotiations have been pending, the results of which are yet doubtful. The actual sales reported sum up about 600 hhds. We hear of no material change in prices, though the market has been very firm, and we yet quote: Lugs, 4@6; Leaf, Inferior to Common, 5¾@5½; Fair to Fine, 5¾@6¾; Choice and Selections, 6¾@8¢ ₩ lb. The particulars of sales include 40 hhds at 6, 45 at 5¾, 11 at 6¾, 5 (Selections) at 8, and yesterday 176 at —.

SUGAR—The receipts of Sugar continue to increase, and the article has met with a fair demand in our market. The sales of the week embrace some 600 hhds of the new crop, including, on Saturday, 24 hhds Fair at 4¾, 10 at 5, and 16 Prime at 5⅛¢; on Monday, 36 Inferior at 3½, 12 Fair at 4¾, 20 partly Prime at 5⅛, and 20 Clarified Yellow at 8 11-16¢; on Tuesday, 20 hhds Fair at 4¾, and 10 Clarified at 7¾¢; on Wednesday, 250 hhds at 2½@3¼ for very Inferior to Common, and 4¾@4¾¢ for Fair to Fully Fair, and some 500 hhds since at about Wednesday's range of prices, which, for the present, are our quotations.

Week's receipts, 995 hhds—exports, 146 hhds.

MOLASSES—With an increased supply on the Molasses Market, holders, early in the week, submitted to a decline of 1@2¢ ₩ gallon, a portion of which was subsequently recovered, and up to Tuesday evening about 1600 bbls found purchasers, the rates then closing at 25¾@26¢ ₩ gallon. The sales since embrace about 2000 bbls, making a total for the week of 3600 bbls. The closing price is 26¢ ₩ gallon, at which 600 bbls were taken yesterday.

Week's receipts, 2992 bbls—exports, 641.

FLOUR—The Flour Market was without any improvement during the early part of the week, but with a reduced supply the rates exhibited more firmness on Thursday, the sales up to the evening of that day embracing about 4500 bbls. The transactions were limited mostly to Illinois and St. Louis brands, Ohio being very scarce. The range of prices on Thursday was $4 15@$4 25 for Superfine Illinois and St. Louis, and $4 60@$4 75 ₩ bbl for Extra brands, one or two lots of Extra Choice having sold at $4 87½ ₩ bbl. Yesterday's sales were about 800 bbls at our quotations.

Week's receipts, 7931 bbls—exports, 3920.

GRAIN—The supply of Corn is still limited, but the business of the week has been rather larger than we had occasion to notice in our last weekly review. The sales, including 2506 sacks taken yesterday, embrace some 9000 sacks, at an extreme range of 55@58¢ ₩ bushel for Mixed to Yellow and White, and including some lots of new at 56¢....Oats have been in fair request, and with limited receipts, the rates have been rather firm at 38@40¢ ₩ bushel for St. Louis, the latter rate mostly from store....

We have noticed a sale of 800 sacks Wheat, barely prime, at about 85¢ ₩ bushel.....Bran has further improved, and has latterly been selling at 85@87½¢ ₩ 100 lb.

Week's receipts of Corn, 10,192 sacks—exports, 980.

PROVISIONS—The Provision Market has still shown a downward tendency in the leading articles, and in Pork especially, which declined fully $1 ₩ bbl early in the week, though latterly it has shown rather more firmness. COMMERCIAL SUMMARY.

European Markets—per Europa.

Wright, Gandy & Co.'s Circular.]

Liverpool, October 8.—On the 1st instant, the date of our circular advices per America, our Cotton market was extremely animated, and the business of the day amounted to 15,000 bales, closing at prices in favor of sellers. On Saturday the buying continued spirited, and sales of 12 000 bales were reported, holders obtaining very full rates. Monday's operations were estimated at 15 000 bales, all classes buying with confidence, and in some instances a partial advance in price of current qualities of American was realized. The steamer's advices were considered conflicting in their character, and tended to check the extent of business on Tuesday, as well as to cause a little irregularity in some quarters, the sales being confined to 6000 bales, at prices scarcely so extreme.

Wednesday's transactions were characterized by more firmness, and, with sales of 8000 bales, the market closed steadily. Yesterday the demand was limited to 7000 bales, with offerings more free, at the same time holders acting with confidence, although slight concessions have been made to effect sales in particular instances. Of the sales recorded above, large parcels of other than American descriptions are included, and which have principally engaged the attention of speculators. We continue our last quotations, remarking that the run has been on good staple Cotton of the lower grades, which are now relatively higher in value than the better classes, and with which the early arrivals of the new crop will favorably compete, especially in the absence of a more extended import inquiry.

The total sales of the week amount to 81,750 bales, of which speculators have taken 31,190, and exporters 5060, and include 60 490 American, of which 24,400 are to speculators, and 1270 to exporters

The import for the same time is 24,784 bales, of which 169 are American.

PRICES TO-DAY.

	Fair.	Middling.	Ordinary.
New Orleans	6⅛ to —	5⅞ to 5⅞	4¾ to 5¼
Mobile	6⅛ to —	5⅞ to 5⅞	4¾ to 5¼
Atlantic	6 to —	5¾ to 5⅞	4¾ to 5¼

To-day the market wears a quiet aspect, with estimated sales of 8000 bales, (2000 on speculation and export,) offerings free and prices steady.

The report brought by the Europa of a return of fine weather, in a measure retrieving the injury occasioned by the late storms and floods, giving promise to a yield equal to last season's crop, under which influence, coupled with receipts at the south much in excess of last year, and which caused rates to recede from previous quotations, are causes to which must be attributed the diminished inquiry here for the past few days. Beyond engendering more cautious action, we cannot report any altered feeling, nor do we see how such can well ensue, so long as the same features exist in regard to consumption, stock and supply. The crop question is and must remain open for some time, but as the season advances, and the prospects are more or less favorable, so likewise will the advices by each successive steamer affect our market. We are not so sanguine, however, that a curtailment of supply would enhance the present value in anything like the same ratio that an overabundant production would have a contrary effect.

The last received American accounts have caused buyers of Goods and Yarns in the Manchester market to pause in their operations. The Bombay advices to hand in the early part of the week were, however, considered favorable, and although inactivity at present prevails as far as new engagements are concerned, a large business has transpired, which has placed spinners and manufacturers in a position to maintain their ground with considerable firmness, and in particular instances advanced currency has been established.

A growing feeling that bad harvests in many parts of the Continent will not only curtail our supplies thence, but draw from Black Sea ports much of what usually find its way to this country, has imparted a firm tone to our Grain market, and during the past few days there has been more inquiry for Wheat, resulting in an advance of 1d to 2d ₩ 70 lbs for good qualities of Baltimore and Philadelphia parcels. Flour is also very firmly held at extreme prices for choice brands, while inferior kinds have advanced 3d to 6d ₩ bbl. Indian Corn has been in more request, and is the turn dearer from the store, and floating cargoes continue in demand at very full prices. At to-day's market the attendance was but moderate, but there was a good consumptive demand for Wheat at the advance quoted above. Prime Flour was in request at 6d ₩ bbl advance, and inferior descriptions were also more saleable. Indian Corn sold more readily, and the market generally had a stronger aspect than of late.

TALLOW—Owing to the excitement in the London market little is doing here, and sellers refuse less than 42s 6d ₩ cwt for P. Y. C. No American in stock.

LARD—40 tons realized 68s. ₩ cwt, to which sales are confined in the absence of supply.

RICE—With a diminishing stock and an active demand, prices continue firm at 24s to 26s ₩ cwt, in bond.

OILS—Sales are confined to 40 tons at £86 for Sperm, £90 is now asked. Lard and Whale no stock.

TOBACCO—There has been a fair business done this week at steady prices.

WOOL—There is still considerable inquiry, and rather higher prices are demanded. We cannot quote an advance generally, but any change has been rather in favor of the seller. WRIGHT, GANDY & CO.

LIVERPOOL MARKET—*Liverpool*, October 8.—Messrs. Denniston & Co.'s circular says business in the manufacturing districts was favorable. Yarn goods command full prices. The cotton activity last week was checked on Monday by the Europa's advices—prices favored buyers till Thursday, when the market hardened, and closed the same as the previous Friday. Sales of the week 82,000 bales; speculators took 31,000 bales.

BREADSTUFFS—Moderate arrivals; purchasers have poor assortments warehoused. Flour and Wheat command better prices. Floating cargoes of Corn in steady request. The market on Friday was well attended—prices generally were very full. Western Flour 25s 6d a 26s 6d; Baltimore and Ohio 22s 7d to 22s; white Wheat 6s 6d to 6s 9d; yellow and white Corn 29s 6d to 30s.

FREIGHTS—There has been little or no variation this week in freights from Liverpool to the United States ports. Dead weight has not been plentiful, and no advance can be quoted, though the supply of tonnage continues small.

Havre, Oct. 6.—COTTON—The sales of the week have attained the amount of 12,622 bales, against 718 bales imported from the Brazils and Hayti, so that we remain with a stock on hand of about 39,000 bales, deducting 3500 bales on speculation. The following were the sales effected, viz: 4735 bales New Orleans F 75 to 93; 4368 do Mobile 67 to 79; 2717 do Upland 75 to 85; 335 do Bengal 49; 300 do Cumana do 81; 30 do Pernambuco 100 50; 60 do Kirbagesh 65; 45 do Sea Island, during the month 180 to 290. Boston, October 22.—COTTON—There has been a fair demand with a shade decline from our former quoted prices. The sales of the week comprise 1200 to 1500 bales. We have reduced our last week's quotations ⅛c per lb. on all grades.

Philadelphia, October 22—The foreign advices received last evening have imparted more firmness to the market for Breadstuffs.

There is a moderate export demand for Flour, and 1000 barrels mostly straight brands sold at $4 50 per barrel, which is now the general asking rate. There is a fair inquiry for city consumption within the range of $4 50 to 4 87½ for common and extra brands, as in quality. The market is nearly bare of Rye Flour. 2 to 300 bbls Pennsylvania Corn Meal sold at $3 25 per bbl.

GRAIN—There is a good demand for wheat, and but little offering. Sales of 2 to 3000 bushels at 96 cents per bushel for good Southern red, and $1 05 for old Pennsylvania white. Savannah, October 23.—COTTON—The market was rather dull to-day, the sales being limited to 477 bales, at prices ranging from 8½ to 9⅞c. Prices were easier, though we notice no quotable change.

Baltimore, October 22—TOBACCO—Shippers having bought freely for sometime past, and the season for shipping to Europe being now nearly over, the briskness which has heretofore characterized the market has considerably abated, and prices of some descriptions slightly declined. Frosted and common qualities of Maryland cannot be sold except at a decline of about 25 cts., while good qualities, of which the receipts are small, remain at former rates. The sales comprise a large portion of the receipts within the range of our quotations, viz: Maryland Ground Leaf $3 75a7 50; frosted $3 25a4; inferior $4 25a 5; good common $5a6 50; brown $6 50a7 60; and fine brown $8a9. Ohio tobacco is also in less active demand. The receipts are light and buyers show no inclination to pay former prices. The few sales made have been at a decline. We quote the current rates, viz: Inferior and common Ohio $3 75; good common middling, $4a5; good $5a8 50; fine red $8a9; fine wrappery $10a15; and yellow $10a16. We note small sales of heavy Kentucky at $8a9, for export. The inspections of the week are 808 hhds. Maryland, and 535 hhds. Ohio—total 1348 hhds. The total inspections this year comprise 41,846 hhds. against 30,137 hhds. to the same period last year.

COFFEE—The market has been rather quiet—purchasers generally preferring to await the auction sale of 5,000 bags Rio, announced for the 27th inst. The business of the week foots up about 2000 bags, of which 1700 bags were Rio, at 8⅝a9½c.; and 300 bags Laguayra at 9½c. The imports of the week are 2570 bags Rio per schooner Clara, and 500 bags Laguayra per schooner Nicholaus.

COTTON—We note sales of 450 bales middling to fair upland and gulf at from 10⅛a11½c. six months. The demand is confined to immediate wants of manufacturers, and prices may be quoted ⅛ cent lower than last week. The imports of the week are 408 bales from Charleston and 73 bales from Savannah. Stock on hand about 1400 bales.

GROCERIES.—Yesterday a small lot of common and fair sugar sold at 5a5½c., and 30 good at 6c. Prime and choice held at 6½a6¾c. Sales confined to small parcels from store. Of coffee from 500 to 700 bags have changed hands at 9a9½c., including 200 at the last named price to-day. Light sales of molasses at 28a32c. for common and good Louisiana Sugar-house. G. A. salt selling at $1 20a 1 28 and $1 30; T. I. 28a30c. per sack; Kanawha 25c. per bushel.

WHISKY.—On Monday, 301 bbls. raw sold at 16c.; market bare since, and some inquiry at the close. We quote 16c. as the market price.

PROVISIONS.—On Monday 30 bbls. mess and clear pork sold at $19 and 20. The only lot of lard received went forward. Market for either dull. Of bacon, 50 casks good shoulders from pork-house yesterday, understood to be at 7c.; 5 tierces plain bagged hams to-day at 11c. Ribbed and clear sides du'l at 8a8½c., and 8¼a8¾c. per lb. Markets dull, and prices continue to droop.

HOGS.—A large number of hogs have come in the present week. Although the receipt of hogs from various quarters is much larger than the previous week, yet the highest rates are maintained. Tendency in rates is still upward. Fat hogs by the wagon load have been sold at the advanced rate of $5 75 per 100 lbs.; the average, however, is about $5 60. Market is quite active. It is presumed, after the present rush for hogs by speculators is over, that there will be a falling off from the present high rates.

The Evansville (Ia.) says: We hear of no contracts at Evansville. The opening price will probably be $4 75. Prices have fallen at Cincinnati from what they commenced at. The first contracts were made at $5 50, in view of the great scarcity of corn, but the corn crop looking better now, we understand from a pork man there, prices have become very much reduced. At Louisville, various contracts have been made at $5 net.

FREIGHTS—*To New Orleans from St. Louis.*—Flour 50c. pork and whisky 75c per bbl.; corn 14c. per bushel; oats, bran, bacon, etc., 30c.; lead 25c. per 100 lbs.; hemp $7 50 per ton; tobacco $4 50 per hhd.

THE ONLY TRUE PORTRAIT OF WASHINGTON.—Just published, T. B. WELCH'S MAGNIFICENT PORTRAIT OF WASHINGTON. Engraved (by permission) from Stuart's only original portrait, in the Athenæum, Boston.

This superb picture, engraved under the superintendence of THOMAS SULLY, Esq., the eminent and highly gifted artist, is the only correct likeness of Washington ever published. It has been characterized as the greatest work of art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington, GEORGE WASHINGTON PARK CUSTIS, who says, "It is a faithful representation of the celebrated original," and to CHIEF JUSTICE TANEY of the Supreme Court of the United States, who says: "As a work of art its excellence and beauty must strike every one who sees it; and it is no less happy in its likeness to the Father of his country. It was my good fortune to have seen him in the days of my boyhood, and his whole appearance is yet strongly impressed on my memory. The portrait you have issued appears to me to be an exact likeness, representing perfectly the expression as well as the form and features of the face." And says SENATOR CASS, "It is a life-like representation of the great original." PRESIDENT FILLMORE says, "the work appears to me to have been admirably executed and eminently worthy of the patronage of the public." Says MARCHANT, the eminent portrait painter, and the pupil of Stuart, "your print, to my mind is more remarkable than any other I have seen, for presenting the whole individuality of the original portrait, together with the noble and dignified repose of air and manner, which all who ever saw him considered a marked characteristic of the illustrious man it commemorates."

For the great merits of this picture we would refer every lover of Washington to the letters of the following Artists, Statesmen, Jurists and Scholars accompanying it:

ARTISTS—Sharbant and Elliott, of New York; Neagle, Rothermel, and Lambdin, of Philadelphia; Chester Harding, of Boston; Charles Fraser, of Charleston, S. C.; and to the adopted son of Washington, Hon. Geo. W. P. Custis, himself an artist. STATESMEN—His Excellency Millard Fillmore, Maj. Gen. Winfield Scott, Hon. Geo. M. Dallas, Hon. Wm. R. King, Hon. Daniel Webster, Hon. Lynn Boyd, Hon. Lewis Cass, Hon. Wm. A. Graham, Hon. John P. Kennedy, Hon. R. C. Winthrop, LL. D. JURISTS—Hon. Roger B. Taney, Hon. John Duer, Hon. John McLean, Hon. Rufus Choate. SCHOLARS—Charles Folsom, Esq., the well known Librarian of the Boston Athenæum, who says: "I would rather own it than any painted copy I have ever seen;" E. P. Whipple, Richard Hildreth, Hon. Edw. Everett, LL. D., Jared Sparks, LL. D., Wm. H. Prescott, LL. D., Washington Irving, Ralph W. Emerson, Esq., Prof. T. C. Upham, J. T. Headly, Fitz Green Halleck, H. W. Longfellow, Wm. Gilmore Simms; and FROM EUROPE, Lord Talfourd, T. B. Macaulay, Sir Archibald Alison, Lord Mayor of London, etc., etc., etc. THE PRESS, throughout the entire Union, have with one voice proclaimed the merits of this superb engraving.
