It has been Currently reported!

That in most of the Western cities, the "Town Bell" tolls every day at noon, for the inhabitants to gulp down quinine, as a preventitive of diseases caused by Malaria of the climate. Of course, taking quinine is a contagious habit, and every new settler is supplied with the poisonous drug, and instructed to take it in large quantities, if he would escape the Fever and Ague. Every house has its medicine chest filled with this dangerous stuff, and as regular as the hour comes around, so regular do they gulp it down, as though it were the richest delicacy of the season. Dr. J. Hostetter, a good samaritan of Pittsburgh, knowing the dreadful effects of quinine upon the system, when taken with so much indiscretion, has prepared a compound which has, in all cases in which it has been tried, proved a speedy cure for Fever and Ague, and all other diseases caused by the digestive organs.

The Greatest Natural Ornament

To the "human form divine," is unquestionably a fine, luxuriant, healthy head of hair. It has been so esteemed in all ages of the world, and among all nations, savage and civilized. Hence the Indian brave regards the scalp of his enemy as his greatest trophy. For a similar reason, the fashionable belle often disguises the region of vanity, as well as her other phrenological organs with borrowed locks.

He who should discover a mode of preventing the inroads of envious Time by turning prematurely gray—a method by which it could be restored when falling off or turning white, and way of promoting its continued and luxuriant growth, would justly entitled to rank among the benefactors of the human race. Read the testimonials in another column of the wonderful, not to say almost miraculous effects of Prof. Wood's Hair Restorative, and see if he has not accomplished all this.

Lyon's Magnetic Powders

Will destroy Garden Insects, Cockroaches, Bed Bugs, Fleas, Ants, Moths, and all pests of the Vermin kind.

The importance of a reliable article of this kind is inestimable. In warm weather all nature teems with these annoying foes. This powder is the only article ever discovered which will exterminate them. A company of botanists, from the Horticultural Society of Paris, while amidst the ferns of Asia, observed that all insects lighting upon a certain kind of plant were soon dropped dead. This fact was made use of to guard their night camps from these intruders. Quantities of the plant were brought home by Mr. E. Lyon, and found a positive insect destroyer in every experiment. It is simply a powdered leaf, chemically prepared to resist the effect of age and climate. Medals and Letters Patent have been obtained from the Governments of England, France, Germany and Russia, from the World's Fair, Fairs, and numerous medical and horticultural colleges and societies.

Letter from the President of the United States.

Executive Mansion' Washington, Jan. 31, '58.

MR. EDWARD LYON—Dear Sir: I have the pleasure to inform you that the Royal Commission of the World's Fair, at London, have awarded you a Medal and Certificate for the great value of your Magnetic Powders, for exterminating insects, &c.

MILLARD FILLMORE, Chairman.

The above was accompanied by a certificate from Prince Albert.

It is free from poison.

NEW YORK, October 1, 1858.

MR. E. LYON—Dear Sir: We have analyzed and tested your Magnetic Powders, and find them perfectly harmless to mankind and domestic animals, but certain death when inhaled by bugs, ants and insects.

MESS R. CHILTON, Chemist.
SARANCE REID, Prof. Chemistry, N. Y. Holau

Mr. JOHN L. ROMO, Superintendent New York Hospital, says, "he has expelled all the bugs, ants, roaches, moths, &c., with Lyon's Powder, and finds it of immense value."

Every gardener and housekeeper must have a direct interest in an article of this kind. Reference can be made to the Astor, St. Nicholas, and Metropolitan Hotels; to Judge Meigs, President of the American Institute; James Gordon Bennett, Gen. Winfield Scott, Cyrus W. Field, L. M. Pease, the Five Points Mission, &c., &c. Judge Meigs says "This discovery of Prof. Lyon is of national importance. The Farmers' Club have tested it thoroughly. It will destroy locusts, grass-hoppers, ants, moths, bugs, and all vermin. Garden plants can be preserved, and houses made pure."

Arrangements are now made through Messrs. Burns & Peck, of New York, to have it sold throughout the world. Many worthless imitations are advertised.—Be cautious!

"NEW YORK, Nov. 8, 1858.

"In retiring from business, I have sold all my Insect Powders and Pills, Letters Patent, and the secrets pertaining thereto, to Messrs. Barnes & Park. This Powder is a discovery made by myself, and brought from the interior of Asia, and is unknown to any other persons. The genuine and effective article is put up in tin canisters, and will continue to bear my name. E. LYON."

Rats and mice cannot be reached by a powder, and are killed by a Magnetic Pill. Order them through any merchant.

'Tis Lyon's Powder kills insects in a trice,
But Lyon's Pillsare mixed for rats and mice.

Sample Flasks, 25 cents; regular sizes, 50 cents and $1,00. Follow directions. Use freely and thoroughly.
