COMMERCIAL SUMMARY.

Foreign Markets—per Niagara.

From Brown, Shipley & Co.'s Circular.]

Liverpool, October 15—Cotton—Our last weekly report, to Friday evening, 8th instant, closed quietly, with a partial decline of one-eighth of a penny, to effect sales. Saturday exhibited no change in prices. On Monday the Niagara's advices were received; and, after the merchants' letters had come to hand, more activity prevailed, and the market recovered its tone, with sales of 10,000 bales. On Tuesday purchases were to the same extent, without any falling off in tone. On Wednesday the Pacific's advices further encouraged the demand, and since then a brisk business has been doing, largely on speculation, averaging 15,000 bales daily, of which nearly one-half were on speculation. Prices must be considered to have advanced one-eighth of a penny ℔ lb on last Friday's quotations. The leading houses quote Fair Orleans, 6⅝d; Middling, 6d; Fair Mobile, 6⅜d; Middling do., 5⅞d; Fair Uplands, 6⅛d; Middling, 5¾d; Ordinary, 5½a5¾d; Inferior, 4a5d.

The sales of the week were 74,130 bales, of which 26,210 were on speculation, and 4410 for export. The imports for the week are 18,497 bales, of which only 4078 were American. The stock at Liverpool is 478,000 bales, of which 306,000 American. The market closed firmly.

From a Private Correspondent.]

Liverpool, October 16.—The sales of Cotton for the week ending last evening, foot up 74,000 bales. All grades have slightly advanced; but the improvement is most decided in the middling and lower qualities, which are fully one-eighth higher. We quote Fair Orleans at 6⅛d; Uplands, 6⅛d; Middling Orleans, 6d; Uplands, 5⅞d. Speculators have taken 26,000 bales, and exporters 4000.

Trade in Manchester and the other manufacturing districts has slightly improved during the past week, in consequence of the late favorable advices from India.

Havre, October 15—Sales of Cotton for the week ending 13th, 4775 bales, against 424 bales imports. The stock is 30,000, of which 28,000 are American. Prices firm.

Liverpool, October 15—Corn Market—There has been a more active inquiry for Wheat and Flour, at an improvement on Friday last of 1d to 2d on Wheat, and 1s ℔ bbl on Flour. White Corn is without change. Brown, Shipley & Co.'s quotations are: Western Canal and Canadian Flour, 22s 6d; Philadelphia and Baltimore, 23s; Ohio, 23s 6d; White Wheat, 5s 10d, and Red, 5s 4da5s 11d ℔ 70 lbs; White Indian Corn, 30s, mixed 29s, and yellow 29s 6d ℔ 480 lbs.

Liverpool, October 16.—Western Canal Flour is in better demand, at 22s ℔ bbl; Ohio is worth 22s 6d. Limited transactions are taking place in Yellow Corn at 28s, and White at 30s.

Provisions—There is little doing in either Beef or Pork; Beef, if anything, is a little more firm. Lard maintains its high price. Cheese is wanted.

The following are the quotations of George Dabineck and Wm. Gardner & Co: Prime new Mess Beef 110sa 115s. Pork, Eastern new, ℔ 200 lbs, 74sa77s; Western 70sa75s. Bacon is steady at 48sa49s. Lard 63s; the highest price has been 66s; small sales have been recently made at 62s.

Rice—Carolina is steady at 23s to 25s, with moderate sales.

Sugar—Has been in general and extensive demand for all descriptions. Prices are 6d to 1s dearer.

Tallow—Is in active request to arrive at 42sa43s 6d. No American on hand.

Freights—To the United States have not varied much the past week, but to New York the tendency has been rather downward, but not materially. Steerage passengers are not abundant. Rates to New York, £3a£3 10s.

London Markets—*London*, October 15—Baring Brother's Circular announces that there is increased activity in the colonial and foreign produce market, and higher prices are paid.

Coffee has advanced 1sa2s; common Congo Tea, ¾ald; and Sugar 6da1s. Choice Wheat and Flour are quoted rather higher. Cotton is inactive, at ½d dearer. A very large business has been done in metals. Iron and spelter are again higher. Wool sales are proceeding at an advance of ½dald on former sales.

State of Trade.—The report from Manchester is that there is a good demand for yarns, and certain kinds of cloth—with light stocks and an upward tendency in prices.

In Paris the manufacturers have their hands full, and complain only of a lack of skilled workmen.

The Money Market.—Money continues in demand, but there is no change in the rates of discount. The bullion in the bank is upwards of twenty-two and a half millions sterling. Bar silver is in demand, and has advanced to 5s 0⅜d. New dollars 4s 11¾d. Consols leave off at 100¼ to 110¼.

There is considerable uneasiness on the French Bourse, attributable in part to political prospects.

American Securities.—Baring Brothers report considerable sales of Pennsylvania railroad bonds at 98c; Eastern railroad bonds at 95c, and a small amount of the new Pennsylvania loan at 95c. There was some inquiry for Erie first mortgage bonds. Small sales of Boston city stock at 102c. No change to note in Federal or State stocks, and none of consequence offering.

The British Government Revenue exhibits a remarkable uniformity. We annex an abstract of the nett income for the two years ending October 10:

Domestic Markets.

New York, October 28—Cotton—The sales reported on 'Change yesterday were 600 bales at easy rates. The Niagara's advices are of the tenor anticipated, as they respond to the very unfavorable crop advices transmitted per Pacific, October 2. The accounts subsequently transmitted, to which the next and following steamer will respond, were of a rather different character, and backed by large receipts and advice of very heavy exports to Great Britain, will quiet the uneasy feeling in England as to a scarcity of Cotton.

The market is heavy for Beef, and the transactions are quite moderate at $9a9 50 for Country Mess, and $4 75a5 for do. Prime. There is nothing doing in old. Prime Mess Beef remains as last noticed.

For Beef Hams there is a good demand, with sales of small parcels at $16.

In Lard there is only a retail business doing at 11⅛a 11⅜ for old, and 11⅝a11¾c for new.

Stocks, etc.—There was a moderate business only at the Board this morning. Erie Railroad and Cumberland Coal Company declined ¼, and Nicaragua Transit and Morris Canal Company ½. New Jersey Zinc and Bank of Commerce closed as at the first Board yesterday. Norwich and Worcester Railroad improved ¼; Delaware and Hudson ⅝; North American Trust Company ⅞, and Long Island Railroad 1½.

In bonds there was a considerable business. United States fives of 1865 brought 108¾a109. There were no sales of sixes. Those of 1867 are quoted at 119¼. A small lot of Virginia sixes brought 111⅛. Sales of Pennsylvania fives, old issue, at 95a94¾, and of Indiana two and a half ℔ cents, at 60. Erie income and convertible bonds of 1862 were sold at 98½, and convertibles of 1871 at 97½, an advance of ¼a½ since yesterday morning. Sales of Hudson River, first mortgage, at 107¾; second at 105, and convertibles at 95a94½, and of New York and New Haven bonds of 1860 at 108¼.

Philadelphia, October 28.—The foreign advices published in yesterday's Bulletin have caused a better feeling in the market for Breadstuffs and Cotton, and prices are firmer. There is a good demand for Flour for shipment, and 7 to 800 bbls mixed and good brands sold at $4 56¼a4 62½ ℔ bbl, now held firmly at the latter quotation. There is a good demand for city consumption within the range of $4 62½a5 for common and extra.

Rye Flour is steady at $4....Corn Meal is more inquired after—500 bbls Pennsylvania sold at $3 25 per barrel.

Grain—There is an active demand for Wheat, and prices have further advanced—sales of 6 to 7000 bushels at $1 09 ℔ bushel for prime old Pennsylvania White, and $1 for Red.

Corn—Is dull and lower—2000 bushels Yellow sold at 73c afloat, and some White at 70c.

Oats—3000 to 4000 bushels Southern Oats have sold at 37½a38c.

Whisky—Is scarce, and sells at 25c in barrels, and 24½c in hhds.

Baltimore, October 28.—The news by the steamers Washington and Niagara, showing an advance in the European market, has had a favorable effect upon the Flour market here. Inquiry was making for both Howard street and City Mills Flour, but we could not hear of any sales. This morning a few hundred bbls of Howard street Flour were offered at $4 56¼, and refused; subsequently $4 56¼ was offered by a buyer, and refused by the holder, $4 62½ being demanded. The attendance on 'Change to-day was very small, which may, perhaps, be the reason why so little business was done.

Mobile, November 2—Cotton—The market has become nearly bare of stock, and, in consequence, the sales are limited to some 700 bales. Prices are very stiff, but cannot be raised above 9½c.

Bacon—We note sales of about 20 casks Sides at 8½ to 8¾c. Shoulders nominal at last figures.

The following testimonials are submitted with confidence. They will show at least in what estimation his professional qualifications are held by some of the most distinguished medical men in the country.

Rich's Safes Unrivaled.
Edgefield Court-house, S. C., August 9, 1852.
Messrs. STEARNS & MARVIN, Successors to Rich & Co., No. 146 Water street, New York: Gentlemen—It is with great pleasure we have to inform you that at the great fire which consumed our store and three others, also the jail, we preserved all our books and papers in one of your SALAMANDER SAFES, purchased from your agent in Charleston, Mr. L. M. Hatch. The stores were built of pitch pine, and the heat was truly terrific. The crowd present ridiculed the idea of any thing standing such a fire; yet we never lost confidence in the Safe. Upon opening it next day, in the presence of those who witnessed the fire, the greatest astonishment prevailed when they saw everything inside the Safe perfect and without a stain, except what arose from the salamander.
We shall call upon you next month to select another safe, and remain,
Yours, respectfully, WILLIAMS & CHRISTIE.
The foregoing letter demonstrates the wonderful capacity of RICH & CO.'S SAFES to resist fire; and when it is considered that this ALONE, among many articles represented to be SAFES, protected its contents in either of the recent great fires in Peoria, New York; Chillicothe, Ohio; Wetumpka, Ala.; Rodney, Miss., and Edgefield, S. C., it must be admitted that the cost (ESPECIALLY SINCE THE REDUCTION OF PRICES) bears no proportion to the value of such a reliable depository for books, papers, jewelry, money, and other small but valuable articles. The subscriber, sole agent in this city of the manufacturers, has for sale a large stock and good assortment of RICH & CO.'S SALAMANDER SAFES, and is prepared to prove, by the testimony of several of the most respectable merchants in this and other cities, that entire confidence can be placed in the article under any circumstances. ISAAC BRIDGE,

World's Safe Company.
THE attention of the public is called to the utility and superiority of these Safes over all others. Our Safes are made on an entire new principle. We first form a case or rack strongly made from wrought iron plates or bars, around which a composition of cast-iron is run, chilling the liquid metal, and making it impregnable to the chisel or drill, and capable of resisting the blows of the sledge. To the scientific, it is only necessary to say, "Nature — an Mechanic," she leaves no bolts or straps, rivets or screws, for the incisions burglar to remove, with perhaps less effort than was required to put them together. Neither can the burning element make an impression on the solid mass, lined as it is with a fire-proof wall.
We hesitate not in saying, that these Safes, secured with LILLIE'S EMPIRE DRILL AND POWDER PROOF COMBINATION BANK LOCKS, are the only really secure depository for money or other valuables. We say further, there is but little security in any of the popular Safes or Bank Vaults now in use. They are all the work of mechanics, often broken into, as experience has demonstrated.
This Company is now prepared to furnish at short notice SAFES and BANK VAULTS, of various sizes, for Banking Institutions, Mercantile Firms and Individuals—all of which will be warranted Drill and Powder Proof, when secured with Lillie's Bank Locks.
A sample of the above Safes and Locks, together with Day & Newell's Parautoptic Bank Lock, can be seen at the office of W. W. Waters, No. 11 Camp st. feb14 1y L. C. PETTIBES, Agent, 33 Camp street.

Caution.
PERSONS RUPTURED should be aware that they have no security against STRANGULATED HERNIA, with all its horrors, but in a properly constructed and well adapted TRUSS.
Sherman's New Patent Truss
AND
RUPTURE REMEDY
WILL EFFECT
A PERMANENT CURE.
This TRUSS is ENTIRELY DIFFERENT FROM ALL OTHERS in form and principle of action, consequently, effects possessing ALL THE ADVANTAGES, while it is free from the objections attributed to the various kinds heretofore in use. The pressure is MORE NATURAL, being comparatively light in bad Ruptures; can be regulated and brought to bear directly over the hernial openings, thereby affording security at all times, even under the most violent exercise. By its use, when fitted by the proprietor, or a skilful surgeon, the wearer is placed beyond the danger of Strangulation, or any other painful or dangerous symptoms, which is not infrequent in the use of other Trusses. It is a very common practice for persons afflicted with Hernia to select a Truss and apply it to themselves. It is a bad and dangerous practice, which cannot be seen only by those who understand Anatomy, and are familiar with the nature of Ruptures. Let it be remembered that the best Truss may be injurious, if it does not suit the form of Rupture applied to, and is not properly fitted. Therefore, I have concluded to form NO AGENCIES, but to sell and apply the Truss ONLY at my office, 10 St. Charles street, New Orleans.
