A Voice from Ohio.

Correspondence of the Ohio State Journal.

LEBANON, August 28, 1847.

DEAR SIR: We have just closed an interesting Whig meeting—Gov. MORROW presided. Mr. STEVENSON, of the Cincinnati Atlas, addressed the meeting in the morning, in an able, earnest speech, which made a strong impression upon the audience. After the close of Mr. STEVENSON'S speech, the meeting adjourned for dinner.

In the evening Hon. R. SCHENCK, in an interesting and impressive speech of more than two hours, gave an account of his stewardship, and the proceedings of Congress upon the war bills. He was followed by Mr. CORWIN, in a most impassioned and eloquent address upon the war and its consequences, and the duties of the people of the United States in reference to the war.

I have had the pleasure of hearing Mr. Corwin frequently, but never did I hear come from his lips anything that excelled this speech. His bold, eloquent and burning exposition of the wickedness of the war, and the horrors which are attendant upon its prosecution, has not been exceeded by any speech which he ever made. His appeal to the people to arise in their might and arrest the mad and wicked policy which has plunged the nation into this war of aggression, invasion and conquest, moved all hearts.

I refer you to the Resolutions which were enthusiastically adopted, for the sentiments of the Whigs of Warren and the adjoining Counties which were represented at this meeting. These Resolutions, I believe, speak the sentiments of the Whigs of Ohio, and I trust you will give them your hearty endorsement. It is time that the Whigs of other States should know where the Whigs of Ohio stand. The Whigs of Warren and the adjoining Counties which were represented in this meeting, have inscribed these principles upon their banners. We ask a response from the Whigs of every County in the State. We appeal to every Whig paper in Ohio to unfurl its banner with the inscription of NO ACQUISITION OF TERRITORY—NO EXTENSION OF SLAVERY—NO FARTHER PROSECUTION OF THIS INFAMOUS WAR. Yours, &c.

The following are the Resolutions adopted at the above meeting:

1. *Resolved*, That the usurpations of power by the President of the United States, and the wanton abuse by his Administration of sound moral and political principles, have involved the country in an alarming crisis, which threatens the permanency of our National Union, and the perpetuity of our republican institutions.

2. *Resolved*, In the language of Henry Clay, in his letter on the Annexation of Texas, "That we regard all wars as great calamities, to be avoided if possible, and honorable peace as the wisest and truest policy of the country. What the United States most need are Union, Peace and Patience."

3. *Resolved*, That we view the existing War with Mexico as the result of a most flagrant violation of the Constitution by the Executive—uncalled for by the true interest or honor of the country; disastrous, both in its immediate and ultimate consequences, to the best interests of the nation, and it must arrest and terminate in a question which must distract and dissever the Union.

4. *Resolved*, That we regard the Annexation of Texas the *primary* cause of the war, and the march of the army from Corpus Christi to the Rio Grande as the *immediate* cause, and adopting the language of Senator Benton, we denounce it, 1st "As an unjust war. 2d That it is a war unconstitutionally made. 3d. That it is a war upon a weak and groundless pretext."

5. *Resolved*, That the predictions of Whig statesmen that the Annexation of Texas would involve us in war, and would be the precursor of further attempts for the acquisition of territory, are fully verified by the war and the efforts of the party in power to acquire by conquest a part, if not the whole of the Mexican Empire.

6. *Resolved*, That we solemnly declare to the world that from high moral principles, as well as from our views of sound National Policy, we are unchangeably opposed to the annexation of any territory to this Union, either directly by conquest, or indirectly as a payment of the expenses of the war; but, if additional territory be forced upon us, we will demand that "there shall neither be slavery nor involuntary servitude therein, otherwise than for the punishment of crimes."

7. *Resolved*, That we are opposed to an improper interference with the question of Slavery where it constitutionally exists, yet we solemnly protest against its farther extension.

8. *Resolved*, That inasmuch as the war with Mexico was commenced in violation of law and without any adequate cause—is conducted at a vast sacrifice of human life and an enormous expenditure of the National Treasure—and promises nothing favorable to our country's true glory and prosperity, we regard it as the imperative duty of the next Congress to adopt summary measures to restore peace by requiring the President "to call home our armies and bring them at once within our own acknowledged limits" "Conquer your insane love of glory and you will conquer a peace."

9. *Resolved*, That we have abiding faith in the cardinal principles and measures contended for by the Whig party in the contests of 1840 and 1844—Protection to American Industry—A Sound and Uniform Currency—Internal Improvements—Opposition to the Sub-Treasury Scheme, and Eternal Resistance to Executive Usurpations.

SUPERIOR COURT.—This Court opened yesterday, and adjourned to Monday next.

SUPREME COURT.—In the General Term Court Judge McCoun will sit to-day, instead of Judge Edwards, it being his term. Twenty-one applications were made for admission as counsellors and attorneys, and an examination held in the afternoon.

The order of business for the Special Term will be, first, *ex parte* motions, then one hour will be devoted to the hearing of practice motions. The Calendar will not be taken up till all the above are over.

COURT OF COMMON PLEAS—Before Judge Daly—*Albert Beach* vs. *Samuel Hammond*—The parties are watch-markers, Mr. B. keeping in Chatham square and Mr. H. in the Exchange. Mr. B. took a small gold hunting watch, said to be a "Cooper watch," one day to the store of Mr. H. and asked him the value of it. Mr. H. said the watch belonged to him, that he bought about 2 years before from Mr. B. himself; gave it to a man named Mortimer, in his employ to repair, who never returned it, but went off to New-Orleans. Mr. H. refused to let Mr. B. have the watch again, who claimed to have bought it from the same person he formerly did. The present is an action of trover to recover the value.—Verdict for plaintiff $85—For plff. Mr. C. S. Roe.—For defdt. Mr. T. Warner and Mr. T. J. Sparks.

IN Chambers—Before Judge Ulshoeffer—A minor, named George Young, an apprentice to the hat finishing business, who had enlisted, was brought up on an application of his counsel, Mr. D. B. Taylor, and his discharge asked. After the hearing of testimony the application was granted.

The District Court will meet this forenoon.

COMMERCIAL AND MONEY MATTERS.

For Sales of Stocks, &c. see Fourth Page.

MONDAY, P. M.

The Stock Market was not very active to day, and the fancies were generally without much change, excepting Harlem, which has fluctuated materially, being completely in the hands of the bulls. Treasury Notes were heavy, and sold at 2¼ per cent. The supply is not large, but the small holders are obliged to sell.

In Bills there is not much doing, but rates are steady. Sterling sj@9, with no sales over 8¼. France 5.27¼.

The Freight Market is very quiet, but at present low rates shipowners are not anxious to engage. It is easy to ship Flour at 18d.

The receipts of the Long Island Railroad from local fares and freights were

For August, 1847	$21 874
For August, 1846	17 488
Gain in 1847	$4,386

—equal to 25 per cent. 3,054 passengers were conveyed upon the road in August.

The following are the comparative local receipts from 1st April to 31st August, inclusive:

	1846.	1847.		1846.	1847.
April	$7,897	$9,805	July	13,606	17,137
May	8,096	11,856	August	17,488	21,874
June	11,185	12,322			
Totals				$58,362	$72,994

Excess in 1847, $14,632—equal to 25 per cent. The running expenses of the road have been considerably reduced. The rates of passenger fare upon this road are very low—lower than any other road, excepting, perhaps, the Harlem.

The amount of goods entered at the Custom-House exclusive of those sent to the warehouse, and the amount of duties paid during the first three days of September are as follows, compared with last year:

	1846.	1847.	Increase.	Decr'se.

—Increase, as compared with last year, about 55 per ct

The Old Colony Railroad is doing an excellent business. The receipts of the last four weeks show an increase of more than 40 per cent. over those of the corresponding period of last year, viz:

Receipts for 4 weeks ending Aug. 28, 1847	$16,654 32
Receipts for 4 weeks ending Aug 28, 1846	11,774 85
Increase	$4,879 47

The following statement shows the Revenue of Philadelphia since 1st January, 1847;

Increase in favor of 1847	$299,040 55	

The receipts of the Utica and Schenectady Railroad for the month of August are stated to be $80,000.

At Buffalo there is not much demand for money, and the market is comparatively easy. The amount of uncurrent funds afloat is almost exclusively confined to Canada, which is abundant, very little Western being in circulation. Exchange is firm at ¼ ⅝ cent.

The exports of Cotton and Rice from Charleston from 1st September, 1846, to 31st August, 1847, have been as follows as compared with the previous years:

Markets....*Carefully reported for The Tribune.*

MONDAY, Sept. 6

ASHES—The market for Pearls is lower. They are offered at $7 50 without buyers. Pots are $5 25, steady. Sales 100 bbls Pots.

COTTON—The sales to-day have been about 1,000 bales without change in prices from Saturday. Exporters for the Continent continue to be the chief operators.

FLOUR AND MEAL—The demand was moderate in the morning, but before the close there was a better inquiry sprung up, and the sales add up to considerable extent. The quotations are without marked change, but the tendency of the market is downward, and in the afternoon there were more sellers than buyers. We quote to-day, mixed Michigan and Ohio $5 25@5 37½; strait good brands and Oswego $5 50; Genesee, fresh ground $5 62½; and of new wheat, $5 75. The aggregate sales are 5,000 or 6,000 bbls, including 2,500 bbls Oswego at $5 50, and 500 do. Troy made from new wheat, at $5 75. The demand was mainly from the East. Round hoop is $5 50@5 75, according to condition. Considerable Flour is now coming forward from Canada, under bond, for export from New-York. The low rates of freight to Liverpool from this port, compared with the rates from Montreal, enables Canadian shippers to send their Flour via Oswego and this port almost 50 cents per barrel cheaper than via Montreal. We know of one parcel of 5,000 bbls now *en route*. This condition of things operates very favorably for our public works and carrying companies. In Southern descriptions there is little or nothing doing. New Georgetown, Richmond, &c. is held at $6 25, with little or none here. Meal is quiet. Sales 500 bbls State on private terms. Rye Flour $4@4 25 quiet.

GRAIN—The samples of new Wheat thus far shown from the West are unexceptionable. The grain is plump and the color good. The crop, in quality at least, promises to be as good as we have ever had. The sales to-day are confined to 1,000 or 1,500 bushels White seed Wheat at 137@150 cts. A parcel of new Southern was in the market but not sold. Corn is without particular change and in fair demand from the East. Mixed is 67@68 cts, nearly Yellow 69@70; Yellow, 70@71; White, 71@73. The sales reach 25 to 30,000 bushels at the above figures, including 4,000 bushels heated at 65@65½ cts. Among the sales were 5,000 bushels White. A sale of 3,000 bushels mixed, for all the month, was made at 65 cts. Rye is dull, and 3,000 bushels sold at 85 cts. Nothing doing in Barley. A few small lots are now appeared. Oats are 44@46 for old and rather dull. About 300 bbls White Beans have been sold at $1@1 25, according to quality.

WHISKY—The market is heavy with sales small parcel bbls at 27@28 cts. A lot of 300 changed hands on private terms.

HIDES—A parcel of Spanish Main, 3,100, sold at about previous rates.

BONE—Sales 21,000 lbs' North west at 33½, which is a farther advance.

LEAD—The market is $4@4 12½, cash, with sales 1,500 pigs.

IRON—Sales of Scotch Pig have been made from ship at $34, 6 mos. American is $32 50, and $35 for Anthracite and Charcoal, and scarce. Blooms, $50. English Bars are $65@67 50.

PROVISIONS—There has been but little movement in Pork or Beef to day, and the former is heavy, offered at $11 75 and $14 75. A sale of Prime Beef was made at $8 25. Lard continues in fair request with sales 200 bbls at 10¼@10¼, and 400 kegs at 11¼. Butter is rather heavy and can be bought about 1c per lb cheaper than two weeks since. We quote 11@13 for Ohio, 12@16 for State. Cheese is 6¼@8 for extremes and not active. A sale of 65 bbls Shoulders was made at 6¾, and 31 do. Hams at 7¼ cts.

FEATHERS—Sales 4,500 lbs prime Live Geese at 32c

GINSENG—We notice sales 2,000 lbs at 33c, cash.

OIL CAKE—A parcel of thick, 40 tons, sold at $21 25, cash.

GENTLEMEN'S HATS.

FALL FASHION—1847.

BEEBE & COSTAR, HATTERS,

136 BROADWAY, NEW-YORK, AND

138 CHESNUT-ST. PHILADELPHIA, WILL PRESENT THE FALL FASHION FOR GENTLEMEN'S HATS.

On Saturday, August 28, 1847.

☞ **Upon issuing the Fashion for the season,** B. & C. beg leave to say that it is their intention to introduce a style of hat altogether superior to any before offered.

They have adopted an entirely new and unique mode of trimming, which, combining in the highest degree elegance of finish and durability, tends materially toward the preservation of the hat.

Another improvement will be the strict adaptation of every hat as well to the features as to the form and size of the wearer, thereby avoiding the apparent incongruity of a large and tall man with a diminutive hat, and vice versa.

BEEBE & COSTAR will present on this occasion, beside their well-known superior Moleskin Hat, a Black Fur Hat, of the Rocky Mountain beaver, a superior article, which will be sold at their regular standard price.

They would respectfully invite attention to the branch of their establishment, 138 Chesnut-st. Philadelphia, which will be opened on the 28th inst. in a style corresponding with their house in New-York, with a superior stock of goods, and with the avowed object of furnishing a better hat for the price than can be found elsewhere. There will always be found at both places a full and complete assortment of hats and caps for gents, youths and children, together with ladies' riding hats and caps, and a variety of fancy goods appertaining to the trade, such as canes, umbrellas, gloves, brushes, and other articles for the toilet.

The facilities afforded them by a ready and frequent intercourse with the cities of Paris and London, together with the recent improvement which they have effected in the construction and use of machinery, will enable them to offer goods of the most desirable fashion and fabrication at the very lowest market prices, either at wholesale or retail.
