COMMERCIAL SUMMARY.

New York Dry Goods Market.

NEW YORK, November 6—FOREIGN DRY GOODS—We have a dull week's business to report, for the Autumn sales have, literally speaking, almost closed. The reports from the other side of the water have stiffened prices here, and some goods adapted to the Spring Clothing trade have been sold at better rates than they would have commanded a few months since. But as a general thing, trade is exceedingly dull. The Presidential election takes place this day, and although no wonderful excitement is manifested, still it has its effect on business, and diverts the commercial interest for a time. The imports have been small and the demand large, consequently prices have been better than ordinary during the past season. The importers will now take their inventories and prepare for the Spring trade. A failure took place last week in Boston, which rather tends to impair confidence, especially at a time when money is so easy.

Importers generally are disposed to hold the small stocks they have on hand, at firm rates, as all the accounts from abroad represent prices as constantly on the advance, with no prospect of lower rates for some time to come.

The last news from California represents trade there as active and profitable, and orders for Blankets and various goods are quite large. The remittances from that quarter are large and satisfactory, and confidence in that region is much increased.

With our jobbers business is good; trade with the interior is brisk for this late stage of the season—every thing seems to be on the advance, and it is supposed that the Spring trade will open early.

The stocks of British Goods have been sold very low indeed—the balance on hand will suffer no depreciation from the fresh goods to arrive; and the same may be said of French Goods—a demand for some of which for the city trade is quite beyond the supply—such as Velvets, Ribbons, etc.

After the excitement of the Presidential election, a demand for goods, for the near-by trade will revive, and continue until the close of navigation by snow and ice.

DOMESTIC DRY GOODS—The Dry Goods Trade during the past week has continued active. Prices are firm at former rates, especially Heavy Cottons, which have a still further upward tendency. The collections from the country continue satisfactory, and business generally is in a very wholesome condition. The exports of Domestic Cottons from this to foreign ports during the week ending Nov. 1, have been as follows:

	Packages.	Value.
To Hayti	64	$4041
To New Granada	309	16685
To Mexico	2	329
Total	475	$21,055

The supplies of Brown Sheetings and Shirtings are moderate, and the demand is active. Heavy Sheetings are firm at former rates. The export demand and for home consumption are sufficient to keep the stock from accumulating.

There is a steady business doing in Bleached Sheetings and Shirtings. The market is well supplied with all descriptions, but not so as to affect prices.

There is an increased demand for Brown Drills for home consumption and for export, and prices rule firmer. Bleached and Blues are also selling freely at full prices.

The desirable styles of Prints continue to sell freely at former rates. Old and inferior goods, although not in so much request, are going off moderately at the usual prices of such goods.

Denims are quick and without change. Stocks are increasing, and the trade do not take many goods at present prices.

The demand for Osnaburgs is limited, and stocks are accumulating on the market.

Ticks are sold up close, and prices are firm at former rates.

Stripes are scarce and prices firm. We have no change to notice since our last report.

Jeans are quiet, with a good stock in the market. Prices are unchanged.

Few Cotton Flannels can now be obtained, unless at extreme rates, the stock in market not being sufficiently heavy to meet the wants of the trade.

The supplies of Ginghams are, as usual, limited. The Glasgow and Lancaster Companies are selling at 10½c, and the Manchester Company at 10. Chambrays are without change.

The Cloths in the market embrace, as usual, a full assortment of all descriptions. The inquiry is somewhat limited, and the asking rates are unchanged.

Fancy Cassimeres are selling in small lots at previous rates. Blacks are as formerly noticed. Satinets are rather quiet.

Good styles of Flannels are scarce, and held firm at former prices.

Sales of Prints [illegible] 4500 pieces at 3½c for 40 and 5¼c for 68x72.

MINT OF THE UNITED STATES.—We have received the October statement of the [illegible] the United States at Philadelphia. The total amount [illegible] struck during the month was 3,637,216, of which [illegible] were gold; 350,000 silver; 2,066,380 three cent pieces and 121,200

Of the gold bullion deposited in October, 1852, $4,065,000 was from California, and $75,000 from other sources. The whole deposits of California gold for the ten months of the year were $39,8[illegible],575.

CALIFORNIA GOLD.—The following table will show the shipments of gold from San Francisco for the quarter ending the 30th of September, 1852. It is not inclusive of the amount carried by the steamer of the 1st of October, $2,272,560.

July	$4,515,480 of which to Europe			$535,457
August	1,591,577	do.	do.	209,489
September	3,963,471	do.	do.	670,724
Total	$10,070,528			$1,415,670

To the above should be added an estimate for amounts taken by passengers, and not entered on the manifest.

The coinage at the United States Mint at Philadelphia for October was $3,787,192 50, and the deposits of gold $4,140,000, all but $75,000 from California. The gold deposits for the nine months of 1852 amount to $40,439,[illegible], against $36,795,536 in the corresponding months of 1851.

THREE CENT PIECES.—The Philadelphia Ledger says of the operations of the Mint during the last month:

"The manufacture of three cent pieces has been immense—2,066,380 pieces were coined, representing in value $60,000. Last month, the coinage of this very convenient little piece was over a million and a half, and the amount then was thought to be immense. Large as this supply is, it does not exceed the demand. The Treasurer has now but a few on hand."

SAVANNAH, November 6—COTTON—There was an active demand yesterday, which resulted in the sale of 1908 bales, at the following rates, viz: 5 at 7¾, 12 at 8, 47 at 8¾, 56 at 8¾, 66 at 9, 8 at 9⅛, 152 at 9¼, 82 at 9 5-16, 231 at 9¼, 1011 at 9⅜, 7 at 9 9-16, 145 at 9¾, 26 at 9⅞, 7 at 10⅛, and 8 at 11 cents. Prices were slightly in favor of buyers.

Mobile, November 9—COTTON—The inquiry to-day was fair, and resulted in sales of some 1200 bales at yesterday's prices—Middling 9¾c.

World's Safe Company.

THE attention of the public is called to the utility and superiority of these Safes over all others. Our Safes are made on an entire new principle. We first form a case or rack strongly made from wrought iron plates or bars, around which a casing is filled in with [illegible], making it impossible to the chisel or drill, and capable of resisting the blowpipe. To the scientific, it is only necessary to say, "Nature's own Mechanic," she leaves no bolts or straps, rivets or screws, for the burglar to remove, with perhaps less effort than was required to put them together. Neither can the burning element make an impression on the solid mass, lined as it is with a fire-proof wall.

We hesitate not in saying, that these Safes, secured with LILLIE'S EMPIRE DRILL AND POWDER PROOF COMBINATION BANK LOCKS, are the only really secure depository for money or other valuables. We say further, there is but little security in any of the popular Safes or Bank Vaults now in use. They are all the work of mechanism, often broken into, as experience has demonstrated.

This Company is now prepared to furnish against notice SAFES and BANK VAULTS, of various sizes, for Banking Institutions, Mercantile Firms and Individuals—all of which will be warranted Drill and Powder Proof, when secured with Lillie's Bank Locks.

A sample of the above Safes and Locks, together with Day & Newell's Parautoptic Bank Lock, can be seen at the office of W. W. WHITE, No. 11 Camp street. [illegible] L. C. PETTIER, Agent, 25 Camp street.

THE ONLY TRUE PORTRAIT OF WASHINGTON.—Just published, T. B. WELCH'S MAGNIFICENT PORTRAIT OF WASHINGTON. Engraved (by permission) from Stuart's only original portrait, in the Athenaeum, Boston.

This superb picture, engraved under the superintendence of THOMAS SULLY, Esq., the eminent and highly gifted artist, is the only correct likeness of Washington ever published. It has been characterized as the greatest work of art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington, GEORGE WASHINGTON PARKE CUSTIS, who says, "It is a faithful representation of the celebrated original," and to CHIEF JUSTICE TANEY of the Supreme Court of the United States, who says: "As a work of art its excellence and beauty must strike every one who sees it; and it is no less happy in its likeness to the Father of his country. It was my good fortune to have seen him in the days of my boyhood, and his whole appearance is yet strongly impressed on my memory. The portrait you have issued appears to me to be an exact likeness, representing perfectly the expression as well as the form and features of the face." And says SENATOR CASS, "It is a life-like representation of the great original." PRESIDENT FILLMORE says, "the work appears to me to have been admirably executed and eminently worthy of the patronage of the public." Says MARCHANT, the eminent portrait painter, and the pupil of Stuart, "your print to my mind is more satisfactory than any other I have seen, for presenting the whole individuality of the original portrait, together with the noble and dignified repose of air and manner, which all who ever saw him considered a marked characteristic of the illustrious man it commemorates."

For the great merits of this picture we would refer every lover of Washington to the letters of the following Artists, Statesmen, Jurists and Scholars accompanying it:

ARTISTS—Marchant and Elliott, of New York; Neagle, Rothermel, and Lambdin, of Philadelphia; Chester Harding, of Boston; Charles Fraser, of Charleston, S. C.; and to the adopted son of Washington, Hon. Geo. W. P. Custis, himself an artist. STATESMEN—His Excellency Millard Fillmore, Maj. Gen. Winfield Scott, Hon. Geo. M. Dallas, Hon. Wm. R. King, Hon. Daniel Webster, Hon. Lynn Boyd, Hon. Lewis Cass, Hon. Wm. A. Graham, Hon. John P. Kennedy, Hon. R. C. Winthrop, LL. D. JURISTS—Hon. Roger B. Taney, Hon. John Duer, Hon. John McLean, Hon. Rufus Choate. SCHOLARS—Charles Folsom, Esq., the well known Librarian of the Boston Athenaeum, who says: "I would rather own it than any painted copy I have ever seen;" E. P. Whipple, Richard Hildreth, Hon. Edw. Everett, LL. D., Jared Sparks, LL. D., Wm. H. Prescott, LL. D., Washington Irving, Ralph W. Emerson, Esq., Prof. T. C. Upham, J. T. Headley, Fitz Green Halleck, H. W. Longfellow, Wm. Gilmore Simms; and FROM EUROPE, Lord Talfourd, T. B. Macaulay, Sir Archibald Alison, Lord Mayor of London, etc., etc., etc. THE PRESS, throughout the entire Union, have with one voice proclaimed the merits of this superb engraving.

To enable all to possess this valuable treasure, it is sold at the low price of $5 per copy.

Published by GEORGE W. CHILDS, N. W. corner of Fifth and Arch streets, Philadelphia.

J. D. STEELY, sole Agent for the States of Florida, Arkansas and Louisiana. Office at NORMAN'S BOOK STORE, No. 14 Camp street. The Portrait can only be obtained from Mr. STEELY, or from his duly authorized agents.
