THE PLATFORMS.

For the convenience of future reference, we present our readers with the five political platforms:

Platform of the Breckinridge Wing.

THE CANDIDATES

For President—JOHN C. BRECKINRIDGE, of Kentucky.

For Vice President—GEN. JOSEPH LANE, of Oregon.

Resolved, That the platform adopted by the Democratic party at Cincinnati be affirmed, with the following explanatory resolutions:

1. That the Government of a Territory organized by an act of Congress is provisional and temporary, and during its existence all citizens of the United States have an equal right to settle with their property in the territory, without their rights, either in person or property, being destroyed by Congressional or Territorial Legislation.

2. That it is the duty of the Federal Government, in all the departments, when necessary, to protect the rights of persons and property in the Territories, and wherever else its constitutional authority extends.

3. That when the settlers in a Territory, having an adequate population, form a State Constitution, the right of sovereignty commences, and being consummated by their admission into the Union, they stand on an equality with the people of other States, and a State thus organized ought to be admitted into the Federal Union, whether its Constitution prohibits or recognizes the institution of slavery.

4. That the Democratic party are in favor of the acquisition of Cuba, on such terms as shall be honorable to ourselves and just to Spain, at the earliest practicable moment.

5. That the Democracy of the United States recognize it as an imperative duty of the Government to protect the naturalized citizen in all his rights, whether at home or in foreign lands, to the same extent as its native born citizens.

Whereas, One of the greatest necessities of the age, in a political, commercial, postal, and military point of view, is a speedy communication between the Pacific and Atlantic coasts; therefore be it resolved,

7. That the National Democratic party do hereby pledge themselves to use every means in their power to secure the passage of some bill, to the extent of their constitutional authority by Congress, for the construction of a railroad to the Pacific Ocean, at the earliest practicable moment.

Platform of the Douglas Wing.

For President—STEPHEN A. DOUGLAS, of Illinois.

For Vice President—HERSHEL V. JOHNSON, of Georgia.

Resolved, That we, the Democracy of the Union in Convention assembled, hereby declare our affirmation of the resolutions unanimously adopted and declared as a platform of principles by the Democratic Convention at Cincinnati, in the year 1856 believing that Democratic principles are unchangeable in their nature when applied to the same subject matter, and we recommend as our only further resolutions the following:

That inasmuch as differences of opinion exists in the Democratic party as to the nature and extent of the powers of a Territorial Legislature, and as to the powers and duties of Congress, under the Constitution of the United States, over the institution of Slavery within the Territories;

Resolved, That the Democratic party will abide by the decision of the Supreme Court of the United States over the institution of Slavery in the Territories.

Resolved, That it is the duty of the United States to afford ample and complete protection to all its citizens, at home or abroad, and whether native or foreign born.

Resolved, That the one of the necessities of the age, in a military, commercial and postal point of view, is speedy communication between the Atlantic and Pacific States, and the Democratic party pledge such constitutional enactment as will insure the construction of a railroad to the Pacific coast at the earliest practical period.

Resolved, That the Democratic party are in favor of the acquisition of the Island of Cuba, on such terms as shall be honorable to ourselves and just to Spain.

Resolved, That the enactments of State Legislatures to defeat the faithful execution of the Fugitive Slave law are hostile in character, subversive to the Constitution and revolutionary in their effect.

To the above is added the following resolution adopted at Baltimore for the purpose of gaining votes in Louisiana.

Resolved, That it is in accordance with the Cincinnati Platform, that during the existence of Territorial Governments, the measure of restriction, whatever it may be, imposed by the Federal Constitution on the power of the Territorial Legislature over the subject of the domestic relations, *as the same has been or shall hereafter be decided by the Supreme Court of the United States*, should be respected by all good citizens, and enforced with promptness and fidelity *by every branch of the General Government*.

The National Republican Platform Adopted at Chicago, May 18, 1860.

THE CANDIDATES.

For President—ABRAHAM LINCOLN, of Illinois.

For Vice President—HANNIBAL HAMLIN, of Maine.

THE PLATFORM.

Resolved, That we, the delegated representatives of the Republican electors of the United States, in Convention assembled, in the discharge of the duty we owe to our constituents and our country, unite in the following resolutions:

1st. That the history of the Nation during the last four years has fully established the propriety and necessity of the organization and perpetuation of the Republican party, and that the causes which called it into existence are permanent in their nature, and now, more than ever, demand its peaceful and constitutional triumph.

2d. That the maintenance of the principles promulgated in the the Declaration of Independence, and embodied in the Federal Constitution, that "all men are created equal; that they are endowned by their Creator with certain inalienable rights, among which are those of life, liberty and the pursuit of happiness, and that Governments are instituted among men to secure the enjoyment of these rights, deriving their just power from the consent of the governed"—are essential to the preservation of our Republican institutions, and that the Federal Constitution, the rights of the States, and the union of the States, must and shall be preserved.

3d. That to the Union of the States this nation owes its unprecedented increase in population, its surprising developments of material resources; its rapid augmentation of wealth; its happiness at home and its honor abroad; and we hold in abhorrence all schemes for disunion, come from whatever source they may; and we congratulate the country that no Republican member of Congress has uttered or countenanced the threats of disunion, as often made by the Democratic members of Congress, without rebuke and with applause from their political associates, and we denounce those threats of disunion in case of a popular overthrow of the ascendency, as denying the vital principles of a free Government, and as an avowal of contemplated treason which it is the imperative duty of an indignant people sternly to rebuke and forever silence.

4th. That the maintenance inviolate, of the rights of the States, and especially of each State, to order and control its own domestic institutions according to its own judgement exclusively, is essential to that balance of power on which the perfection and endurance of our political fabric depends; and we denounce the lawless invasion by armed force of the soil of any State or Territory, no matter under what pretext, as one of the gravest of crimes.

5th. That the present Democratic Administration has far exceeded our worst apprehensions in the unnecessless subserviency to the exactions of a sectional interest, as especially evinced in its desperate exertion to force the infamous Lecompton Constitution upon the protesting people of Kansas, construing the relation between master and servant to involve an unqualified property in persons; in its attempted enforcement everywhere, on land and sea, through the intervention of Congress and of the Federal Courts, of the extreme pretensions of a purely local interest; and in a general and unvarying abuse of the power entrusted to it by a confiding people.

6th. That the people justly view with alarm the reckless extravagance which pervades every department of the Federal Government. That a return to right economy and accountability is indispensable to arrest the plunder of the public treasury by favored partisans, while the recent startling developments of frauds and corruption at the Federal metropolis show that an entire change of administration is imperatively demanded.

7th. That the new dogma that the Constitution of its own force carries Slavery into any or all the Territories of the United States, is a dangerous political heresy, at variance with the explicit provisions of that instrument itself, with contemporaneous exposition, and with legislative and judicial precedents, that it is revolutionary in its tendency and subversive of the peace and harmony of the country.

8th. That the normal condition of all the territory of the United States is that of freedom: that as our Republican fathers, when they had abolished slavery in all our national territory, ordained that no person should be deprived of life, liberty or property without due process of law, it becomes our duty by legislation, whenever such legislation is necessary, to maintain this provision of the Constitution against all attempts to violate it; and we deny the authority of Congress, or a Territorial Legislature, or of any individual, to give legal existence to slavery in any Territory of the United States.

9th. That we brand the recent reopening of the African Slave Trade, under the cover of our national flag, aided by perversions of judicial power, as a crime against humanity, and a burning shame to take prompt and efficient measures for the total and final suppression of that execrable traffic.

10th. That in the recent vetoes by their Federal Governors of the acts of the Legislatures of Kansas and Nebraska, prohibiting slavery in these Territories, we find a practical illustration of the boasted Democratic principles of non intervention and Popular Sovereignty, embodied in the Kansas Nebraska bill, and a demonstration of the deception and fraud involved therein.

11th. That Kansas should, of right, be immediately admitted as a State under the Constitution recently formed and adopted by her people, and accepted by the House of Representatives.

12th. That while providing revenue for the support of the general Government, by duties upon imports, sound policy requires such an adjustment of these imports as to encourage the development of the industrial interests of the whole country, and we commend that policy of National Exchange which secures to the working men liberal wages, to agriculture remunerating prices, to merchants and manufacturers an adequate reward for their skill, labor and enterprise, and to the nation commercial prosperity and independence.

13th. That we protest against any sale or alienation to others of the public lands held by actual settlers, and against any view of the free homestead policy, which regards the settlers as paupers or supplicants for public bounty, and we demand the passage by Congress of the complete and satisfactory homestead measure which has already passed the House.

14th. That the National Republican party is opposed to any change in our naturalization laws, or any State Legislation, by which the rights of citizenship hitherto accorded to immigrants from foreign lands shall be abridged or impaired, and in favor of giving a full and efficient protection to the rights of all classes of citizens, whether native or naturalized, both at home and abroad.

15th. That appropriations by Congress for river and harbor improvements of a national character, required for the accommodation and security of an existing commerce, or authorized by the Constitution and justified by the obligation of the Government to protect the lives and property of its citizens.

16th. That a railroad to the Pacific ocean is imperatively demanded by the interests of the whole country; and that the Federal Government ought to render immediate and efficient aid in its construction, and that preliminary thereto, a daily overland mail should be promptly established.

17th. Finally having thus set forth our distinctive principles and views, we invite the co-operation of all citizens, however differing on other questions, who substantially agree with us, in their affirmance and support.

FROM ST. LOUIS.

St. Louis, Aug. 14

The Democrat of this morning contains an addresss from Blair to the Republicans and free Democrats of this city. He commences by saying, "I am well aware that in the recent contest the support which I received at your hands is simply an evidence of your devotion to the cause of freedom, and would have been rendered as freely and as enthusiastically to any other man who had proved his fidelity to that cause, as it has been given to me, yet I cannot allow the occasion signalized by so great a triumph to our common cause to pass without tendering to you the homage of my gratitude for selecting me as the representative of your principles, and the instrument of achieving a victory for their maintainance and advancement."

He calls attention to the comparison of returns from Gravois and Carondolet for 1858 with 1860, which shows the loss of nearly 50 votes in the former precinct, while nearly every other precinct in the District shows a largely increased vote. He says the names of nearly a hundred of Barrett's voters have disappeared from the poll book in this small precinct. In Carondolet Barrett's vote is less than in 1858, although there has been an aggregate increase of nearly 150.

The names proven to be false in 1858 have this year disappeared from the poll book.

He refers to the large increase in the 8th and 9th Wards, and to the ticket on which his name was placed for Congress, F. P. Blair, Jr., without designating the term, and then says in conclusion, allow me to say that I shall forever remember with pride and satisfaction, the contest of 1860. To have been the leader of the hosts of freedom in that battle, fills the measure of my ambition. Again I return my thanks to the Republicans of this District, and congratulate them upon their triumph.

The Democrat learns that the steamer Lucas from Memphis, encountered a fifteen minute snow storm on Sunday, the 12th inst.

FROM CALIFORNIA.

St. Joseph, Mo., Aug. 13.

The Pony Express, with San Francisco dates dates to the 1st inst., arrived here at 9 o'clock this morning.

The Democratic State Central Committee appointed at the last State Convention, met at San Francisco on the 30th and 31st ult., and after a long discussion, in which it was endeavored to avoid a split in the party, by holding but one State Convention and nominating but one Electoral ticket. It was found impracticable to act harmoniously; 26 committeemen were for Breckinridge, and 19 for Douglas. The former have called a State Convention, to nominate an Electoral ticket, on the 11th of Sept., and the latter will hold their Convention to nominate a Douglas Electoral ticket, on the 5th of Sept.

INPECTINE.

The Persian Fever Charm.

For the prevention and cure of Fever and Ague and Bilious Fevers. This wonderful remedy was brought to the knowledge of the present proprietors by a friend who has been a great traveller in Persia and the Holy Land.

While going down the river Euphrates, he experienced a severe attack of Fever and Ague. On discovering his condition, one of the boatmen took from his person an Amulet, saying, "Wear this and no fever will touch you." Although incredulous as to its virtues, he complied and experienced immediate relief, and has since always found it an effectual protection from all malarious complaints.

On further investigation he found that the boatman attributed to it miraculous powers, and said that it could only be obtained from the Priests of the Sun. Some time afterwards the gentleman in conversing with a Priest, obtained from him the secret of its preparation, and ascertained where the medicinal herbs were found, of which it was compounded. The wonderful virtues of this article have induced a full belief in the minds of the natives of the miraculous healing powers of their Priests.

Since his return to America, it has been tried with the happiest effect by several ladies and gentlemen of high character, who have given it the most unqualified praise. This remedy having been a specific in Persia for hundreds of years, for the prevention and cure of Fever and Ague and Bilious Fevers—is now offered to the American people.

It will be sent by mail, prepaid, with full directions for use, on receipt of one dollar.

Dyspepsia and General Debility.

CARLISLE, Warren County, O., March 8, 1858.

DR. C. W. ROHACK—Dear Sir: For the benefit of suffering humanity permit me to say that I have found your Scandinavian Blood Purifier and Blood Pills, a sure cure for Indigestion and Liver Complaint. I have suffered from the above mentioned diseases for five years and have tried a great many physicians, but all to no purpose. I was advised by a friend to try your Blood Purifier and Pills and did so, I was living in Cincinnati at the time, and I went to your office and purchased one bottle of the Purifier and one box of Pills to commence with, and bless the day I found your valuable medicines, for I am enjoying good health, and feel confident that the cure is permanent. Let others buy and take what they please, as for me, give me the Blood Purifier and Pills for all chronic diseases, which arise from impure blood, or derangement of the digestive organs. I take no other medicines, and have not for the last eighteen months.

Most truly, T. V. DUBOIS.

SPECIAL NOTICES,

☞ The maxims of the wisest men are to preserve the body in perfect health, not to wait for the development of disease. Be wise betimes; check and guard against the first approach. Keep the stomach and blood healthy and pure, and the plagues of a poisoned atmosphere fall harmless. The only remedy that will thoroughly purify the blood, and at the same time strengthen and invigorate the system, is Melsan's Strengthening Cordial and Blood Purifier. Try it, and be convinced. ☞ Nothing since the Foundation of the City of New York has produced the excitement among all classes that Prof. Wood's Hair Restorative has done. All classes from the gray and bald headed sire, and the silver-haired matron, down to the sprightly youth and beautiful maiden with her glossy ringlets, are crowding the Depot at No. 312 Broadway; the former to be permanently restored, and the latter to possess themselves of that which will prevent the inroad of envious time, and cause the appearance of youth and beauty to linger to the great extent. Besides all the popular Druggists in the country are constantly engaged in dealing out the Restorative to their customers, "and the cry is still they come."

CAUTION.—Beware of worthless inventions, as several are already in the market, called by different names. Terre-Haute Female College.

THE next session of the Terre-Haute Female College will commence on Wednesday, the 5th of September next, and continue five months.

Terre-Haute, the seat of the College, is one of the most healthy and beautiful cities in the West, and is accessible by river and railroad from all parts of the country. The grounds are extensive, comprising 8½ acres and are beautifully laid out with walks and drives, and ornamented in a high degree with evergreens, etc.—They contain a native grove of 3½ acres. The buildings, five in number, are the finest in the West, and have all the modern appliances for comfort; they are heated by steam and lighted by gas. From 12 to 16 professors and teachers of the highest qualifications, who devote their whole time to the improvement of the pupils, are employed. The Philosophical, Chemical and Astronomical apparatus belonging to the College is ample.

An Astronomical Observatory has recently been erected at considrable cost, within which is mounted, *equatorily*, a telescope of high magnifying power, thus affording a rare opportunity for the study of Astronomy.

Lectures on the Natural sciences will be delivered almost daily before the pupils.

Mrs. Julia B. Ackley, late of the Buffalo Female Academy and well known in the West as a lady of great dignity of character and a successful teacher, has been secured as Governess.

The Music Department was never more worthy of confidence than at present—being confided to able and skillful teachers.

Any information desired respecting the College, or a Catalogue of the School may be obtained by addressing Rev. John Covert, Terre-Haute, Indiana.

Coroner's Inquest.

State of Indiana, Vigo County, ss.

AN inquisition taken on the bank of the Wabash river, in Harrison township, 1½ miles below the city of Terre-Haute, on the first day of August, in the Year of our Lord one thousand eight hundred and sixty, before Nataniel W. Benson, Coroner of said county, upon view of the body of a man, the name unknown, then and there lying dead, upon the oath of A. Patterson, George E. Ballew, Joel Kester, John Weaver, John Beauchamp and John Burgett, names of six Jurors of the Township aforesaid, who, being duly sworn diligently to inquire how and in what manner the said unknown came to his death, upon their oaths do say, that to the best of their knowledge and testimony, the unknown came to his death by drowning. On examination we find one pair of shoes and one pair of socks, a pair of pants and one shirt, placed in a package and bound around his neck, with a strap of leather. In our opinion the said unknown had made an attempt to swim the river with his clothes bound to his neck, when he met his death. On examination we find no clue to his name; but we find one striped shirt of apron check, one pair checked pants of cotton tweed, one pair heavy shoes (size about No 9), and one pair brown woolen socks, well worn, and in the pocket we found one silk handkerchief of red ish cast and dark spots, and ten cents in cash, in two five cent pieces. The man was supposed to be about thirty-five or forty years of age—about five feet eight inches. No particular marks, only a scar on the upper lip, immediately under the right nostril, rather the appearance of being a hair-lip.

In witness whereof, we, the jurors aforesaid, have hereunto severally set our hands and seals on the day and year above written.

A. PATTISON,
GEORGE E. BALLEW,
J. B. BURGETT,
JOHN WEAVER,
JOHN BEAUCHAMP,
JOHN BURGETT,

Signed and sealed by the Jurors and received by me.

N. W. BENSON,
Coroner of V. C.
