COMMERCIAL SUMMARY.

Domestic Markets.

NEW YORK, December 18, 8 p. m.—FLOUR—In Flour there is but little doing this afternoon, and the market for common descriptions is heavy. For home consumption and export there is not much inquiry, while speculators generally are unwilling to offer over $5 for good common S. W.

COTTON—The market has declined ⅛@⅛c on the Niagara's news. No sales of any consequence are reported this morning. On Saturday 450 bales changed hands.

PHILADELPHIA, December 21—The Niagara's advices, published this morning, have made quite a change in the market for Breadstuffs, the transactions have been limited, owing to the bids received freely declined for Europe, and the activity of jobbers was in the ascendancy, in all the Breadstuffs and a tendency to weakness set in out these quotations.

The Cotton trade is dull, and prices rather in favor of buyers.

Flour is heavy, with a decided decline. For Flour, and prices are firmer, 1000 barrels mixed brands sold last evening at $4 per barrel, but to-day most trade sales are at $4 12½@$4 25, and for extra family and fancy brands transactions have been limited.

The Wool market has been somewhat excited during the past week. There has been an active speculative inquiry owing to the advices of short supply on hand. The sales were: this day 400 bales, at a decline from the 19th of 1@⅛c.

Sellers admit the change, but it is attributed to the Liverpool advices, which are now in the hands of the trade, and which represent a decline of ⅛@¼c.

LIME—A cargo sale of 2000 casks Thomaston was made, and to have been at $1 10 ⅌ cask.
