FINANCIAL.

Seaboard and Roanoke Railroad.

$350,000 SEVEN PER CENT. MORTGAGE BONDS.—Sealed proposals will be received by the subscribers until Saturday, the 31st day of May, instant, for THREE HUNDRED AND FIFTY THOUSAND DOLLARS of the first and only Mortgage Bonds of the Seaboard & Roanoke Railroad Company, bearing seven per cent per annum interest, and redeemable at the Merchants' Bank, in the City of New-York, on the 1st of August, 1860.

These Bonds are in sums of $1,000 each, with Coupons attached, payable at the Merchants' Bank, in the City of New-York, on the 1st of each February and August.

These Bonds are issued under authority of special acts of the Legislatures of Virginia and North Carolina, and are secured by a mortgage executed to John I. Palmer, Esq., of the City of New-York, in trust for the Bondholders.

This mortgage covers the entire line of the Road from Norfolk, Virginia, to South Gaston on the Roanoke river in North-Carolina, a distance of 90 miles, which will have cost, when completed, *including the original outlay*, over $1,500,000—and the trustee is empowered, in case of sixty days *default in the payment of interest* or principal of the bonds, to take possession of, use and sell the whole or any part of the same, including the franchises, income and property of the Company of every description, now acquired or hereafter to be acquired.

The whole amount of the Bonds authorised to be issued is four hundred thousand dollars, of which the amount now offered for sale has been issued by the Company in payment principally for the heavy T rails with which the Company is now relaying their track.

This heavy T rail for the whole distance, 90 miles, is now on hand—50 miles are laid and in operation—and the company is actively engaged in laying down the remainder so as to complete the line to Weldon, 80 miles, in July of the present year, and to South Gaston, 90 miles, by the close of the year.

The Seaboard & Roanoke Railroad forms part of the Great Southern Route from New-York, Philadelphia, and Baltimore to New-Orleans, in connection with the line of Steamers now running from Baltimore to Norfolk.

A line of Steamers is now running from Philadelphia to Norfolk.

Two lines of Steamers are now being built to run from New-York to Norfolk, to commence running early in July next. One of these lines is to be of the first class of passenger steamers, 1,100 tuns burden, and the other a line of propellers.

The connections of this Road are such as to secure for it an ample amount of business; it unites at Weldon with the Railroad to Wilmington, 160 miles in length, which has just been re-laid with a heavy T rail; it unites at South Gaston with the Railroad to Raleigh, 85 miles long, which is also about to be re-laid with a heavy T rail.

At South Gaston it will receive the immense productions of the extensive and fertile valley of the Roanoke, which are brought to that point by the Roanoke Navigation Company, who have expended over four hundred thousand dollars in improving the navigation of the Roanoke and its tributaries.

The harbor of Norfolk and Portsmouth is well known to be one of the best in the United States, and will thus be connected by the Seaboard and Roanoke Railroad and its connecting lines, with an ample extent of territory, which will ensure to the road an abundant business.

A map exhibiting these connections, showing also other lines now in rapid course of construction, by which a continuous line of railway will soon be extended from Norfolk to Mobile and New-Orleans on the South, and to the Valley of the Mississippi at Memphis on the West, may be obtained of the undersigned.

An "Exhibit," giving a full account of the road and its affairs, copies of the bond and mortgage, and the legal opinions of Judge John Y. Mason, of Virginia, &c. accompanies the map, and may be obtained upon application to John I. Palmer, Esq., at the Merchants' Bank, or to Messrs. Winslow, Lanier & Co., by mail or otherwise, who will furnish any further information which may be desired.

It is confidently believed that the Bonds now offered for sale afford one of the safest and most desirable securities in the market.

THREE HUNDRED AND FIFTY THOUSAND DOLLARS are now offered for sale.

The entire amount offered will be disposed of absolutely and without reserve to the highest bidder.

Sealed proposals for any amount not less than $1,000 will be received at the office of Messrs. Winslow, Lanier & Co. until 3 o'clock on the thirty-first day of May, 1851.

Proposals to be addressed to WINSLOW, LANIER & CO., 52 WALL-ST., NEW-YORK, and endorsed "Proposals for S. & R. R. Bonds."

Parties whose bids are accepted will be required to pay twenty per cent. upon the amount awarded to them immediately upon being notified of the acceptance of their bids, and the remainder in equal amounts on the first days of July, August, September and October next; but any party will be at liberty to pay in full at once. Interest will commence from the day of payment.

DR. GOURAUD'S LILY WHITE.—This delightful compound is intended to supplant the pernicious articles which have been heretofore used by ladies for whitening the cuticle, such as prepared chalk, Paris white, plaster of Paris, &c. Unlike the pernicious and unnatural whites advertised to GOURAUD'S Lily White gives a delicious softness, smoothness, brilliance and perfectly lifelike whiteness to the complexion. When used, after the skin has been thoroughly washed with GOURAUD'S Italian Medicated Soap, the effect is luxurious and delightful in the extreme. It is also very valuable for gentlemen with tender skins and soft beards—as it completely allays the irritation consequent on shaving. Mothers should also use it on their babies, as it is much superior to common powder for that purpose. 25 cents a box.

GOURAUD'S Poudre Subtile Eradicates hair from low foreheads, upper lips or any part of the body. Warranted.

GOURAUD'S Liquid Rouge for pale cheeks and lips.

Be particular to bear in mind that DR. FELIX GOURAUD'S preparations can only be obtained genuine at his depot, 67 Walker-st., first door west of Broadway. my8 TuSk&Tuif

GOURAUD'S LIQUID HAIR DYE.

View you lady's lovely tresses—
Listen how she Gouraud blesses!
Once her hair was red and fiery,
Once 'twas stubborn, stiff and wiry;
Now, at vesper, or at matin,
Glossy 'tis, and soft as satin.
The secret—know you how she won it?
Gouraud's Liquid Hair Dye does it.

This inestimable compound possesses the astonishing faculty of converting red or white hair, the instant it is applied, to a rich and unchangeable black or brown. Not the least remarkable of its properties is the fact, that while it changes the hair the skin remains unsullied by the slightest stain. Gouraud's Hair Restorative, or Circassian Gloss, makes the hair grow, stops its falling out, and renders stiff, wiry hair soft, silky and glossy. Trial bottles 25 cents each.

Beware of the ten thousand counterfeits, and purchase only of Dr. GOURAUD, 67 Walker-st., first store from Broadway. my8 ThSatSu tf
