COMMERCIAL SUMMARY.

Foreign Markets—per Africa.

FROM A. DENNISTOUN & CO.'S CIRCULAR.

LIVERPOOL, December 3.—COTTON—On Saturday and Monday last our market began to show some revival of demand, the sales being 7000 or 8000 bales each day, we think any higher decline. On Tuesday morning the Africa's advices were received mentioning a frost in the Cotton region of the United States. These advices, or rehearing confidence, led to an active and brisk market, the sales on that day reaching 12,000 bales, and on Wednesday 16,000 bales, at an advance of about ¼d in common, and ⅛d in superior Americans; about half the business was on speculation. Yesterday the market was quiet, the sales being only 4 or 5,000 bales, and mostly to the trade.

The week's sale amounts to 47,000 bales, of which 16,816 bales on speculation and 1920 for export. Sales 5000 bales.

To-day the market is rather easier. We quote: Fair Orleans, 6¾d; Middling Orleans, 5¾d; Fair Mobile, 6¾d; Middling Mobile, 5 11-16d; Fair Uplands 6½; Middling Uplands, 5¾d. For Cotton of new crop, quotations we hold rather higher.

CORN MARKET—A great degree of activity has prevailed during the week, chiefly on the part of speculators. Wheat has advanced 4d ⅌ bushel, and Flour 2s ⅌ bbl. Indian Corn has been in better demand at full prices. The market also closes with an advance:

Western Canal Flour	9 bbl..	21s 6d to 28s 9d
Baltimore		25s 0d to 25s 6d
Philadelphia		25s 0d to 28s 0d
Ohio Flour		21s 0d to 28s 0d
Rye		25s 0d to 25s 0d
Wheat, U. S. White	70 lbs..	7s 6d to 7s 10d
Red and mixed do		7s 6d to 7s 8d
Yellow Indian Corn	480 lbs..	32s 0d to 34s 0d
White		34s 0d to 36s 0d

TALLOW—A large business continues to be done in T. C. at 56s 6d to 57s 6 bbl.

LARD—Ameslem is nominally worth 60s to 62s 6d.

RICE—A fair business has been done in East India Rice, and prices remain firm.

The state of the country remains undisturbed by any cause, political, monetary, or commercial. It is true that some parties are disposed to look forward to various causes of disturbance, but these causes are too remote or too slightly developed to be at present deemed important. Money is in good demand, but no dearer than at the date of our last. Consols are at 100@100½.

At Manchester the same activity and indisposition to purchase prevailed as at the date of our last, but more fabric was received at the improved rates in our market than usual on the news per Africa. A corresponding movement followed in Yarns and Goods, but to a less extent, and with the confidence then with us, and unless straightened by advances in the advices as to the supply of Cotton and continued activity here, there may be little disposition shown to follow it up.

The fall in medium numbers of Yarns from the highest point has been about ¼d ⅌ lb.

FROM BARING BROTHER'S CIRCULAR.

LONDON, December 3.—COTTON—As usual at this season, our goods markets have been quiet since our last report; but prices firmly maintained, and Cotton has advanced ¼d ⅌ lb.

Money has been more demanded, with a small increase in the rate of discount.

The Overland Mail brings dates from Calcutta to the 29th October, and Bombay to 30 November; but no letters from China. The silver by the recent West India steamer was sold yesterday at 5s 1½d ⅌ oz., being ¼d lower. In Dollars there is no change.

At the Corn market there is little and limited business. Wheat has advanced 1s to 2s ⅌ qua ter. Good sound Western Flour is worth 27s@28s ⅌ bbl. Indian Corn is unchanged from previous rates. At Liverpool yesterday there was a good deal done in Flour, at a further advance. Western Canal sold at 21 7d to 27s 6d.

COTTON—Has been in improved demand and prices are ¼d ⅌ lb higher. At Liverpool, yesterday, the sales amounted to 8000 bales, but more due is anticipated by holders to sell; Middling Orleans was quoted 5¾@ ⅌ lb.

TALLOW—Prices recovered during the week, but to-day there is less doing. We quote Y. C. 47s 6d ⅌ cwt. for on the spot, and 48s to 48s 3d for Spring delivery.

HAVRE, December 1.—COTTON—After the receipt of the telegraphic dispatch announcing the arrival of the Niagara in Liverpool, our market followed with a regular advance, and at the date of our last circular, by the accompanying report, Wednesday, making the delivery of our letters by the a ove conveyance, which were only distributed late this night, and under the unfavorable impression caused by the declining quotations from Liverpool, we remained quiet, with nearly 500 bales sold at prices being 1/8 in favor of buyers. Thursday, the firm at here stationed, and sales did not reach 200 bales, anticipating 150 bales to deliver made some than back by ship subject, at a fall of 1 to 2 ⅌ ct. on previous quotations. The transaction on Friday reached 1400 bales, of which 1100 bales in port, at a further decline of 1 to 2 ⅌. On Saturday, after the receipt of the mail, we remained at a complete stand, scarcely 100 bales finding purchasers.

Sunday, the Liverpool circular confirmed Friday's dispatch, but caused no alteration in the position of our market, however, on Monday the demand became more regular, and sales reached 850 bales, of which 200 bales afloat by Heidelberg, a 50 for Middling New Orleans, and yesterday after the Africa's arrival was telegraphed, about 300 bales found buyers.

To sum up, the sales of the week reach 3625 bales, of which 1900 bales to arrive at 81 to 82 for Middling New Orleans, but as the receipts are small, our stock finds itself reduced to 14,000 bales, of which 4000 bales United States.

The following were the sales reduced, viz.:

1287 do Uplands		78 — @ 99 —

As compared with the corresponding week of 1851, this shows an increase of $891,459 in the amount thrown on the market this week.

PHILADELPHIA, December 18.—The foreign advices received this evening have imparted a better feeling in the market for Breadstuffs, and for a few descriptions an advance is now demanded.

FLOUR—There is a moderate export demand for Flour, and 5000 bbls mixed and good brands sold after the close of our report yesterday, at $5 12½@5 1. To-day 500 bbls common Western extra sold at $4 6 ⅌ bbl, and 3 to 400 bbls Southern at $5 25, but most holders will not accept the same price since, and demand $5 37½. Of Corn Meal is steady at $3 50@3 56.

GRAIN—Wheat is in demand, and prices are 2 to 3c ⅌ bushel higher; sales of 800 bushels good S-thern Red at 81 12. We quote fine Wh te at 81 18@1 20. No transactions in Rye. Corn in limited request. In Oats no change.

BALTIMORE, December 18.—FLOUR—The favorable European accounts brought by the Africa, as announced in this morning's Ame ican, added a stimulus to the already healthy condition of the Flour market, and gave rise to an immediate demand for an advance, which was realized. Sales of 1400 bbls City Mills Flour were made at $5 25, and 200 bbls Howard street Flour at the same price. Before Chicago Sour the inquiry for the better description was fair, and more could have been sold than is reported; but holders generally were not disposed to be forced to accept the result of the deliberations on Change, and no further transaction took place. On the last closing firm at $5 25.

December 19.—COTTON—The intelligence to-day reached about 1500 bales at full prices current the day previous. The extremes were from 8½ to 9 3-16c.

CHARLESTON, December 21.—COTTON—The transactions to-day reached about 1500 bales at previous prices. There were sales from 8½ to 9¾c, and two small lots were sold at 7¾ to 8¼c. The market firm.

CINCINNATI, December 17.—Flour is firm: 1000 bbls sold at $5 37½@4 62½. Whisky—Sales of 200 bbls at 19c. Corn—Sales of 800 bushels sold at 72c. Bacon—Sales of 400 hds Shoulders at 8½c. Lard—Sales of 400 bbls Leaf at 10½c. Hogs—Sales of 2000 at $4 60. Sales of 200 barrels Lard oil at 75c. Bulk Meat—Sales of 200 hds Shoulders at 8½c. Sugar, 500 hds of 4½@5½c. The Cincinnati Price Current, of the 16th inst., gives the following statement:

Number of Hogs killed and received to the 14th 255,664
To the same date last year 196,486
To the time date in 1850 200,000
The total receipts from Kentucky amount 66,427 head, which is about 5 to 6 per cent less than the total receipts from that State last year.

It is supposed that two weeks more will dispose of all the hogs that will be packed here. It is generally supposed there will be a falling off compared with last season. The facts are now pretty well ascertained, there will be a falling off in the weight of hogs packed at this city, of from 10 to 20 lbs per head, and the average will be about 200 lbs. Lard will be still greater. This is attributed to the lateness and inferior quality of the corn crop, and the consequent delivery of hogs. This crop, we presume, is taken as an indication of the result throughout the principal portion of the West.

The heavy hog products have, as heretofore, been in Eastern ascendency, and it is now estimated that fully three-fourths of the provisions in the West is purchased by Boston, New York, Philadelphia and Baltimore dealers. The largest sale we have heard of this season, to a Western consuming point, was made a few days since by Waite, Cunningham & Co. of Mobile, to the Newark Iron Works.

LOUISVILLE, December 18.—The sales of Tobacco yesterday were 50 hhds: 2 hhds at $2 25, 25 25, and 43 48; 11 at $3 50@4 15; 12 at $3 25@4 50, and 4 at $5 10@5 80. Of Leaf Tobacco we have sold 87 hhds at $1 60@7 at the Public Warehouse, which is under the control of Messrs Hayes & Graham. The Tobacco was raised by Mr. Grace of Caldwell county, Ky. Messrs. Smith & Co. the most extensive buyers for Europe in this city, were the purchasers.

HEMP—The prices continue very low, and in full operation yesterday, owing to the unfavorable weather. The market was quiet but very firm. The only sales reported were 600 lbs lines and 60 0 Hams from the block at $3 50@$5, and 6000 Bombings, or rov ings, delivered in town at the ro ra, at $5, packed. The weather has evening changed, and we today the business will doubtless be protracted with increased vigor.

MOBILE, December 15.—COTTON—On Saturday, the Cunard steamer Africa was announced with advices from Liverpool to the 4th inst. Sales since for the week reflec on that date were 3500 bales, without further improvement in prices, the market being firm. Owing to the small stock presented for sale, and rather higher prices being asked, the business of the day was confined to some 1500 bales, at the outside figures fl ast week. There was more doing on Monday, and prices a little big er, sales 4 00 bales, at 9¼c, for Middling Fair. The demand was very active on Tuesday, of 5000 bales being sold at full rates, in W. directly, with a few remaining, 1500 bales from the interior, without change in prices. Sales on Thursday were on a 2500@3000 bales, at full rates. Yesterday, (Friday,) the business was quite moderate, all parcels wanting delivery to avoid later intel ligence from England, which has been due for some two or three days, by telegraph, and the sales were only 900 bales, the market firm, but quiet, at 9¾@9¾ cents for Middlings. Total sales for the week are estimated at 9,000 bales, for England, France, Spain, and our domestic parts; local speculators participating in a moderate degree.
