CYPHERS ANTI-FLY PEST

Protects Cows and Horses

It is guaranteed to prevent all winged insects from annoying cattle and horses. One application protects for at least 24 hours.

Do not expect the best work from the horse that is worn out fighting flies.

Do not expect your cows to give the largest possible yield of milk if they are not permitted to lout in peace and quiet.

ANTI-FLY PEST does not discolor a white coat, nor does it cause the hair to become sticky.

Shirt Waists

Serial Story No. 8

Most nice shirtwaists worn in this country are thin and delicate, with lace insertions. It is hard to find a laundry with reasonable prices that does satisfactory work on shirtwaists.

Very often the waist is returned not properly starched and the lace is ironed flat and folded over at the edges and all sealed down with starch. This makes a beautiful hand-worked waist look like an old fifty-cent stock waist.

The Hartman Steam Laundry employs Hawaiian women to starch and iron all shirtwaists by hand. These girls do nothing else. We see to it that they do them the way you want them.

Our prices for shirtwaists are from 35 to 60 cents each.
