She is to carry a large crowd of excursionists, all accommodations being filled, and a long waiting list having filed up.

GERMAN TRAMP, SHORT ON SUPPLIES, ARRIVES HERE

Over two hundred poor Chinese, who have made a long and tiresome voyage from the Orient to Salina Cruz in a slow German tramp, and are now making their weary way back, arrived off port yesterday evening, in the German tramp steamer Mickael Jebsen. And now they are in quarantine, and must lie outside the harbor, on account of a death when the steamer was a few days out of port, the cause of which is now in doubt. There was no physician on board competent to diagnose the complaint.

The Jebsen took out the Chinese as immigrants to Mexico. At Salina Cruz they were refused admittance by the authorities, who said that they suffered from trachoma. And, as the men who sent them out agreed to let them come back without further expense, except for found, in case they were turned down at the Mexican port, they are now going back to China.

She found stores running low, and put in here for replenishing. She will take on supplies outside.

A good deal of interest is being taken in her on the waterfront, and she is being compared with the Bucrania, the British tramp which is now lying in the stream.

GRAY REFUSES TOWNE WANTS IT

WILMINGTON, Del., July 1.—Judge Gray, who has been prominently mentioned in dispatches from Denver as a probable choice of the Democrats for the Vice Presidency, disclaims that he is a candidate for the nomination.

BRYAN IS NO DICTATOR

LINCOLN, Neb., July 1.—Ex-Senator Charles A. Towne is a candidate for the Democratic nomination for the Vice Presidency. He visited Bryan today. The assured candidate for the Presidency refused to name his preference for his running-mate.

Charles Arnetie Towne, who is mentioned as a candidate for the nomination for the Vice Presidency, is a former United States Senator from Minnesota. He is notable as an orator and for the stand he took on the advocacy of the free coinage of silver, leaving the Republican National Convention in 1896 because of the gold standard plank. He was chairman of the Silver Republican party from 1897 to 1901, and in 1899 received the Fusion vote of the Minnesota Legislature for the Senate. In 1900 he was nominated for the Vice Presidency by both the People's party and the Silver Republicans, declining both nominations. He was appointed to the United States Senate in 1900 to fill a vacancy. In 1904 he was elected to Congress by the Fourteenth Congressional District (New York) as a Democrat.

He is the author of many church publications. He was a visitor in Honolulu a few years ago.

KILLED HERSELF BECAUSE OF GRIEF

Crazed by grief over the death of her infant Akase Sayu, a Japanese woman living at Moiliili, this forenoon committed suicide by hanging herself in the bedroom of her little home. There were several pathetic features about the case.

Entymologist Kotinsky gave the alarm to the police department. He was chasing insects in the neighborhood of the house, which is on the makai side of the Moiliili road a little distance on the Ewa side of the church, when he saw a small Japanese girl crying. The kindhearted scientist asked her about her trouble, and she led him to the room where the body of her mother was hanging from a rafter. She had tied her obe around her neck, and was dead when found.

The woman's husband, who is a stone cutter, was called from his work by neighbors. He explained that the woman had given birth to a child last March, but in April the infant died. Since that time she had been very despondent and apparently to some extent mentally deranged.

This morning the husband went to work as usual at 6 o'clock, leaving his wife and two daughters, aged 7 and 14 years respectively, at the house. It appears that at about 9 o'clock the woman sent the children on an errand to a store, and during their absence she carried out her fatal plan. When the children returned they found her dead.

Coroner Jarrett went to the scene immediately after the case had been reported, and made an investigation with the aid of Special Officer Townsend, who acted as an interprefer. A coroner's jury was empanelled which will hold a session this evening.
