MEDICAL.

DALLEY'S MAGICAL PAIN EXTRACTOR, THE ORIGINAL AND ONLY GENUINE.—Be on your guard against imitations and counterfeits. This is the only medicine ever discovered that possesses any real or positive curative power over the pain, and it is the only one ever introduced by the application to cure instantaneously (it is not a humbug, but one of the most astonishing facts of the age) the most excruciating pain. Its wonderful properties were first discovered by the inventor of Mr. HENRY DALLEY, the unfortunate victim for years of the most agonizing rheumatism, who tried in vain every remedy and every application, which the force of human intellect, in its combined efforts of ages, could devise, to alleviate the pain of his disease, and who, in the last extremity, was induced to try the effect of a bottle of his own compound, which, to his astonishment, and that of his family, relieved him in a few minutes from the agony of his disease. Since then, he has devoted his life to perfecting the composition, so as to render it a safe, sure, and speedy remedy for all the pains and aches to which the human flesh is heir, and he now offers it to the public, with the confidence of a conscientious man, that it will do all he claims for it. Having had many years experience in the practice and sale of patent medicines, they have seen many instances of imposition, by the introduction of worthless compounds, put up in imitation of the genuine article, and are now prepared to supply the trade at prices so exceedingly low, that the purchaser cannot fail to realize a handsome per centage on his investment, either at wholesale or retail. At these establishments may be found a full assortment of ALL GENUINE PATENT MEDICINES. The following list comprises a part of their assortment, and can be furnished in doubles, in small cases, at from twenty to twenty-five per cent. cheaper than the manufacturer's prices:

DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—In offering to the public the newly discovered remedy for CONSUMPTION, BRONCHITIS, ASTHMA, COUGHS, COLDS, etc., we expect a few words of the character and efficacy of the medicine. Numerous testimonials may be seen in a pamphlet, to be obtained of the agents, which we do not publish, from the fear of its being improperly used. Dr. Davis's Syrup of Wild Cherry and Tar is a medicine of great merit, and is prescribed by the physicians of leading reputation, a testimonial of the University of Pennsylvania.

The Syrup of Wild Cherry and Tar has given satisfaction to those who have used it. Some cases of Consumption have been relieved by it, and Asthma was a prominent feature of one. I think I shall be able to sell a dozen or more a year.

Philadelphia, Aug. 3, 1857.

Wistar's cherry was thought to improve in flavor and efficacy, and I think Wistar's Balsam of Wild Cherry is the best article of the kind I have ever seen. Dr. Davis's Syrup of Wild Cherry and Tar is a valuable remedy; I find it very efficacious in the treatment of Pulmonary Consumption, and I have no hesitation in recommending it to the public as a valuable medicine. Dr. Davis's is one of the most popular preparations of the kind, and I have no doubt it will be found a valuable remedy for the affections of which it is used and for which it is recommended. [illegible]

☞ Dr. Davis's Syrup of Wild Cherry and Tar is an reliable remedy; I find the cheapest article with me. If you want a certificate I will cheerfully give one. S. C. HAYES.
