DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—In offering to the public the annexed certificates—used for CONSUMPTION, BRONCHITIS, ASTHMA, COUGHS, COLDS, etc., we append a few extracts of the [illegible] of the medicine. Numerous testimonials may be seen in a pamphlet for distribution at the agency, which sufferers are invited to obtain. It may be proper to say that Dr. D. is an eminent practitioner of twenty years' standing, a graduate of the University of Pennsylvania.

FROM MR. JOHN D. MORGAN, Druggist. Fayetteville, Jan. 12, 1847. The Syrup of Wild Cherry and Tar has given great satisfaction to those who have tried it. I know it has cured a very bad case of Asthma in a gentleman of Ohio. I think I will increase the sale of it as it gives a good name.

FROM THE WESTERN EMPIRE. Dayton, Ohio, July 24, 1847. MR. J. F. Howard—Sir: I take much pleasure in stating to you that my cough and severe affection of the lungs has been entirely removed by the use of one-half bottle of Dr. Davis's Syrup of Wild Cherry and Tar, which you and others advised me to take. I can safely recommend the use of the above named Syrup for Coughs and Colds, as a most excellent remedy. Yours respectfully, W. W. PHILLIPS.

FROM MR. EDWARD ROBBINS, Druggist. Bellefontaine, O., Jan. 4, 1847. We have taken some trouble to introduce Dr. Davis's Syrup of Wild Cherry and Tar here, and have sold all we received long ago. Dr. J. M. Cook has used it in his practice, and he thinks highly of the Medicine. Dr. Cook is one of the most talented physicians in the United States, and was the attending physician of [illegible] of Spain, during all his residence in this country. When we first offered this medicine to the public, it was with the expressed intention of publishing no certificates whose good authority for its truth. To this rule we have adhered, and publish certificates for the authenticity of which we have not had the most responsible guarantee. The following we are indebted to the respectable Druggist, Mr. Hawke, of Dayton, Ohio:

Extract from a letter from S. W. Rhoads, Merchant of Newtown, Bucks county, Pennsylvania.
NEWTOWN, September 17, 1846.
A young man of my acquaintance has taken your Syrup and has been perfectly cured. He labored under the consumption for more than three years, and took a great many kinds of medicine, and was under the medical treatment of three of the most eminent physicians in this country, but received no benefit until he took Dr. Davis's Syrup of Wild Cherry and Tar, and immediately commenced getting better, and is now well and hearty. This statement I received from himself; his name is Henry T. Goldsmith, Wrightstown township, Bucks county, Pa. He is known all over the country—it is a plain fact and true, and it cannot be doubted that the Syrup saved his life.

ANOTHER CURE.
Palpitation of the Heart and Inflammation of the Lungs relieved by Dr. Davis's Compound Syrup of Wild Cherry and Tar.
PHILADELPHIA, April 4, 1846.
For four or five weeks of last winter I was troubled with a severe cough, attended with great tightness and pain in the breast, and frequent violent palpitation of the heart. The cough was so harassing as to prevent me sleeping a great deal of the night, and weakened me to that degree that I was hardly able to [illegible] work [illegible]. My physician [illegible]. At this time, Dr. Davis's Syrup of Wild Cherry and Tar was recommended to me. In two or three days' use of it, the oppression and pain in the breast was greatly relieved, and by the time the first bottle was taken the cough was entirely cured, and my breathing perfectly restored. The palpitation of the heart, with which I had been severely troubled for two years, suddenly ceased [illegible]. I am confident one or two more bottles of the medicine will have entirely removed it. HENRY NEKERSON, 116 [illegible] street.

WEAKNESS AND PAIN IN THE BREAST.
PHILADELPHIA, June 23, 1846.
I can safely recommend Dr. Davis's Syrup of Wild Cherry and Tar from my knowledge of its virtues. My wife has been affected for a long time with weakness and pain in the breast; the use of this medicine in a short time entirely relieved her. The symptoms would, after a week return, and on all occasions the relief was speedy as in the first place. It is now eight or nine months since she has been free from the affection. I consider it not necessary to [illegible]. S. WADE, [illegible] Washington.

PHILADELPHIA, June 18, 1846.
I feel free to recommend Dr. Davis's Syrup of Wild Cherry and Tar from my experience of its beneficial effects in my own case. I have been for some weeks past subject to attacks of irritating hoarse cough, accompanied with dyspeptic symptoms. Last winter, having an attack of [illegible], I was recommended by an acquaintance, who had proved [illegible] Davis's Syrup, to try it. I did so, and was cured of it in less than two weeks. I can recommend it to any one. JOHN W. GRAY, [illegible]

Memoranda from different sections of the country give the most flattering accounts of the successful operation of Dr. Davis's Syrup, under their notice. A number of them, volunteering to increase have regularly sold it on condition that if it did not give satisfaction, the price should be returned, and no case of them has had any application to return the money. This speaks volumes in favor of the medicine. We append a few extracts from orders, as samples of those we are in frequent receipt of, as well as of verbal accounts we frequently hear:

FROM DRS. VAUGHAN AND KING, Both Practicing Physicians as well as Druggists. Mooresville, Ind., June 1, 1847. Dr. Davis's Syrup of Wild Cherry and Tar goes off like hot cakes. We think that if you choose to give us a Wholesale Agency for that Medicine, we can do one of almost any amount in Northern Indiana.

FROM MARGEATT & MOUTRAN. Louisiana, July 30, 1846. Your Wild Cherry and Tar Syrup gives general satisfaction. We have tested out of it for some time, and though it would not order any but it is almost daily inquired for, and we think you, perhaps, it would be hard to order one.

FROM DRS. W. S. MACKINTOSH. [illegible] The article of Wild Cherry and Tar I find to be a valuable medicine, and are recommending it to my patients. [illegible]

Messrs. Rockwell, Collins & Co.—I am happy to inform you that I think Dr. Davis's Syrup of Wild Cherry and Tar will take the lead of in our part of the country. I am out of it, and have a half dozen bottles bespoke. I have been asked so often for Dr. Davis's [illegible] and Joseph Davis's Horse Liniment, that I have taken the liberty of writing for an agency for the above articles, if agreeable to you. If so please write me word, and send me two dozen of each, with catalogue bills. Respectfully yours, SAML. C. KEMPTON.

Davis's Syrup of Wild Cherry and Tar.—We would call attention to the advertisement of this valuable medicine in another column, a [illegible] [illegible] FROM MR. S. C. HAYES, of the Firm of Hayes & [illegible], Bookseller and Stationers, No. 142 Market street, Philadelphia, [illegible] 1847. Your Syrup of Wild Cherry and Tar is an invaluable remedy for the worst of coughs with me. If you want a certificate I will cheerfully give one. S. C. HAYES.

FROM E. S. GIVENS.
[illegible], Ky., [illegible]
My stock of Cherry and Tar Syrup is now reduced to six bottles, and its popularity is daily increasing. You would do well to send me another supply.

MEDICAL.

DALLEY'S MAGICAL PAIN EXTRACTOR.
THE ORIGINAL AND ONLY GENUINE.—No Compound has ever been discovered that possesses any of the qualities of this famous remedy. Almost daily we hear of new and heretofore unknown virtues discovered by its application to new diseases—hence it is a remarkable fact, that many of its effects are known only from accident or experiment. So deep has been the genius of Mr. HENRY DALLEY, the inventor, in admirable the combination of its ingredients, that it is found sufficient to relieve almost every ailment to which the frame of man is subject. Let us enumerate some of the genuine qualities of this remedy:
Beauty.—If BROKEN LIMBS, when set, be well wrapped up in the Salve, no Inflammation, Swelling or Pain can occur, and the bones unite and become strong with astonishing rapidity.
Strength.—When the bowels are painfully inflamed, the EXTRACTOR, if well rubbed upon them, will afford relief and cause a movement, even when Castor Oil, Jalap and all other medicines have failed.
Safety.—Because it is perfectly safe in all cases—it never can do harm—the system will absorb no more than it necessary to repair it. It will not conflict with any carriers that may be taken internally.
We have not space in this publication to enumerate all the diseases cured by DALLEY'S PAIN EXTRACTOR, but we shall subjoin a few testimonials as to its value, selected from the thousands in our possession, from all parts of the country.

PILES.
It may be confidently stated that there is no case of PILES which may not be cured by the PAIN EXTRACTOR. It is a certain remedy, and is subsequent to the pain and soreness.
I, John Williams, a resident of Hamilton county and City of Cincinnati, feel it to be my duty that I owe to the community, thus to publicly state that I have been troubled with the PILES for about seven years, during which time I have suffered much bodily pain, lost a great portion of my time from being confined to my bed, and have expended several hundred dollars, but to no purpose. I continued to grow worse. Meanwhile, I was persuaded, and finally urged, to make a trial of "DALLEY'S MAGICAL PAIN EXTRACTOR" for the awful complaint; and to my utter amazement, I am as well and hearty as ever, and to the use of two boxes of this precious Ointment I ascribe my cure. These facts I am willing to affirm to, should it make the statement of an old resident any more authentic. JOHN WILLIAMS.
Cincinnati, 4th month, 1847.

ERYSIPELAS.
For Erysipelas the PAIN EXTRACTOR is invaluable. Other remedies may make the disease disappear for a little time, but it is driven in, and will re-appear in the same or some other place. The Pain Extractor, however, draws out and completely removes the cause of the disease and effects a thorough cure.
ALBANY, May 8, 1846, 94 Jarkmoat.
I was nine years under medical skill in the cities of New York and Albany, laboring under the most distressing Erysipelas, attended with Inflammation of the kidneys, and with bleeding Piles, deeply ulcerated, with large lumps, of the size of hens' eggs, protruding, and by a test, covered my body. The urinary secretions stopped for days, when my mouth was covered with canker, and my chest, at the roof of my neck, was in a very lame condition. My tongue cracked, and the roof of my mouth was covered with blisters, and my teeth would not hold [illegible]. In this misery I longed for death, and never expected recovery, when Mrs. Joseph [illegible] [illegible].

The wound began to inflame, and continued so to do until it became much distressed. I used Brough Oil, Turpentine, Myrrh, and several adhesive plasters, but all to no purpose.
