WHITE ZINC—Invented by Edmond Jean Leclaire, in Paris—Patented by the VIELLE MONTAGNE COMPANY in Europe and the United States. Has been generally introduced and thoroughly tested for the last five years in the most expensive public and private edifices in Paris, London, &c.

It is unalterable, and preserves its superior whiteness and brilliancy. Sulphurous exhalations and gases common to cities, do not affect it. It is free from poisonous effects, as painter's colic, &c.

This paint is cheaper to the consumer than white lead, as it weighs less and lasts much longer.

The qualities for sale by the Vielle Montagne Company are Snow White and Silver White, also Gray Zinc for common work, as metals, fences, walls, roofs, &c.

NEW-JERSEY EXPLORING AND MINING CO.
This Company is prepared to furnish a supply of their valuable
ZINC PAINTS,
which have been found, after several years' trial, both in Europe and in the United States, to retain their original beauty and protective properties, superior to any other Paint whatever. Their
WHITE ZINC PAINT
is purely an Oxide of Zinc, and is warranted free from all adulteration whatever. It has no poisonous properties to objectionable to the health of families and workmen in some other kinds of paints.
IT WILL NOT TURN YELLOW
when exposed to sulphurous or mephitic exhalations, or even when shut up in a close room, nor is it affected by pictures hung on walls coated with it. It may be worked with any color, or with water and oil, or with varnish instead of oil, thereby giving the justly celebrated porcelain finish.

A SHORT ANSWER to WM. JUDSON and the RUBBER COMBINATION.—For the past month the papers have teemed with a fresh supply of false and malicious attacks against H. H. Day and his business, all emanating from Wm. Judson, the agent, partner and counsel of the Rubber Monopolists. A legal opinion from such a source is of course not worth answering, and his abuse is equally contemptible.

Failing in this, he now assumes to speak for the "Combination" of Rubber Monopolists, and threatens to prosecute my customers if they dare to buy goods from Day. This is too old a trick to be patented, and the public can't be gulled any longer. The best goods will command the market, and if the "Combination" do really make their goods according to "Goodyear's Patent," all their threats will not make their goods sell, or prevent my customers from buying my goods which are not made according to Goodyear's glue and molasses patent.

For the past four years these wholesale monopolizers of the rights of the people, who stave off competition by threats of the law, have daily given out that Day's time had come—that he could n't stand it any longer; and yet he is on hand ready and able as ever to maintain his rights. In the only case which the Combination ever dared to bring to trial, they were beaten and Day got a verdict; but he has not heard yet that they have paid the costs, for which their sureties are liable.

Let them bring their actions to trial, and I promise them law and justice to their heart's content.

Let them come into Court if they dare. Their puffs of their own goods and their threats against my customers are equally vain. The public are tired of such humbug.

CAUTION TO THE PUBLIC.—All vulcanized white Rubber, as well as black and other colors not stamped by Horace H. Day, "GOODYEAR'S PATENT," according to his covenant in his license from Goodyear, is an infringement on Goodyear's Patents, and all dealers in, or purchasers of these goods, are equally liable as trespassers upon Goodyear's acknowledged rights with Horace H. Day himself, the Maker of such goods, and will be prosecuted accordingly. Day has a license from Goodyear to make Shirred Goods only, and a few small articles, by paying a tariff to Goodyear of three cents per yard, equal to about two mills on each pair of Congress Boots, while Day himself charges ten cents per pair for the use of Goodyear's Shirred Goods in Congress Boots to the hard-working shoemakers. All the India Rubber shoes now made by Horace H. Day, are an infringement upon Goodyear's Patents, and all dealers therein render themselves liable in damages to Mr. GOODYEAR the Patentee.

NOTICE TO THE PUBLIC.—We have noticed an attempt on the part of Day to involve ignorant men in his law suits, by a publication in which he has the daring to intimate that the caution published to behalf of the Shoe Association against dealers in Day's Shoes, is unauthorized. We can only say, in reply, that those who so deal and doubt will have their doubts speedily removed upon proof of their participation with Day in his infringements, by purchasing or by selling the condemned article. When Day's services are required in newspaper publications for us, due notice will be given.

TO THE PUBLIC.—INDIA RUBBER SHOES.—Our attention has been called to an advertisement by Horace H. Day, published in the New-York Herald of July 11, 1851, and the Courier and Enquirer of same date, in which, after much unmerited abuse of our attorney, Wm. Judson, Esq., he asserts that *we dare not charge him with pirating Goodyear's Patents* under *our own names*; and that he does not infringe Goodyear's Patents in the manufacture of shoes.

We have purchased our license for the manufacture of India Rubber Shoes under Goodyear's Patents and paid our money, and are duly paying a tariff for the same; and any other person might have done the same, if disposed to do so rather than pirate upon Goodyear's Patents. We think it more just to purchase a right to use a valid patent than to infringe it. Mr. Day after having been prosecuted, acknowledged Goodyear's rights, made a settlement and agreed in future not to infringe his patents. He is now attempting not only to infringe said patents but to injure us also, who have for a large consideration purchased our licenses and now work under them, and *we charge Mr. Day directly, and that over our own signatures*, with pirating upon Goodyear's Patents in the manufacture of the shoes which he is offering to the public; and we give notice that he and all who are concerned with him in purchasing or vending his shoes made in violation of said patent right will be prosecuted.
