Real Estate For Sale.

TO CAPITALISTS, EMIGRANTS MECHANICS, and OTHERS.—Three Thousand Acres of VALUABLE LAND lying at, near, and around MEDFORD STATION and BROOKHAVEN VILLAGE SITE, on the Long Island Railroad, FOR SALE. This is a tract of Land situated in the Township of Brookhaven, Suffolk County, Long Island, laid out on both sides of the Long Island Railroad.

Medford Station is 55 miles from Brooklyn. At present it is the point of communication by Railroad between New-York and the villages of Patchogue, Port Jefferson and Bellport, as well as other smaller places, and is one of the most important way points on the road. The Station is four miles from Patchogue and ten from Port Jefferson. As is well known, the Long Island Railroad is one of the established routes between New-York and Boston.

The soil embraces every variety, from pure loam to slightly loamy sand, is susceptible of the highest cultivation, and, from the facilities for obtaining sea-weed and fish for manure, as well as materials for compost, it is in every respect adapted to modern agriculture.

The tract is covered with an oak and pine growth of various sizes, and on it are many thousands of cords of wood, large enough for the New-York market. There is also some valuable building timber. Water of the best quality is easy of access.

The southerly boundary is 1½ miles from the center of Patchogue; the northerly 9 miles from Long Island Sound. There are mills, schools and churches within a few miles, and the country around is fast filling up. It is estimated that within a year over 200 persons have purchased lands in the immediate vicinity, for the purpose of improvement. In every respect these Lands are worthy the attention of Emigrants, Farmers, Mechanics and others.

For the convenience of purchasers, the property has been divided as nearly as possible into TEN-ACRE LOTS, which will be sold singly, with the privilege of one or more of the adjoining Lots. The prices have been graduated from $75 to $300 for a Lot of ten acres and upward.

Communication with the Railroad is by way of the Medford Station, where a person will always be in attendance on the arrival of the morning train from Brooklyn, and wait on purchasers.

A capitalist or body of emigrants would be treated with for the whole property.

The parties interested in these Lands have for sale 3,000 acres of other Land, including several highly productive Farms, in the vicinity, which they offer on reasonable terms. The titles are indisputable.

For terms of sale, further particulars, and maps of the property, apply to EMERSON & PRICHARD, Attorneys at Law, No. 10 Wall-st., New-York, or to persons on the premises. Communications by letter must be addressed, post-paid, to Messrs. EMERSON & PRICHARD.

The trains leave Brooklyn at 9 A. M. and 4 P. M., and arrive at Medford at 12 M. and 7 P. M. Leave Medford at 5h. 30m. and 1h. 45m. P. M., and arrive at Brooklyn at 8h. 30m. A. M. and 3 P. M. s24 1m

TO THE PUBLIC.—INDIA RUBBER SHOES.—Our attention has been called to an advertisement, Henry H. Day, published in the New-York Herald of June 11, 1851, and the Courier and Enquirer of same date, in which, after much unmerited abuse of our attorney, Wm. Judson, Esq., he asserts that we dare not charge him with pirating Goodyear's Patents under our own names, and that he does not infringe Goodyear's Patents in the manufacture of shoes.

We have purchased our license for the manufacture of India Rubber Shoes under Goodyear's Patents and paid our money, and are duly paying a tariff for the same; and any other person might have done the same, if disposed to do so rather than pirate upon Goodyear's Patents. We think it more just to purchase a right to use a valid patent than to infringe it. Mr. Day, after having been prosecuted, acknowledged Goodyear's rights, made a settlement and agreed in future not to infringe his patents. He now attempting not only to infringe said patents but to injure us also, who have for a large consideration purchased our licenses and now work under them, and we charge Mr. Day directly, and that ever our own signatures, with pirating upon Goodyear's Patents in the manufacture of the shoes which he is offering to the public; and we give notice that he and all who are concerned with him in purchasing or vending his shoes made in violation of said patent right will be prosecuted. New-York, July 12, 1851.

INDIA RUBBER SHOES.—FRAUD!—After all the fraudulent attempts to deceive the public, the "combination" evidently mean to allow the approaching Fall Term of Court to pass without a trial. I charge this now in advance, while there is plenty time to prepare—and I call upon the combination to produce witnesses—Adolphus Stone and John C. Bickford, persons in their employ, against whom I have attachments, to come forward and give their testimony. This they dare not do, and they dare not come to trial before a jury.

This I charge, and aver that the pretended patents are a fraud, and I can and will prove and establish it in Court, whenever the combination venture to a trial before a jury. If they are innocent of this charge, allow the witnesses to come upon the stand, and not keep them secreted. Bring the case to trial before a jury. For eight years I have charged the Goodyear Patent to be a fraud and swindle. If not, let them come before a jury, fairly. Until this is done, shame should keep you all from any more cowardly attacks in the newspapers. HORACE H. DAY,

Owner of 17 India Rubber Patents, and Manufacturer. Warehouse, 23 Cortland-st., New-York.—July 30. au27 tf
