DAILY CRESCENT.

Local Intelligence.

COMING EVENTS.—From the state of the city yesterday, we are led to imagine that there must be a large number of well-fixed Californians now on their way here, inasmuch as the prevailing southerly wind furnished as much or more dust than was necessary or conducive to the comfort of the permanent citizens of our streets.

INDIRECT MURDER.—Luke Brady was arrested on the Levee at 5 o'clock, yesterday, for knocking a negro off a dray, which being loaded with cotton passed over his body and caused his death.

CUT HIS THROAT.—On Monday night a porter in the Custom House, named George Arslay, attempted to commit suicide in a fit of delirium tremens, in a house on St. Louis street, by cutting his throat. Being discovered, he was confined and his throat sewed up. He is in a fair way to recover.

ASSAULT AND STABBING.—Thomas Stanton was arrested and conveyed to the lock-up of the First District, yesterday, by J. L. Page, who charges the accused with having assaulted and stabbed a mulatto boy, name unknown, in the vicinity of the St. Charles Hotel.

FIRST DISTRICT COURT.—*Trials Yesterday.*—Charles Bartholomy, a "gentleman nigger," and Mary Ann Ferrel, a "white lady," were tried on separate charges of larceny and found guilty.

Mary Ann Waldron, tried on a charge of larceny, and M. Pepper, for selling liquor to slaves, were acquitted.

RECORDER WINTER'S COURT.—*Dismissed.*—Jenny Lind, a night-in-gal that is voluntarily encamped in the abode of T. B. Philips, and who was charged with having on the 9th instant, made an assault upon Mrs. Sarah M. Hart, was yesterday discharged, no one appearing to prosecute.

ASSAULT AND BATTERY.—Six men were arraigned yesterday and severally fined, or in default, committed, charged with having disturbed the peace of the Louisiana Hotel at 5 o'clock, yesterday, and by having beaten and dangerously wounded Wm. Carr, a police officer, then and there in the discharge of his duty.

UNFORTUNATES.—More than the ordinary number of homeless and vagrant wanderers were yesterday set to the Work-house, there to find a temporary abode.

LARCENY.—Henry Casey, for the theft of a coat valued at $5, and coat being the property of John Dolan, was held in the sum of $200 to appear and answer the charge before the Criminal Court.

HIGHWAY ROBBERY.—A young man by the name of Henry Columbus was yesterday examined on the charge of having on the 5th instant knocked down Mrs. Ella White and robbed her of a gold watch, etc. The occurrence took place on the Common street Shell Road, where the lady, who had taken passage in the omnibus at Carondelet, was forced to seek refuge from the cab, and the attempted liberties of the driver upon her person. The prosecutrix stated that the rape was suffered to fall to the ground, but accused was sent to answer the charge of highway robbery before the First District Court.

COUNTERFEIT CASE.—Thomas Shaw, *alias* Edward Solomon was arraigned yesterday on the charge of having attempted to utter counterfeit money. His examination is fixed for the 25th inst.

THE OLD PAPER FUNE STORY.—A chap named Meredith Vines being one of that tribe of biped jackasses who ceaselessly "turn up" freaks port, appeared before Recorder Genoux yesterday, with a very doleful complaint about having been taken in and done for at a Mock Auction shop. He stated that being a stranger in this city and consequently not "up to snuff," he entered a certain Mock Auction shop on Levee street, where some watches were being offered for sale. Being there, an individual—name unknown—of insinuating manners stepped up to him and informed him he was about purchasing a watch, inquiring him that he would on the spot, not only return him his money, but give him an advance of ten dollars on each watch. Being a bigger fool than Jones's calf that ran nine miles after a bell, mistaking him for his mother the biped complainant not only bid on three of the watches, but paid $50 each for them, making the gross sum of $150 each out. Afterwards the biped aforesaid was conducted by the said individual of insinuating manners to a jewelry store, which he didn't know the location of, where he handed to the head devil there presiding the three watches, who took them and moreover asked for the "loan of a fifty." This was what gave the biped pain.

The keeper of the jewelry shop then handed to the biped "a miserable turnip," or worthless sort of watch, as security for the ten dollars borrowed and for the three watches left to be sold, assuring him that the "turnip" was worth more than all the three watches together. This he found out afterwards, as he might have known before, was all gammon. After this, the said individual of insinuating manners conducted the complainant back to the original auction store, under the pretence of getting with the original auctioneer and of "planking down the mopuses." In this complainant that he could not settle with him until 5 o'clock in the afternoon.

This being the state of the facts, long play was complained of, and warrants issued for the arrest of the new fool.

SALTY.—John Sullivan, for beating Gabe Smith, a descendant of the illustrious John Smith, with his own dray whip, was whipped off for trial before the First District Court.

DEATH OF AN OLD STAGER!—Susannah Kelly, long known to the gay Lothario of the city as *the* Susannah, who for years past has been the presiding divinity at that resort of nameless delights, situated at the corner of Royal and St. Peter streets, is dead. Having made fruitless hearts throughout the whole of her eventful life, and brought about more amours than Lola had lovers, her own heart at last became affected and she died. The coroner held an inquest on her body and found that she was forty-three years old and died of disease of the heart.

NEW ORLEANS MARKETS.

SEMI-WEEKLY REVIEW.

CRESCENT OFFICE,
WEDNESDAY MORNING, February 16, 1858.

A fair amount of business has been done in our general market during the past three days, though with a fluctuating demand. Coffee opened briskly, but the inquiry soon fell off, leaving again upon the publication of later news from Europe. Tobacco has presented no new feature worthy of special notice, the sales being yet rather limited. Sugar and Molasses have been in fair request at steady prices. Flour continues quiet in the absence of any considerable demand for export, while Corn has been in request. Pork and Bacon have ruled quiet, with a good demand for some articles, and an advance in rates for Green Meats. Freights and Exchange have been firm. Yesterday morning we published the telegraphic accounts of the steamer Niagara (which had taken the place of the Asia), bringing our dates from Liverpool up to the 20th January. The advices by this arrival continue favorable, representing the Cotton Market at Liverpool as still improving under a good demand, and an advance in rates of another ⅛d during the week following the departure of the Canada. The official quotations are stated as follows: Fair Orleans 6⅝, Middling Orleans 5¾, Fair Uplands 5, and Middling Uplands 5⅛ ₱ lb. At Havre, also, the market is stated to have advanced, and Fine Cotton Orleans is quoted at 91c, and Middling Uplands at 90c ₱ 50 kilo. The quotations for Fine Cotton Orleans, by the Atlantic, were 89⅝@90c. The sales for the week in the Liverpool market were 50,000 bales, of which 14,000 were on speculation, and 5000 for export, and in the Havre market 14,000 bales.

COTTON.—We left the Cotton Market, at the date of our last weekly review, with an inactive appearance, the transactions of Friday being limited to 1500 bales, making a total business for the week of barely 30,000 bales, actual sales having been firm throughout the week, being their protections upon the favorable European accounts brought by the Canada and Atlantic. On Saturday, however, factors found themselves compelled to make concessions to the extent of ⅛@¼c ₱ lb, which they did with the effect of bringing forward buyers for fully 15,000 bales. The impulse the given to the demand was momentary, and on Monday large sales were made at the advance of the irregular price, though without any further material change. Yesterday morning, as stated above, we gave the Niagara's advice before our readers, but, notwithstanding this favorable tenor, the market opened extremely dull, and the sales of the day reached barely 400 bales, making a total for the three days of 22,500 bales. Prices were extremely irregular, and closed generally in favor of the buyer. But the transactions were mostly for small lots, we return our last quotations.

The receipts of the three days are 29,848 bales, against 67,675 bales for the corresponding period last year, and the total receipts at this port since the 1st September have been 1,195,979 bales, against 1,275,436 the same date last year, showing an increase of 420,543 bales. We still quote as follows:
