How it Stands.

Just at this time it seems as if the country were to be cheated out of its rightful choice for President, "*by due process of law.*" The Joint High Commission has sqeezed and forced Florida into the Hayes column in violation of even common decency, to say nothing of right and justice, or even the laws of Florida as laid down by the highest Court of that state. In view of the precedent established in Florida we have but little reason to hope for justice in the case of Louisiana. However, the result must be reached in a short time, and we patiently wait to see the end.

Letter from Washington.

Washington, D. C. Feb. 8. 1877.

EDITOR JOURNAL:

I take the liberty of sending you a few lines in reference to the Electoral Count Bill, about which the American people are now so much excited. As a matter of principle the Democratic party is a unit on the question of the mode of counting the electoral vote. As a question of policy however the leaders and the masses are divided in opinion. The very fact of a divided sentiment upon this important point renders the Electoral Count Commission an important tribunal for the settlement of an issue of such vast magnitude. The Republican party entrenched in power with every branch of the Government absolutely in its possession, but one. The Army, the Navy and one hundred thousand office holders at the back of a silent and unprincipled executives constitute a power that can more easily be managed by appeal to law then an appeal to arms. With full confidence in the fact that Tilden and Hendricks were elected and a firm belief that a bold and determined conspiracy to defeat their inauguration could be easiest and most satisfactorily defeated by this Electoral Court, the Democratic party yielded to assent to the decision of the joint committee of the House and the Senate with remarkable unaminity, with the best of motives and in a spirit of profound patriotism. Among those who joined with the majority of the Democratic party in this decision for a peaceful settlement of the Presidential question was our representative, Hon. L. A. Mackey. After mature deliberation and a candid consideration of the whole question, he united with Randall and Clymer, in fact the whole Pennsylvania delegation and with the best element in the Democratic party of the Union, and voted to refer the entire matter of determining the result of the late election to this court. Whatever may be the result of this reference the action of Mr. Mackey will stand approved by his constituents. His good judgement. his well known prudence, and his patriotic motive in this as in all his public acts, will certainly be appreciated by his constituents.

R. M. M.

A bill has been introduced in the Legislature to punish improper assemblies upon the public streets. The bill provides that any three persons who shall remain for a quarter of an hour in front of any public house or church, and shall engage in profane, obscene or loud talk, or in making invidious or abusive remarks, or in abstructing the highway, shall be guilty of a misdemeanor.

We think the above is a very important bill in the interests of good manners and decency. We have often seen it in our town, and presume that other places are no better in this respect, that ladies, even, preferred to step out into the a muddy street, rather than force their way through a rude and boisterous crowd, such as is often gathered in front of hotels and stores. Let the bill pass without dissent.

A bill is now pending the Legislature prohibiting any man from signing away his rights, or those of his family, under the $300 exemption law. This is eminently right and proper. We do not consider it just that any man should be permitted to barter the legal rights of those dependent upon him for support, and reduce them to object poverty. Let the bill pass.

A bill is before the Legislature requiring all persons desiring to marry to take out a marriage license which is to be entered on record in the proper county, after the marriage.

The best resolution yet before the Legislature is the one to adjourn.

The treasury of Union county is empty. Sock up, tax-payers.

Read the letter from Washington: It is written by a citizen of Millheim now in that city.

Judge Frank & Son have dissolved partnership. The old Judge will run the business on his own hook again.

Money sold at 39½, 37½ and 36 per cent. premium, at the sale of the Building Association, on Monday evening. Cheap, don't you think so?

Saw the pleasant face and grasped the friendly hand of Dr. Squire Ornd'rf, in our sanctum, on Tuesday morning. Fact.

Gold is down to about 104. Very cheap, truly, but what good does it do a fellow, whether high or low, when he has none got. Poor we.

The Mifflinburg *Telegraph* thinks it is a good thing to have a few errors (typographical?) in a sale bill. It will then attract attention and be read more largely than if correct.

Horace G. Stover, late of Aaronsburg, a young man of first class talents and excellent character, has settled down as a lawyer at Versailles, Mo. We wish him abundant success.

Centre Hall is to have an Academic Institute, of which Prof. Fortney, a graduate of Penna. College and late Prof. of Mathematics in the Missionary Institute at Selinsgrove, is to be the teacher.

There will be a Shooting Match and a Wheeling Match in Woodward, on Saturday, February 17. at 9 o'clock, A. M. The prize for the shooting match will be a new sett of Yankee Harness, and for the wheeling match, a gun. All are invited to attend.

In a letter addressed to Henry Beck, Esq., Commissioners' Clerk of Centre county, Judge Orvis says that the several townships and boroughs of this county must elect assessors this year, as usual. The decision of Attorney General Lear does not seem to apply to Centre county.

A free lecture will be delivered in the Town Hall, Millheim, on the evening of Washington's birthday, the 22nd inst., under the auspices of the order of O. U. A. M., who will appear in full regalia. The Band will pe present. The public, and ladies especially, are cordially invited to attend.

On the 5th inst., the Mifflinburg Building Association elected the following officers.

President, Samuel Cronmiller; Secretary, J. D. S. Gast; Treasurer, H. G. Wolf; Directors, S. S. Barber, Enoch Miller, G. W. Chambers, B. F. Eaton, J. R. Zellers, G. N. Youngman, H. P. Glover, S. B. Hoffman.

COAL DIGGING IN SUGAR VALLEY.—Mr. J L. Boone yesterday brought us a specimen of something very much like hard Coal taken from a two-foot vein of such on the farm of Daniel Moyer, in the west end of Sugar Valley. It has been tested in a stove, and burned slowly, about as well as ordinary Coal. A shaft was sunk about 10 feet before reaching it, and the indications are that there is a large body of it.—Lock Haven *Democrat.*

At the regular annual election of the Millheim B. & L. Association held on Monday evening, the following officers were elected:

President—A. Walter,
Vice President—H. W. Kreamer,
Secretary—D L Zerby.
Directors—J. B. Leitzell, S. D. Musser } 3 years
B. O. Deininger, 1 year.

Spots upon the Sun do not visibly diminish its brilliancy. but spots, pimples or blotches upon the face, neck or arms seriously detract from female beauty. They may, however, be completely removed by the daily use of Glenn's Sulphur Soap Depot, Crittenton's 76th Ave., N. Y. Hill's Hair & Whisker Dye, black or brown, 50cts.

The Millheim Cornet Band gave a concert in Mifflinburg on Saturday evening last. Over $40 were realized. which is very good, as times are. The Band is pleased with Mifflinburg. Mifflinburg is pleased with the Band, we are pleased with both, and the price of the Journal is one dollar and fifty cents a year.

The Lewisburg *Chronicle* is pleased to learn that the bonnets next spring are to assume only 72 shapes. Of course each lady who wishes to be in the fashion must secure at least one of each shape; and the number being comparatively small, the capital required will be proportionate.

We have. received the January number of LEISURE HOURS, a handsome mammoth 16 page (6 columns) family paper, filled with the choicest literature—serial and short stories, sketches, poetry, wit, humor, &c., &c. It is entertaining, amusing and instructive, and is one of the chapest papers—the amount and quality of matter considered—that we have seen. The price is $1.20 per year, including as premium a genuine fine-line steel engraving, called "The Mitherless Bairn," printed on 22x28 plate paper, which the publishers claim is superior in point of merit and attractiveness to any premium ever offered by any other paper in this country, and is alone worth the money asked for both.

The publishers. J L. Patten & Co., 162 William st., New York, authorize us to say, that in order to introduce the paper in this vicinity they make a special offer to every one of our readers to send them the paper—a "trial trip" of four months, postpaid, commencing with January number—for 25 cents.

Our readers who avail themselves of this offer will, we feel certain, thank us for having called their attention to it. The publishers of LEISURE HOURS would like to employ some one in every place to canvass for this paper. 4t,

THE unparalelled success which has attended Mr. Daniel F. Beatty, as a manufacturer of pianos and organs, speaks highly for the superiority of his instruments. DANGEROUS FUN.—Herman Fricke is the hostler at Garman's Hotel. He sleeps behind the counter in the office, that he may be conveniently waked by those who come in with teams after night. A pitcher of water usually sets upon the counter in front of Herman, and upon several occasions its contents have been emptied upon him while he was asleep, by parties who have come in late with no other apparent motive than to have some fun in this way. On Sunday evening week ago Fricke retired in his usual place—this time with a revolver by his side. About three o'clock in the morning Charlie Nolan and a companion named McCafferty, stepped into the office, and, thinking they saw a good opportunity for a joke, emptied the pitcher of water upon the sleeper. The latter, however, determined to teach them a lesson, and drew his revolver upon them, seeing which Nolan jumped behind the stove, pitcher in hand. Fricke fired, the bill breaking a glass in the door. Nolan, supposing that it was only a pistol and that there were no reserve shots. jumped from behind the stove and hurled the pitcher at Herman but missed him. He then made for the door, Fricke firing another shot at him as he passed out, the bullet lodging in the panels of the door below the glass. In the meantime McCafferty threw a couple of chairs at the enraged shooter, and then followed his companion out. The would be jokers made a narrow escape, and will no doubt be convinced that there is too much danger in that kind of fun to undertake a repetition of it.—Bellefonte *Republican.*

PROTECT YOUR BUILDINGS, Which may be done with one-fourths the usual expense, by using our

PATENT SLATE PAINT

(Fifteen Years Established.)
MIXED READY FOR USE.
Fire-proof, Water-proof, Durable Economical and Ornamental.

A roof may be covered with a very cheap shingle, and by application of this slate is made to last from 20 to 25 years. old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for

One-third the Cost of Re-shingling.

The expense of slating new shingles is only about the cost of simply laying them. The paint is FIRE-PROOF against sparks or flying embers, as may be easily tested by any one

IT STOPS EVERY LEAK,

and for tin or iron has no equal, as it expands by heat, contracts by cold, and NEVER CRACKS or scales. Roofs covered with Tar Sheathing Felt can be made water-tight at a smaller expense, and preserved for many years This slate Paint is

EXTREMELY CHEAP.

Two gallons will cover a hundred square feet of shingle roof, while on tin, iron, felt matched boards, or any smooth surface, from two quarts to one gallon are required to 100 square feet of surface, and although the paint has a heavy body it is easily applied with a brush.

No Tar is used in this Composition

therefore it neither cracks in Winter, nor runs in Summer.

On decayed shingles, it fills up the holes and pores, and gives a new substantial roof that will last for years. CURLED OR WARPED shingles it brings to their places, and keeps them there. It fills up all holes in felt roofs stops the leaks—and although a slow dryer rain does not affect it a few hours after applying. As nearly all paints that are black contain TAR, be sure you obtain our genuine article, which (for shingle roofs) is

CHOCOLATE COLOR,

when first applied, changing in about a month to an uniform slate color, and is, all intents and purposes SLATE. On

TIN ROOFS

our red color is usually preferred, as one coat is equal to five of any ordinary paint. For

BRICK WALLS

Our BRIGHT RED is the only reliable Slate Paint ever introduced that will effectually prevent dampness from penetrating and discoloring the plaster.

These paints are also largely used on outhouses and fences, or as a priming coat on fine buildings.

Our only colors are CHOCOLATE, RED, BRIGHT RED, and ORANGE.

BEATTY'S Parlor Organ

Est'd. in 1856

The best and most lasting parlor organ now in use. No other parlor organ has ever attained the same popularity.

It has been tested by thousands, many of them competent judges, and gives universal satisfaction to all.

The music is adapted to the human voice, ranging from the softest flute-like note to a volume of sound unsurpassed by any instrument.
