Education.

PATAPSCO FEMALE INSTITUTE. MARYLAND.

THE TRUSTEES of the Patapsco Female Institute announce to the public that the [illegible] buildings and improvements commenced by them a year ago in accordance with the subjoined resolutions, are now complete. These improvements have not been made with a view to increase the school, but for the greater convenience and comfort of the usual number of pupils.

The new chapel is a handsome and most appropriate structure, for the exclusive use of the inmates of the Institute, and in all its arrangements it is most complete. It is furnished with a new organ of fine construction and excellent tone.

The administration of Mr. Archer for the past year and the present has been attended with unprecedented success, and the Trustees feel themselves fully justified in recommending the Institute to the continued favor of the Sovereign.

It has pre-eminence in healthfulness. The pupils avoiding, on the one hand, the debilitating effects of a Southern climate, and on the other the rigors of the North, have few of the interruptions incident to both these climates.

It is sufficiently near to the city of Baltimore to enjoy the benefits of a city without any of its evils.

As an Institution of learning it has the advantage of a full organization, a resident chaplain, and a corps of accomplished teachers and professors, called together from time to time in the long experience of those having charge of the Institute.

The Trustees of the Patapsco Female Institute, having been duly notified by Mrs. Lincoln Phelps of her intention to resign her office of principal at the close of the present school year, have elected Robert H. Archer as her successor. The eminent success of Mr. Archer in conducting for many years a School for Young Ladies in the city of Baltimore, entitles him to our confidence as a person peculiarly qualified to maintain the present high standing, and insure the permanent prosperity of the Institution; and with this view we are engaged in the erection of another building in addition to the present extensive accommodations of the Institute.

CHAS. W. DORSEY, PRESIDENT. WM. DENNY, M D., SECRETARY. T. WATKINS LIGON, E. HAMMOND, JOHN. P. KENNEDY. fe22-4tf.

LAW SCHOOL OF THE UNIVERSITY AT CAMBRIDGE, MASS.
The Instructors in this School are
Hon. JOEL PARKER, LL.D., Royal Professor.
Hon. THEOPHILUS PARSONS, LL.D., Dane Professor.
Hon. EMORY WASHBURN, LL.D., University Professor.

The course of instruction embraces the various branches of the Common Law, and of Equity, Admiralty, Commercial, International and Constitutional Law, and the Jurisprudence of the United States. The Law Library consists of about 14,000 volumes, and as new works appear they are added, and every effort is made to render it complete.

Instruction is given by oral lectures and expositions, (and by recitations and examinations, in connection with them,) of which there are ten every week. Two Moot Courts are also holden in each week, at each of which a cause, previously given out, is argued by four students, and an opinion delivered by the Presiding Instructor. Rooms and other facilities are also provided for the Club Courts; and an Assembly is held weekly for practice in debate, and acquiring a knowledge of parliamentary law and proceedings.

Students may enter the School in any stage of their professional studies or mercantile pursuits, and at the commencement of either term, or in the middle or other part of term.

They are at liberty to select what studies they will pursue according to their view of their own wants and attainments.

The Academical year, which commences on Thursday, six weeks after the third Wednesday in July, is divided into two terms, of twenty weeks each, with a vacation of six weeks at the end of each term.

During the Winter vacation, the Library is opened, warmed, and lighted, for the use of the members of the School.

Applications for admission, or for Catalogues, or any further information, may be made to either of the Professors at Cambridge.

Cambridge, Mass., January, 1858. [d6t-1aw6m.

Agricultural.

RHODES' *SUPER PHOSPATE OF LIME,*
MANUFACTURED FROM FORMULA OF
DR. JAMES HIGGINS,
STATE CHEMIST OF MARYLAND.

EVERY LOT OFFERED FOR SALE REGUARLY ANALYZED BY DRS. JAS. HIGGINS AND CHARLES BICKELL AND FULLY WARRANTED.

In introducing this *HIGHLY AUTHENTICATED FERTILIZER* to the agriculturist of the United States, for the year 1858, we forbear any lengthened remarks, as their intelligence is already informed of the value of BONES TREATED WITH SULPHURIC ACID, producing the bi-phospate of lime, and yielding *SOLUBLE PHOSPHORIC ACID*, the efficient and indispensable nutriment of plants.

As many preparations are offered to the public style "Super Phospate," we have for our own, and the protection of the agricultural community, appended up to *Drs.* Higgins and Bickell the entire scientific feature of the RHODES' SUPER PHOSPHATE OF LIME, and every lot offered for sale is regularly analyzed by them and reported to the public, which we conceive will be a proper caution to the agricultural community to protect them from imposition in the many spurious articles now offered in the market.

PAMPHLETS containing a detailed account will be furnished on application or forwarded per mail.

Packed in barrels and bags.

Price $45 per ton of 2,000 lbs.

Address B. M. RHODES & CO.,
fe22-3m 141 West Pratt Street, Baltimore.

WHEELER & WILSONS *IMPROVED FAMILY SEWING MACHINE,*
249 BALTIMORE STREET.

Thousands of these MACHINES have been in successful operation in the hands of

FAMILIES, PLANTERS AND MANUFACTURERS.

for the past several years, and have thus earned the proud pre-eminence universally conceded to them. Thus, THE PREMIUM was awarded to the machines at the Fair of the Maryland Institute, 1854. Also, the SWAN PREMIUM OF ONE HUNDRED DOLLARS at the same Fair, as one of "the most practicable inventions adapted to common use, to be estimated with reference to cheapness and general utility." Also the Highest Premium at the Metropolitan Fair at Washington, February, 1855; and the Highest Premium at the Pennsylvania late State Fair, held at Harrisburg, September, 1855 (a Silver Medal); and the Highest Premium at the Mechanics' Fair at Cincinnati; the Highest Premium at New York State Fair at Elmira, September, 1855; and the Highest Premium at the late Fair of the Maryland Institute of 1856 (a Gold Medal).

PAGE'S PATENT
PORTABLE SAW MILL
AND
PORTABLE STEAM ENGINES.

These Engines are of four different sizes, two of them—the two smallest—STRICTLY PORTABLE, and easily hauled by four or six horses, according to the state of the roads, being mounted on strong and substantial wheels.—The latter Engines are adapted to all the purposes of the plantation, as sawing, grinding, ginning of cotton, threshing, &c. The two largest Engines are DETACHED; the boilers, smoke stack, &c., being mounted on strong and substantial wheels, can be removed any where with a team of 6 or 8 horses. NO BRICK WORK IS REQUIRED TO PUT THEM IN FULL OPERATION. One of the two smallest portable Engines is of 10 horse power, the other 5; both are well adapted for the purposes before enumerated, which should recommend them to planters and farmers, as it is obviously their interest to have such labor saving machinery on their plantations, and in their neighborhood, as they are so arranged as to be exempt from all danger of fire. The three Largest Engines can saw from 2,000 to 10,000 feet of lumber per day, according to its respective size.

GRIST MILLS FOR PLANTATION PURPOSES,
OF VARIOUS SIZES—PRICES ACCORDING TO SIZE.
STUMP PULLING MACHINE.

This machine is effective, light, simple and cheap, and has been long wanted by agriculturalists. With two men it can do the work of ten, and only requires to be seen to be highly appreciated. Address

FAIRBANK'S PLATFORM SCALES.

THE UNDERSIGNED having purchased the EXCLUSIVE AGENCY for the sale of
FAIRBANK'S SCALES
in the Southern States, respectfully invite the attention of the business world to the superiority of these Scales over every other description of weighing machines in use. *The bearings are broad knife edges*, placed *on polished steel surfaces*, so dressed and levelled that *the knife edge bearings rest equally throughout their whole length*, and in every point, *skill and fidelity have obviated all tendency to derangement and wear.*

These scales have been subjected to the SEVEREST TESTS on all the principal Railroads in the United States and England, and in every branch of business throughout the world, and their uniform accuracy and great durability, have gained for them the reputation of being THE STANDARD FROM WHICH THERE CAN BE NO APPEAL. At the World's Fair in New York, and the last four Exhibitions of the Maryland Institute, they have received the FIRST PREMIUMS.

In the case of O'Brien *vs.* Reese, in the Court of Common Pleas (October, 1854) of Baltimore city, the learned Judge declared, in open Court, "that *Fairbank's Scales being the Government Standard, and their accuracy having been determined beyond all question, all legal issues must be decided in their favor.*" We are prepared to fill orders for Counter, Portable, Dormant, Hay, Coal, Railroad, Canal, &c., SCALES, at manufacturer's prices.

A NEW ERA IN PHOTOGRAPHY
AT
P. L. PERKINS'
METROPOLITAN GALLERY
No. 99 BALTIMORE STREET, OPPOSITE HOLLIDAY.

All the various branches of the art successfully carried on at this establishment, and no humbug used to cheat or deceive the public. Mr. P.'s new invention of producing Life-Size Pictures from small daguerreotypes on CANVAS is the admiration of all who see them. Mr. Kerkhoven, the great French artist, has been retained for coloring, in his beautiful style, the above gems. The public will please call and see. fe22-tf
