B. A. FAHNESTOCK'S VERMIFUGE.—From Mr. John Herriford, Mail Contractor, Tuscumbia, Ala. B. A. Fahnestock & Co.—Gentlemen: For the benefit of others I take pleasure in testifying to the invaluable qualities of your Vermifuge. About ten years ago my attention was first called to it by a friend, an officer in one of the Banks in Nashville, in whose relationship to one than a brother, I feel the deepest interest, and in the strongest and most exclusively resulting. By his advice I took a vial home for one of my children, who had suffered from very feeble and subject to frequent attacks. The Vermifuge expelled a great number of worms, and the child afterwards gradually recovered good health. I have since used it in my family for years, and have never failed to find it the ultimate of all the kind I ever tried. When should the youngest of them will ask for a Vermifuge.

Remarkable case in the family of a near relation, I will mention in passing. The child was about four years of age, had always been sickly, pale and feeble, with return pains, and at the age mentioned, scarcely lost the use of the lower extremities. I recommended the use of your Vermifuge to the case, and left the half of a vial which I was then having, with directions to use it. I learned afterwards that the child passed in enormous balls of LARGE WORMS—the number not recollected, but it was stated to have been by the one of the Vermifuge, the flesh sound, and health began to improve. When I next saw the child was walking, and enjoying perfect health! This recovery took place about twelve months since. Respectfully, JOHN HERRIFORD. Tuscumbia, Tenn. June 23, 1852.
