B. A. FAHNESTOCK'S VERMIFUGE.—From Mr. John Hartshorn, Mail Contractor, Tenn. Messrs. B. A. Fahnestock & Co.—Gentlemen: For the benefit of others I take pleasure in testifying to the wonderful virtues of your Vermifuge. About ten years ago my attention was first called to it by a friend, an officer in one of the Banks in Nashville, in whose estimation it was then a standard article, having used it in his house with satisfactory results. By his advice I took a vial home for one of my children, who had until then been very much afflicted with frequent sickness. The Vermifuge expelled a great number of worms, and the child afterwards gradually recovered good health. I have since used it regularly in my family for most of the ailments for which it is generally with good effect. When unwell the youngest of them will ask for a Vermifuge!!

One remarkable case is the family of a near relation, I will mention in particular. The child was about four years of age, had always been puny; often attacked with severe pains, and at the age mentioned had nearly lost the use of the lower extremities. I recommended the use of your Vermifuge in the case, and left the half of a vial which I was taking home, with directions for the child to take a teaspoonful. The child passed an enormous bulk of LARGE WORMS—the tumor subsided—and in a short time after by the use of the Vermifuge the child recovered and health began to improve. When I next saw the child she was walking, and enjoying perfect health! This recovery from the very jaws of death, the friends attribute to the use of your Vermifuge. Murfreesboro, Tenn., June 23, 1852. JOHN HERRIFORD!
