IMPORTANT TO ALL INVALIDS.

IRON IN THE BLOOD.

It is well known to the medical profession that IRON is the Vital Principle or Life Element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if *from any cause whatever* the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the Lungs, will stupefy the brain, will obstruct the liver, and send its disease-producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease.

The great value of IRON AS A MEDICINE is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrup, by combination in a way before unknown.

THE PERUVIAN SYRUP

is a PROTECTED solution of the PROTOXIDE OF IRON. A NEW DISCOVERY IN MEDICINE, that Strikes at the Root of Disease by supplying the blood with its *Vital Principle or Life Element—Iron.*

THE PERUVIAN SYRUP

Cures Dyspepsia, Liver Complaint, Dropsy, Fever and Ague, Loss of Energy, Low Spirits.

THE PERUVIAN SYRUP

Infuses strength, vigor and new life into the system, and builds up an 'Iron Constitution.'

THE PERUVIAN SYRUP

Cures Chronic Diarrhœa, Scrofula, Boils, Scurvy, Loss of Constitutional Vigor.

THE PERUVIAN SYRUP

Cures Nervous Affections, Female Complaints, and all diseases of the Kidneys and Bladder.

THE PERUVIAN SYRUP

Is a Specific for all diseases originating in a bad state of the blood, or accompanied by Debility or a Low State of the System.

Pamphlets containing certificates of cure and recommendations from some of the most eminent Physicians, Clergymen, and others, will be sent free to any address. We select a few of the names to show the character of the testimonials.

PARTICULAR NOTICE.—Completion of the Companion Volume.

AN IMPORTANT WORK, COMPLETE IN ITSELF.

Part 7 completes the Companion Volume.—It has been designed to present in this Volume a full collection of two important classes of papers relative to the rebellion, namely:

I. Those which are rather comments upon the current of events than direct descriptions of them; and

II. Some of the longer reports from military and other officers, the substance of which is given in other briefer documents in the Record but which are so interesting a part of the history of the war that they are of great value to the general reader, as well as the historian.

It should be clearly understood that this "Companion Volume" is a work *distinct in itself*, and not an essential part of the REBELLION RECORD. It has been made uniform with the RECORD in appearance, on this account, as well as because of its subject, it is fitly called the "Companion Volume." It is a desirable addition to a set of the Record; though at the same time being a series of most valuable contributions, historical essays and narratives, *complete in itself*, it is equally desirable for persons not owning the larger work.

The following are a few of the important documents contained in the Companion Volume:

Speech of John Bright, December 4th, 1861.
London Times Article on the above.
Confederate Sequestration Act of August 30 1861.
The Rebellion: its origin and Maintenance.—By Charles Sumner.
The Portuguese Declaration regarding Privateers.
Neutrality Proclamations and Correspondence on the part of Russia, Spain, Hawaii, Prussia.
Addresses by Anderson, Benning and Preston, before the Virginia Convention, in February, 1861.
Proceedings, Constitution and roll of the Southern Rights Association of St. Helena Parish, S. C.
Official Reports from Barry, McCall, Foote.
Gen. McClellan's entire Report, with Maps and Plans.
Official Reports from Southern Officers—Morgan, Pemberton, Beauregard, etc.
The Contest in America. By John S. Mill.
Speech of Robert Toombs before the Legislature of Georgia, Nov. 1860.
Maryland and Massachusetts—Proceedings in the Legislature of Massachusetts upon the Act of the State of Maryland Appropriating Money for the families of those belonging to the Sixth Regiment of Massachusetts Volunteers who were killed or disabled by wounds received in the riot of Balto. April 19, 1861.
Alexander H. Stephens' Letter on Martial Law and Military Usurpation.
Message of Jeff. Davis, Feb. 25, 1862.
Secession in Europe—Correspondence between the Rebel Commissioners and Earl Russel.
Correspondence between Horace Greely and President Lincoln, Aug. 1862.
The invasion of Maryland in 1862—Proclamations of General Lee, Bradley T. Johnson, and Rebel Governor Bradford—Address to the Citizens of Lancaster.

The Volume is illustrated with portraits of John Bright, Wm. H. Seward, Adjt. F. A. Stearns, Charles Sumner, Chief-Justice Taney, Col. E. E. Ellsworth, Joseph Holt, Richard Cobden, Judge J. L. Pettigru, Lieut. H. B. Hidden, Maj. N. H. Ferry, Alex. H. Stephens.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

A pure and powerful Tonic, corrective and alterative of wonderful efficacy in disease of the

STOMACH, LIVER AND BOWELS

Cures Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms, and all Complaints of either sex, arising from Bodily Weakness whether inherent in the system or produced by special causes.

Nothing that is not wholesome, genial and restorative in its nature enters into the composition of Hostetter's STOMACH BITTERS.—This popular preparation contains no minerals of any kind, no deadly botanical element; nothing exists but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants

It is well to be forearmed against disease, and so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water and other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infected with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy and thousands who resort to it under apprehension of an attack, escape the scourg; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients after being piled with quinine for months in vain, and fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of Hostetter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion Acting as a gentle and painless aperient, as well as upon the Liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of fickle habit, liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agony of Bilious Cholic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it the return of the complaint may be prevented

As a General Tonic, Hostetter's Bitters produce effects which must be experienced or witnessed before they can be fully appreciated.—In cases of Constitutional Weakness, Premature Decay and Debility and Decrepitude arising from Old Age, it exercises the electrical influence. In the convalescent stage of all diseases it operates as a delightful invigorant.—When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is The Only Safe Stimulant, being manufactured from sound and innocuous materials, and entirely freefrom the acid elements present more or less in all the ordinary tonics and stomachics of the day.

No family medicine has been so universally, and it may be truly added, deservedly popular with the intelligent portion of the community as Hostetter's Bitters.

IT IS NOT A DYE,

But restores gray hair to its original color, by supplying the capillary tubes with natural sustenance, impaired by age or disease. promotes its growth, prevents its falling off, eradicates dandruff, and imparts health and pleasantness to the head.
