BRIEF NEWS OF OREGON

Coquille will be added to the cities in Oregon that are dry July 1.

Pilot Rock has shipped 700,000 pounds of wool this season of a better grade than last year.

The Southern Oregon-Northern California Mining Congress will meet in Ashland July 9 and 10.

D. K. Sheldon, who lives near Prineville, has been arrested, charged with having slain his infant child and burned the body.

Senators Chamberlain and Lane are in receipt of resolutions passed by a mass meeting at Springfield deprecating a war with Mexico.

Total of 2,500,000 Chinook salmon fry have been released from the Chinook hatchery at the mouth of the Columbia.

The 29th annual grand encampment of Indian War Veterans of the North Pacific Coast was held Wednesday at Portland.

Grants Pass is making headway on its new municipal railroad, several carloads of steel and rails having been received for use in the work. First ten miles will be completed this week.

The Rogue River valley creamery is planning to buy a carload of cows for us by the farmers on easy terms. The creamery has a surplus fund for the purpose on hand.

The interstate commerce commission has ordered hearings in the Oregon strawberry express rate matter in Spokane July 30, before Commissioner Hall.

At the meeting of the Oregon Exposition Commissioners it was definitely decided that \$10,000 be appropriated as awards for Oregon live-stock at the Panama-Pacific Exposition. On the completion of the budget, it is hoped to raise this sum to \$15,000.

In the debate over mileage, Senator Lane advocated the allowance to members of congress of actual expenses instead of 20 cents a mile. The present system, he said, amounts to an indirect increase of salary, and the people look upon it as "Backsheesh."

Initiative petitions have been placed in circulation in Hood River county to reduce the salaries of county officials in the aggregate sum of \$1400. All officials except the treasurer are affected by the proposed schedule. County judge is reduced to \$800.

With a view to determining the value of the salt beds of Summer and Albert lakes, in order that the state land board or legislature may intelligently dispose of them, Governor West has asked the director of the Oregon Bureau of Mines and Geology to make an examination of them.

An ordinance declaring it a nuisance to solicit orders for intoxicating liquors in Springfield, and providing a penalty of from \$25 to \$100 for the first offense and of \$200 for subsequent offenses has been passed unanimously by the town council.

The Albany Retail Merchants' association are considering reorganizing into a county association, which will probably be known as the Linn County Credit association. The purpose of the association will be for better cooperation among the merchants, the establishment of certain rules governing the credit business and for the adoption of a credit rating guide.

Lane county will lose at least \$160,000 and possibly more tax money in two years on account of a ruling just made by Attorney General A. M. Crawford. He has sent an opinion to B. F. Keeney, assessor of this county, that the Oregon & California grant lands cannot be listed for assessment until the suit to revert the land to the government is settled in the United States supreme court.

The quartermaster general of the army informs Senator Chamberlain that in accordance with his request, instructions have been issued to the quartermasters at San Francisco and Seattle to invite Oregon lumbermen to bid on all lumber required by the war department on the Pacific coast. Senator Chamberlain expects similar action by other departments of the government.

After success at Coquille in obtaining the sanction of the city council for closing saloons, the anti-saloon faction has planned to start a quick petition campaign at Marshfield and hopes to have the city closed before July 4. Women are making a house-to-house canvass for signatures to petitions, which they will later present to the council. No effort has been made as yet to circumvent the movement, the wet element relying on the state law.

Judges Henry L. Benson and Chas. L. McNary appeared before the state canvassing board and requested the board to ask for a recheck of the tally sheets in all the counties of the state, so far as their votes for fourth place on the republican ticket for supreme judge are concerned. Thus a contest was avoided and the exciting race between these two candidates is not yet at an end. As the figures now stand McNary is credited with a lead of 12 votes. The vote for all the other candidates was officially canvassed by the secretary of state in the presence of the governor and state treasurer.

GIFFORD PINCHOT

EX-VICE-PRESIDENT DEAD

Adlai E. Stevenson Passes Away at The Age of 78.

Chicago.—Adlai E. Stevenson, former vice president of the United States, died here at the Presbyterian hospital. His death was due to general debility and old age.

Adlai Ewing Stevenson had a long and honorable public career. He was vice president from 1893 to 1897, under President Grover Cleveland. In 1909 he again was nominated by the democratic party for vice president and ran with William J. Bryan, the party's candidate for president, but was defeated. He served as a member of the 44th and 46th congresses. From 1885 to 1889 he served as First Assistant Postmaster General under President Cleveland.

His last appearance as a candidate for public office was in 1908, when he was nominated for governor of Illinois by the democratic party and was defeated by Charles S. Deneen, republican.

MOUNT LASSEN IN VIOLENT ERUPTION

Redding, Cal.—Fire, smoke, steam, volcanic ashes, rocks and deadly gases belched, not only from the crater which opened up near the summit of Mount Lassen May 30, but also from two new craters that burst open more than a mile from the first of the new craters, and the first known toll is one dying, one injured and two demented.

The outbreak of Mount Lassen is extremely volcanic in nature, and the peak becomes the newest active volcano in the world.

Lance Graham was fatally hurt by falling rocks. His head was battered and he was found half covered by ashes and cinders.

Rocks hurled from the spouting volcano and broke the arm and gashed the face of George Tipple, a lumberjack, and left him demented.

George Goodwin, who left Manzanita Lake at 8 o'clock in the morning, was within a half mile of the crater when the eruption occurred, and he also is demented as a result.

Other members of the party near the mountain at the time, report that the top of the mountain has been blown off, and ashes, rock and cinders cover territory two miles from the peak.
