SWEET QUININE IS A RECENT IMPROVEMENT; replaces the use of the Bitter Sulphate Quinine, with which all are familiar. Dose for dose, it is warranted fully equal in every way to Bitter Quinine, and like it, is the one
GREAT, POSITIVE AND UNFAILING CURE
For all diseases of malarious origin,
FEVER AND AGUE,
INTERMITTENT FEVER,
CHILL FEVER,
REMMITTENT FEVER,
BILLIGUS FEVER,
DUMB AGUE
And the long train of disorders following these when neglected.

SWEET QUININE
Is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of vegetable origin, and not a mineral poison, but, on the contrary, is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE
Acts as an antidote to, as well as a curer for malarial or miasmatic poison, the absorption of which by the lungs causes intermittent fevers, etc. The only advantage claimed for

SWEET QUININE
over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness which, in the latter, is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE
Is in two forms—in powder for the use of physicians and druggists, and fluid for use in the family, and for the general public.
