Machinery, &c.

CAUTION.—The ORIGINAL SEWING MACHINE is for sale at No. 505 Broadway, where all persons interested can see forty in constant operation upon CLOTHING, CAPS, SHIRT-COLLARS, BOSOMS, SHOES, LIGHT HARNESS, &c., and thereby judge for themselves, without comment from interested persons as to their utility. All persons having licenses from me to sell their improved Sewing Machines, will exhibit them duly executed, and from them the public may freely purchase.
I have recently obtained AN INJUNCTION AGAINST SINGER'S Machine, (so called,) of which a certified copy from the records of the United States Court may be seen at my office, and have now a suit pending against the Two Needle Machines (so called) for infringing my original patent. And all persons making, selling, or using any of the Sewing Machines now known to the public, without a license from me, will be prosecuted to the fullest extent of the law.
ELIAS HOWE, Jr., Patentee.

KEYSER'S FURNACES FOR WARMING all kinds of buildings. The best in use as to quality of heat, simplicity of construction, and economy. Particular attention is asked to his new Hot Water Furnace, which will be warranted, as also his Franklin Range, House Furnishing Articles, Japanned Ware, Water-Coolers, Savory's Enamelled Hollow Ware, &c. &c.
JOHN H. KEYSER, No. 398 Broadway, cor. Walker-st.

SEWING MACHINES!—To TAILORS, TAILORESSES, &c., &c.—The "AVERY SEWING MACHINE" makes, beyond question, the best and strongest stitch of any Sewing Machine yet invented. We can satisfy the most sceptical that the work done by this machine will not rip, neither will it ravel, out by any wear. The seam may be taken out by design, but only under such a combination of things as to make this peculiarity really and truly one of the most valuable points of this machine. It is simple in its construction, not liable to get out of order, and no danger of breaking the needles. We believe this machine is, beyond question, the best sewing machine yet invented for Tailors and other cloth sewers. The public are respectfully invited to call and examine the machine and its work at the office of the AVERY SEWING MACHINE Co., No. 251 Broadway.
Price for Machine $125 and $140. Tables and treadles extra—price $5 and $10.
NEW-YORK, July 30, 1853.
We, the undersigned, do hereby certify that we have examined the "AVERY SEWING MACHINE," and cheerfully recommend it for its simplicity, durability, and especially for the peculiar stitch made by it. The stitch is original, and in appearance is like the most perfect and handsome "back-stitching." We have thoroughly tested the strength of the sewing, and are satisfied that the stitch of this Machine makes a stronger and firmer seam than can be made by hand. We take pleasure in recommending this Machine to our friends, and to Tailors, Seamstresses, and families generally throughout the country.

STEAM and GAS PIPE.—JOSEPH NASON, (of the late firm of Walworth, Nason & Guild,) No. 28 Broadway, manufacturer Wrought Iron Pipe for Steam, Gas and Water, Valves, Cocks, Fittings, and every description of Steam and Gas Work, Steam Boilers, Boiler Plates, Feed Pumps, Coils, and Evaporators. Steam, Vacuum, Boiler Water Gauges, and numerous other Steam Boiler and Engine appendages. He also constructs a great variety of Steam and Hot Water-warming, and Gas-Lighting apparatus, and refers to examples of his work in nearly every section of the country.

CHICHESTER'S FLAX and HEMP MACHINERY.—The center of machinery for pulling Flax and breaking and dressing Flax and hemp, meets the hearty approval of all who have adopted it or witnessed its operation, and it is now confidently offered to the public as the only safe and efficient means of overcoming the many difficulties which have hitherto attended in this department of manufacture. The machinery is simple and durable, rapid in the accomplishment of its work, requiring but few hands and little power to operate it, leaving the flax and hemp fine in better condition than has been attained by any machinery heretofore in any country.
The Machinery for Breaking and Dressing Flax can be seen at the Circular Palace, in the Machine Arcade.
All business information in regard to the Machinery, terms of sale, &c., can be obtained by applying to
Messrs J. RIPLEY & CAMERON, No. 68 Pine-st., New-York,
or LEWIS S. CHICHESTER, Patentee, Brooklyn City.

SEWING MACHINES.—The Avery Sewing Machine makes beyond question the best and strongest stitch of any sewing machine yet invented. The stitch is practically very similar to the "back stitch" in hand sewing, and will not rip although every other stitch be cut. It is simple in its construction, not liable to get out of order, and no danger of breaking the needle. It is entirely original in its construction, not like any other machine now in use. We believe the Avery Sewing Machine is beyond comparison the best machine yet invented for tailors and other cloth sewers. The public are respectfully invited to call at the Company's office, No. 251 Broadway, corner Murray-st., and examine and thoroughly test the strength and durability of the stitch made by these machines.
Prices for machines $125 and $140; table and treadle, &c., $5 and $10.

BOSTON PIANOS.—T. GILBERT & Co., the celebrated Manufacturers of Piano-Fortes and owners of the Æolian Patent Right, in order to better accommodate their Southern and Western customers, have made arrangements with HORACE WATERS, No. 333 Broadway, New-York, the large and extensive publisher of Music, to supply the trade, wholesale and retail, at manufacturers' prices. In consequence of the increased demand and unrivaled popularity of T. G. & Co.'s Pianos, the subscriber has been obliged to take the large and spacious store above named in connection with a part of the warerooms he has occupied for the past two years. This enables him to keep the largest assortment of Pianos to be found in the city, and also to supply the trade. These Pianos have the metallic frame, and will stand any climate. T. G. & Co. have recently made a new scale to their Pianos, which is superior in power and depth of tone and elasticity of touch, to anything that has ever before been presented to the public. Every instrument warranted to give satisfaction or the purchase-money refunded. Second-hand Pianos at great bargains. Prices from $40 to $150. Music at wholesale and retail. Dealers supplied on the most liberal terms. Pianos to let. Also, a 7 octave Grand Piano to rent or for sale at a bargain.
