Nervous Diseases

Arising from physical debility, exhaustion, etc., diseases of the system, and all others appertaining thereto.

Dr. CURTIS addresses himself particularly to those who have already placed themselves under the care of ignorant Advertising charlatans, from whom they have received no benefit, and who, in fact, have done them more harm than good. Medicine, like all other sciences, is progressive, and every year demonstrates its advance. By a combination of remedies of great curative power, Dr. CURTIS has so arranged the treatment that it will afford not only immediate relief, but permanent cure.

The Medical Times says: Dr. Curtis' system of treatment, the result of twenty years successful practice, differs from all others in general use, and commends itself to the afflicted as the only true source of relief. Many cases pronounced incurable have yielded successfully to his remedies.
