UNITED STATES FOUNTAIN LAMP and OIL Co., (late Mr. Vanderhoof, No. 80 Frankfort-st.,) are now prepared to meet the demand for their truly wonderful Lamps, Adams's patent, which require filling and trimming but once a week, designed for general family use, and railroads, churches, stores, factories and steamboats.

Socket Lamps with two and four wicks, for mechanics' use, giving a brilliant and uniform light 24 consecutive hours without trimming.

The FOUNTAIN OIL is unequaled by any Oil in market for burning in any kind of Lamps; will stand a temperature of 32 degrees, and is an excellent lubricator of machinery.

For cotton and woolen spindles, locomotives, steam engines and head lights, we can show by the most incontestable proofs that our No. 1 Oil, at $1 70 per gallon, is equal to any sperm in market, while our No. 2, at $1 25 is being extensively used by railroads and others, who were previously using the best of sperm.

Merchants and all interested, are invited to make a trial of our Oils and Lamps, and be convinced that these representations are true. Circulars, with reference to those who have used our Lamps and Oil, will be forwarded upon application.
