WINER'S CANADIAN VERMIFUGE, WARRANTED PURELY VEGETABLE.

It is safe in its operation, and more easily administered than any other. Some of its symptoms which indicate the existence of the Worms in the bowels are as follows: the countenance is pale, or a leaden color, and sallowness with occasional flushes; the eyes are heavy and dull, the breath fetid, the appetite capricious, sleeping in the stomach, which causes the patient to pick his nose; the sleep is disturbed, the patient often starts from it in great fright, and is liable to starting and grinding the teeth; the appetite variable, sometimes ravenous, sometimes voracious, others feeble, and in some instances it is depraved.

To the following certificates numerous might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

MEDICAL EVIDENCE.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal. C. O'REILLY,

Licentiate of the R. C. of Surgeons in Ireland, etc.

G. W. DICKINSON,

Member of the R. C. of Surgeons in London, etc.

FROM THE REV. J. FLANAGAN, OF SANDBOX, C. W.

J. WINER—SIR: I have made the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one here prefer it to any other, as its effects are certain, and children take it more readily, which is a great point gained in giving medicine to children.

May 16, 1845. JOHN FLANAGAN.

Physicians generally now use WINER'S CANADIAN VERMIFUGE. This medicine is a drastic preparation, and should always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health.

Over one thousand certificates have been sent to Agents from physicians, merchants and physicians, bearing testimony to the efficacy of this invaluable medicine. Wherever it is used, it is a sure remedy.

Prepared only by JOHN WINER, Manufacturing Chemist and Wholesale Druggist, Hamilton, Canada West.

Sold wholesale and retail, at manufacturer's prices, by J. WRIGHT & CO., New Orleans, 167 Chartres street, under the Orleans Hotel.

DOCTOR BEACH'S PREPARATIONS.

BEACH'S ANTI CATHARTIC MIXTURE.

A certain, safe, and prompt remedy for Diarrhœa, Dysentery, Cholera, Cholera Morbus, and other diseases of the stomach and bowels. It has been used by great numbers of persons with the highest satisfaction, and a prejudice of long standing has been removed in one of the most valuable remedies known, as it positively controls the diseases for which it is recommended. ☞ Sold by all the principal Druggists in the United States.

☞ Beach's Bronzed Liniment.—An excellent remedy for Spasms, Pain in the Lungs or Breast, Sore Throat, Sprains, Bruises, Spitting of Blood, Night Sweats, Cough, Oppression in breathing or any difficulty about the Chest, etc. This remedy, without a doubt, produces more permanent benefit in Diseases of the Lungs than any remedy now in use. Used by persons that are any way predisposed to Lung Disease, either by the formation of the chest or hereditary, has proven entirely an antidote of the disease, and always enjoy good health by using freely of this Liniment according to directions.

Beach's Vermifuge Pills.—A certain remedy for Chills and Fever and Changes Fever, never known to fail, and also prevents a return of the disease.

Beach's Rheumatic Compound—Never fails to give relief in less than twenty-four hours.

Beach's Hemostive Bitters.—This is an excellent article that has been long sought for, viz: a prophylactic or preventive of Chills and Fever, and all Autumnal Fevers. To persons living, or having business, even for a short period, in low, marshy districts, the Bitters are invaluable; for, persons using them will never be troubled with Chills and Fever, at the same time they correct the secretions, give tone to the stomach, regulate the bowels, and are a most pleasant dyspepsia and laundice, and greatly add vigor to the general system.

☞ If the above remedies are positive as certificates of extraordinary cures performed by them. We will say this much, they are all that they are represented to be. They are remedies that we have used in our families for years with the most satisfactory results. The great demand for these remedies alone has induced us to put them up in a manner that they can be used by persons at a distance.

☞ The above is a Wood Cut of a single geared "Queen of the South" Corn Mill and Crusher.

We manufacture a Cob Breaker of great strength and durability and ease of operation.

We publish this useful contrivance on all sizes of Mills, by which means we convert a Corn Mill into a Stock Feed Mill; but a few minutes work in order to suit our customers.

We manufacture portable Mills, single and double geared, (best quality of French burrs,) to grind Wheat, Corn and Stock Feeds, calculated for steam or horse power. These Mills have been in use for many years and horse power, in competition against the other make of Mills of our city, at our State Fairs, and have never failed to carry off the first premium; on one occasion we awarded a beautiful silver medal. Our Mills also took two first premiums, as the best Mills, at two Annual Fairs of the Mechanics' Institute.

Also—Portable SAW MILLS, to be run by steam, water or horse power. This Mill was exhibited in operation by horse power, at the Ohio State Fair, in 1850, when it was awarded a premium and a splendid silver medal.

Also—Different kinds of portable HORSE POWERS AND STEAM ENGINES. All our articles, for ease of operation, durability, usefulness and durability, are surpassed by none now in use.

All our articles are warranted as represented—so no time or cost of transportation and the money refunded.

☞ For a full description and testimonials of merit and usefulness we refer those interested to our pamphlet, to be had at our office, where we take pleasure to explain each article. ISAAC STRAUB & CO.

NOTE.—We have the patent rights for the counties of J. H. Burrows, while building a Burrows Mill at our State Fair, last Fall, was boisterous a out his Mill, and consequently entered into a verbal agreement with me to grind corn, thus: Whoever grinds the most, regarding quality and quantity, was to be the owner of both mills, at each and every trial:

FIRST TRIAL.

Strack to run an eighteen inch mill.
Burrows & Co. to run a twenty inch mill.

SECOND TRIAL.

Strack to run a twenty inch mill.
Burrows & Co. to run a twenty inch mill.

THIRD TRIAL.

Strack to run a twenty inch mill.
Burrows & Co. to run a thirty inch mill.

When the pinch came, that boisterous courage popped out.

To the above, I now append a challenge to grind no food mill which can run down.

I will run my eighteen inch QUEEN OF THE SOUTH, with a cob breaker attached, THE SAME ARTICLE THAT TOOK THE PREMIUM AT THE OHIO STATE FAIR, last fall, against a ten-thousand dollars Burrows Mill, and Wm. Stewart's three-horse Kentucky Horse Mills, both to be run at once; and if you are apprehensive of a risky business, you have my entire approbation to run Mr. Pomeroy's Corn Crusher as an auxiliary. Should my single article fail to grind equal in quality and quantity to the combined productions of the two or three Mills (as you please) then you can draw a few hundred dollars as stakes put up.

Come boys, don't be cowardly—there is nothing like walking straight up to the scratch of a thing. ISAAC STRAUB.

JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA.—This invaluable remedy was already extensively used by thousands, and its daily increasing sales conclusively prove that it is the most powerful and efficacious preparation of Sarsaparilla ever offered to the afflicted than could be afforded by all the vaunted nostrums of the science of California and the world combined. It is put up in full quart bottles, and is in strength at least three times more potent than any other Sarsaparilla or any similar preparation made in America.

Price—$1 per bottle, or six bottles, or six bottles for $5.

It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from impure states of the blood, the use of mercury, confined, cooling drinks, evil habits in youth, barrenness, etc. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is prepared with a strength of 16 ounces of root and every ounce, before being used, is subjected to the strictest chemical tests, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound and producing the most positive agents in the known world.

GOOD TESTIMONY.

The Ohio State Journal, Columbus, Ohio, thus speaks of Bull's Sarsaparilla:

"It has no equal. The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla is a fact, which speaks for itself, when it is remembered that for the past two months only with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. We know of no medicine that has obtained so universal a hold on the agent in this city."

Dear reader, if you, too, are a little tougher, and be convinced that Bull's Sarsaparilla has

WONDER OF THE WORLD!

and that it will serve you, no matter how long you have been suffering. Want Dr. Green, Drugist and Apothecary of several yorestanding, recommends Bull's Sarsaparilla.

LOUISVILLE, May, 1848.

MR. JOHN BULL—Dear Sir: I have been for several years severely afflicted with a Mercurial Headache, which has made life a burden to my Liver. I used almost all the remedies of the day, especially the Sarsaparillas, without any permanent benefit, until I tried yours. I was induced to try your preparation of Sarsaparilla, which has entirely cured me of Rheumatism and greatly improved my general health, more than any medicine I have taken since the commencement of my disease. I would advise all who have doubts the cure is permanent, and I confidently recommend it as being the best medicine I know of. ISHAM BRIDGES.

Uniontown, Union county, Ky., May 13, 1848.

FROM DR. WM. T. PRENTISS.

MR. BULL—In regard to your Sarsaparilla, I will say that I have used it to some extent in cutaneous affections of long standing, as Tinea Capitis, Psoriasis, Scabies, Syphilis Cutanea and Lepra, in all diseases where an indication of cure seems to consist in a thorough and proper modification of the fluids of the body, with considerable success, in cases of much inveterate disease, which I prefer it to any other preparation of Sarsaparilla in use, and any physician will admit its value upon learning the substances it enters into its composition.

W. T. PRENTISS, M. D.

Lewisport, Ky., December 4, 1847.

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines ever introduced to the public, as in cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are too feeble to throw off the disease, or when the system is run down by pain and colcotine the strength feeble and yielding, the spirits troubled and depressed, the health broken, mind shaken, and consequently the inspiriting energy of life is lessened, the Sarsaparilla, by its tonic, invigorating nature in the performance of her duty, braces the whole system, renews permanently the natural energies, removes obstructions, checks excesses, creates a free and healthy flow of the blood, and gives life and vigor. Were ladies generally to adopt the use of this medicine, we would see no long suffering, delicate and nervous females, whose lives are a burden, when health would take the place of disease, the rosy cheek would succeed the pallid face; we should have smiles instead of tears, and perhaps a little one or two added to our number, instead of the miserable from continued suffering and affliction. At that critical period termed the "turn of life," which is often attendant with so much danger, Bull's Sarsaparilla is found to exert a most beneficial effect. All ladies approaching this crisis should be apprised of this fact, and avail themselves of this invaluable medicine.

A BEAUTIFUL CLEAR SKIN.

Who can not admire a clear, beautiful white skin, and a rosy cheek! How often we see a person not possessing this coveted darling so dearously to be wished, resorting to cosmetics, lotions, washes, paints and powders, in order to throw a semblance of that which she sees has deprived them of, and that, too, often times, with manifest injury to the skin! The fact is, Bull's Sarsaparilla is the best cosmetic known. It makes the skin clear upon the correct and only true principle, not by coating the surface with poisonous or deleterious matter which serves to close the pores and check a natural perspiration, or by by removing every particle of bilious, morbid and diseased matter from the blood, making the same pure, healthy and vigorous, giving active to every minute vessel, and changing the yellow, dark and sallow complexion to the bloom and freshness of youth. If the ladies general could be apprised and convinced of this fact, they would abandon the use of all paints, mixtures and lotions, and use the only effectual remedy, a word to the wise is sufficient," and a word is enough for the ladies.

BETTER TESTIMONY THAN WAS EVER OFFERED IN FAVOR OF ANY MEDICINE!

FROM DR. JAMES M. MOORE.

MR. JOHN BULL—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Syphilis, and many other cutaneous and glandular affections, having used it in numerous instances with a member of the above cases.

Louisville, December 26, 1847. JAMES M. MOORE.

MORE TESTIMONY FROM DR. MOORE.

MR. JOHN BULL—Since my last testimonial I have met more cases of Scrofula, and with happy effect. I am now confident it is one of the most valuable medicines that can be made for that disease.

Winchester, Ky., Feb. 1, 1848. JAMES M. MOORE, M. D.

Testimony like the following remains superior to all further comment.

Agent for Bull's Sarsaparilla.

FROM DR. L. F. TANDELL, PROFESSOR OF CHEMIST IN THE LOUISVILLE MEDICAL COLLEGE.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they are of the most powerful and pure character, and that they combine, for which it is applicable. L. F. TANDELL, M. D.

Louisville, June 6, 1848.

Late Professor, Physician by appointment of the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 30, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and in private practice, and think it the best article of Sarsaparilla in use. M. FILGE, M. D.,

Resident Physician at the Louisville Marine Hospital.

This Medicine is daily grappling with disease through the Western country, restoring to blooming health and youthful vigor the sick and delicate—say, those that are grievously tormented.

Certificates are coming from all directions from mountebank and high moral standing, placing it, from its intrinsic worth, the very head of all remedies ever before the public.

Sold wholesale and retail, by JOHN BULL, At his Principal Office, 81 Fourth street, and by the Druggists generally in the city and country.

DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—In offering to the public this well tried remedy for CONSUMPTION, BRONCHITIS, ASTHMA, COLDS, etc., we cannot but feel that we are offering a valuable boon to the medical. Numerous testimonials may be seen in pamphlets in the hands of the agents, which sufficiently testify to its efficacy. Its distribution at the agency, which sufficiently testifies to its efficacy, is now so extensive, that Dr. Davis's Syrup is known in every town and village, throughout the Union. Dr. Davis's Syrup of Wild Cherry and Tar will take the lead in our part of the country. I am out of it, and have a half dozen inquiries for it, which I cannot supply. Send me one gross of Davis's Syrup and Joseph Davis's Horse Liniment, that I have taken the liberty of writing for you to send me. Send it separately to me. If expensive, please write me word, and send me two dozen of each, and I will remit you the money. SAML. A. KIRKPATRICK.

DAVIS'S SYRUP OF WILD CHERRY AND TAR.—We would call attention to the advertisement of this valuable medicine in another column. Several cases of the salutary effects have come under our personal observation, and we therefore cheerfully recommend it to the afflicted. N. J. MESSRS. ROBINSON, COLLINS & CO.—Dear Sirs: This is to inform you that I was afflicted for twenty years with a violent cough in my breast, so much so that I could hardly lie in bed at night. Cough attended, followed by consolation, and other decided symptoms of consumption. I applied to several eminent physicians, and took a great deal of medicine, without any benefit, until I was induced to try Dr. Davis's Compound Syrup of Wild Cherry and Tar, of which I took two bottles, which completely removed one of my complaints; therefore I can, with conscientiousness, recommend it to all who are in the same condition. JOHN THOMPSON.

The authenticity of the above statement is vouched for by Mr. Murphy, a merchant of Milford, who knows Mr. Thompson and his circumstances so intimately. Mr. T. is a tyrant of age.

Dr. Davis's Syrup of Wild Cherry and Tar is a well established remedy, and is not to be mistaken for a worthless nostrum. Genuine, and with full evidence.

PHILADELPHIA, September 21, 1847.

I have been troubled for years with a very severe cough and hectic fever, and very frequently laid up in my house for a time with distressing cough and pain in my breast and side. Last night I was taken with a violent fit of coughing, which failed for three months; it appeared to me that my whole lungs were disorganized, and my daily and nightly rest of neither. I took a great many remedies, as were recommended to me, as well as a number of prescriptions from my family physician, without any relief. At last I was prevailed upon to take Dr. Davis's Compound Syrup of Wild Cherry and Tar, which is the most happy and salutary effect on my disease. Before I had taken one bottle, my cough gave way, my night sweats were relieved, the pain left my side and breast. I now consider myself in good health, and a nuisance pain that I am occasionally affected with on one side of my head. JANE HIRAM GEORGE, Thompson's Alley, 2 doors below Schuylkill Sixth, south side.

A gentleman of this city, who has been troubled with a debility of the urinary organs for several years, which so far had reduced him as to constrain sensible to him, day and night, was recommended to use Wild Cherry and Tar. But his great dislike to the taste of Cherry Cough, by the use of Dr. Davis's Compound Syrup of Wild Cherry and Tar. But his great dislike to the taste of Cherry Cough, by the use of Dr. Davis's Compound Syrup of Wild Cherry and Tar, which he was induced to try, and which, after taking the medicine, that the more tedious affection of the urinary organs, it has now been several years since he has coasted taking the medicine, and the irritability of the urinary organs (only indicated) is gone, and better in health than before he was attacked with the complaint, and recovering afterwards of the calculous affection. Delicacy is the same in information of the kind, and the name of the heart, nervous tremors, etc. To any specially subject, or who want a remarkable remedy, he would be happy to give information, as people are so often deceived by other drugs, and so frequently reject those which are good and free of quackery.

Yours, respectfully, W. W. FIELDS.

FROM MR. EDWARD ROBBINS, Druggist.

SOUTHTOWN, N. Y., Jan. 8, 1848.

We have taken a matchless in introduced Dr. Davis's Syrup of Wild Cherry and Tar here, and have sold all we received from you. Dr. H. Cook has used it in his practice; he takes high ground in favor of Dr. Cook is one of the most prominent physicians in the United States, and was the attending physician of Joseph Bonaparte on his first of Spain, during all his sojourn in the United States.

☞ When we first offered this medicine to the public, it was with the expressed intention of publishing no testimonials without good authority in the hands of the agents, which we have published, and which, for the authenticity of which we have not had the least reason to question.

The following was forwarded us by a respectable Druggist, Mr. Hewitt, of Dayton, Ohio:

[Extract from a letter from S. W. Wilson, Merchant of Brookville, Butler county, Pennsylvania.

BROOKVILLE, Pa., March 20, 1848.

A young man of my acquaintance has taken your Syrup and has been perfectly cured. He labored under the consumption for more than three years, and was given up by the best physicians, and was under the medical treatment of three of the most eminent physicians in the country, but received no benefit until he took Dr. Davis's Syrup of Wild Cherry and Tar. He was reduced to a skeleton, and could not walk a mile without fainting. This statement I received from himself; his name is Henry Godwin. Mr. Godwin is a manufacturer of Brookville, Pa. He is known all over the country—is a poor laboring man, and it cannot be doubted.

ANOTHER CURE.

Palpitation of the Heart and Consumption of the Lungs relieved by Dr. Davis's Compound Syrup of Wild Cherry and Tar.

PHILADELPHIA, April, 1848.

For four or five weeks of last winter I was troubled with a severe cough, attended with violent palpitation of the heart. The cough would be so violent as to prevent me from sleeping a great deal of the night, and sometimes so violent as to cause me to dislocate the ribs of my breast, so as to be unable to work to rest myself. My physician pronounced my lungs affected, and gave me to understand that I was in a dangerous state of consumption. At this time, Dr. Davis's Syrup of Wild Cherry and Tar was recommended to me. In two or three days' use of it, the symptoms and pain began to subside, and in two weeks I was well. I took three bottles the cough was entirely cured, and my general health and strength restored. The palpitation of the heart I had been troubled for so long, is now almost gone. I feels little if it occasionally over-exertion. The relief of the palpitation has been so great to me that I consider one or two bottles more of the medicine would have entirely removed it.

WEAKNESS AND PAIN IN THE BREAST.

PHILADELPHIA, [illegible] 44, Dear Sir: I can highly recommend Dr. Davis's Syrup of Wild Cherry and Tar from my knowledge of its virtues. My wife had been afflicted with weakness and pain in the breast, (the use of Wild Cherry and Tar,) in the short time entirely relieved her. The symptoms were so severe, and on all occasions she relief was speedily sale in the [illegible] Wild Cherry and Tar. But the great dislike to the taste of Cherry Cough, by the use of Dr. Davis's Compound Syrup of Wild Cherry and Tar, which I was induced to try, and which, after taking the medicine, that the more tedious affection of the urinary organs, it has now been several years since he has coasted taking the medicine, and the irritability of the urinary organs (only indicated) is gone, and better in health than before he was attacked with the complaint, and recovering afterwards of the calculous affection. FROM MR. S. C. HAYES, of the Firm of Brown, Hayes & Co., No. 1 Bullfinch Row, Boston, Mass., and Market street, Philadelphia, Feb. 1, 1847.

Your Syrup of Wild Cherry and Tar has given us the best satisfaction in the worst of colds with men. If you would send us a gross of it, we would give one.

S. C. HAYES.

FROM S. S. GIVENS.

My stock of Cherry and Tar Syrup is now reduced to six bottles, and popularity is daily increasing. You would do well to send me a fresh supply.
