Arthur's
SELF-SEALING CANS AND JARS.
Since the introduction of these now celebrated Cans and Jars, over
HALF A MILLION HAVE BEEN SOLD,
and, notwithstanding all sorts of contrivances for the accomplishment of the same object, most of which were little less than frauds upon housekeepers, have been offered to the public, the simplicity of ARTHUR'S, the ease with which they are managed, and the certainty of result, have made them the favorite Cans and Jars everywhere; and now, in
THE FOURTH YEAR
since their introduction, their reputation stands, by general acknowledgment, far above any other can or jar in the market. In proof of this, we quote, from almost innumerable testimonials, this one from the
EDITOR OF THE LADY'S BOOK,
in the number for July, 1858. He says:
"These celebrated Cans and Jars, the first introduced, and, by all odds, the best, are steadily coming into general use. Thousands of housekeepers who, in past seasons, were tempted to try other cans and jars, and who lost more or less of their fruit in consequence, will be glad to learn that ARTHUR'S never fails. For two seasons we have said, use no other, and we repeat the advice."
ALL PREPARED FOR SEALING.
They have a channel around the mouth, on the outside, filled with cement when sold, and all ready for sealing. You have, after filling your vessel with hot fruit, only to heat your lid, and press it into the cement, when the work is done. If directions are followed carefully, success is always certain.
PATENT STAMP.
Take notice, that Arthur's Cans and Jars all bear the Patent Stamp. On the Tin Cans you will find it impressed in the metal; on the Earthenware Jars, in an oval on the bottom; and in raised letters on the sides of the Glass Jars.
SIZES AND MATERIAL.

A Card.—I, the undersigned, and friends, feel greatly obliged for the kind favors bestowed on my husband by the Messrs. DODGE, City Surveyors, in whose employment he was, on the occasion of his sudden and lamentable death, and cannot help saying that such humanity and deep sympathy with the deceased deserves the most sincere thanks and full appreciation, the more as it shows that not only his services were acknowledged, but even even great humanity was exhibited toward my children and myself in our severe affliction, which will ever be gratefully remembered by MATILDA DIETSCH, No. 74 Avenue A.

Just Published:
"BRIGHTLY'S UNITED STATES DIGEST."
An analytical DIGEST of the LAWS of the UNITED STATES, from the adoption of the Constitution to the end of the XXXIVth Congress—1857 to 1857. 1 vol. imp. 8vo., 1,142 pp. Price only $6.
From the Hon. R. B. Taney, Chief Justice of the United States.
"It is a work of much value and well executed. The heads under which the different Acts of Congress are arranged, are well chosen and appropriate; and what is still more important, the Index, so far as I have been able to examine it, is complete. The book has evidently been prepared with much care and judgment, and will, I doubt not, be very acceptable to the public."
From the Hon. James M. Wayne, Associate Justice of the Supreme Court of the United States.
"I have purposely postponed my acknowledgment to you for Mr. Brightly's Analytical Digest of the Laws of the United States, to enable me to test the fidelity of its execution and its usefulness. Mr Brightly has succeeded in bringing the Laws of the United States into a single volume, so that we may see not only what the legislation of Congress has been, but what it is; with such marginal references to the Statutes at Large that the text of the Digest may either be verified or disproved, if any instance of the latter case be done. I have used the Digest constantly at the term of the Supreme Court. It has saved me much labor and trouble. As a whole it has been well done by Mr. Brightly, and it deserves the special patronage of lawyers and magistrates, and of all persons engaged in public life, as well as those who have no professional business, who are, nevertheless, under some obligations to have by them at all times the readiest means of learning what has been the legislation of the Congress of the United States. I am sure I shall always use Mr. Brightly's Digest officially and in my study."

NEW MUSIC.—"The Angels Told me so." Duet and Chorus; can be used as a song. Words by the Rev. Sidney Dyer; music by Horace Waters. Price 25 cents, mailed free. Published by Horace Waters, No. 333 Broadway, New-York.
The above Song is founded on the following striking incident: A little child six, having a brother about eight sick unto death, dreamed that the angels told him that his brother would die and be taken away, but would return again. The poor invalid dying a few days after, the little child, on learning it, supposed his body had taken flight with his spirit. On being taken to see the corpse, he exclaimed, as he entered the room, "Oh there's Allie; the little angels told me he would come back and see me." The touching thought is wrought into pleasant verses and set to music, which will go straight to every mother's heart who has a child among the angels.
