Exchange closed steady; posted rates, $4.88 to $4.89; actual rates, $4.87 to $4.87½ for sixty-day and $4.88½ to $4.89½ for demand.

Stocks were dull and very active this morning. Up to noon only 104,511 shares had been sold. Atchison, General Electric right, Minneapolis & St. Louis, Erie and national cordage were the most active. Prices opened irregular, but soon strengthened and advanced ½@1 per cent by noon. National cordage was an exception, declining 1 per cent. In the last half of the day the market recorded sharp advances. There was considerable covering by the shorts, due mainly to the fact that the bad engagements for tomorrow's steamers were much smaller than anticipated. Only 1,000,000 in all were engaged up to the close of business, whereas it was thought that some 1,500,000 would be shipped. The highest prices of the day were generally current at the close. Northwestern, preferred, was a leader, closing 2 per cent higher. The sales for the day were 236,000 shares.

INDIAN TEMPLES.

Several Houses of Worship Chiseled from Solid Stone.

Mayallpuram, India, is graced with seven of the most remarkable temples in the world, each of these unique places of worship having been fashioned from solid granite bowlders. Some idea of their size may be gleaned from the fact that the smallest of the seven is twenty-four feet high, seventeen feet long and twelve feet wide, and is divided into upper and lower stories.

The "Hevasa-Goda-Cla," the largest of the seven, is three and a half stories high, its outlines resembling those of an Atlantic steamship. The inside of the bowlder has been chiseled away until the walls do not exceed eight inches in thickness. The two floors above that of the foundation are each about a foot in thickness and seem as solid as the rock of ages. The upper stories are reached by a spiral stairway carved from the same piece of granite.

The second largest of these single-stone temples has a portico eleven feet wide and seventeen feet long, ornamented with four crouching lions and two elephants, all carved from the same bowlder which goes to make up the main building.

We make loans on household goods, pianos, horses, wagons, or personal property of any kind at the lowest possible rates and in the quickest possible time.

Our loans are made without publicity and the property is left in your undisturbed possession.

Loans can be carried as long as desired or can be paid in full, or in part, at any time to suit your convenience, and any part paid reduces the cost of carrying the loan.

If you owe a balance on furniture, piano or other property, we will pay it up for you and carry it as long as you desire.

We also make loans on the building and loan association plan.

Our offices are the most pleasant in the city and are so arranged that parties calling upon us may be waited upon quickly and courteously.

Remember that you have the use of both the property and the money and can return the money at any time.
