DR. WATSON'S CARD.—I will use no other than Dr. Watson's Medicines, and recommend them to all who may be found in plain truth, by length of practical experience, are the master of all those complaints that are called Syphilitic. For twenty fifteen years, in thirty, it has been my sole business to treat these cases; there lies the only merit that I assume. I have given more satisfaction to now cases of Diseases than any other doctor, and I know them better than they do. That is what I advertise, and what I can do. Cures made in health, marriage, etc. Weakness of the back and limbs, Pain in the Head, Dimness of Sight, Vision, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervousness, Irritability, Symptoms of Consumption, etc. Mentally, the fearful effects on the mind are more to be dreaded. Loss of Memory, Confusion of ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, etc., are some of the evil consequences.

All those who have the misfortune to be troubled with any of the above symptoms should not delay a moment, but at once proceed to have the disease eradicated from the system, never to return, and cure be effected. Dr. Watson's Medicines are the only remedies that can be used for infants as well as adults.

Tuberculated scrofulous cases are generally thought to be by the formation of the abscess or tubercles, either allays or lessens the disease, and always gives good relief by using freely of this liniment according to directions.

To persons living in the Southern climate, it is a valuable preparation, and every one who has used it, or has seen its effects, is ready to bear testimony to the excellence of the ingredients; the opposite ingredients, in low, marshy districts, the Bitters are invaluable, for preventing the ill effects of the unhealthy miasmas, and children will take it more readily, which is a great consideration in giving medicine to children.

HIGHLY IMPORTANT DISCOVERY.—DR. JAMES would respectfully call the attention of invalids and strangers to the following facts. He cures all Private Diseases, Gonorrhœa, Gleet, Syphilis, Stricture, Impotence, Nervous Weakness, Nocturnal Emissions, and all Diseases of the Skin. Dr. James would also call the attention of those who have injured themselves by private and improper indulgences in that secret and solitary habit which proves fatal to body and mind, unfitting them for study, business or society. The following symptoms are the sad results of the practice: Weakness of the back and limbs, Pain in the Head, Dimness of Sight, Vision, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervousness, Irritability, Symptoms of Consumption, etc. Mentally, the fearful effects on the mind are more to be dreaded. Loss of Memory, Confusion of ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, etc., are some of the evil consequences.

All those who have the misfortune to be troubled with any of the above symptoms should not delay a moment, but at once proceed to have the disease eradicated from the system, never to return, for I claim no other merit than I make experience.

I offer a cure in recent cases in a few days, and find no difficulty in those of longer duration, without submitting the patient to such a course of treatment as will draw upon him the slightest suspicion, or obliging him to change his business, whether without injury or within. The diseases need not be mentioned. There are in New Orleans hundreds that could testify to my skill and ability to cure such diseases, etc. Why should persons be ignorant of their disease, when a certain remedy is offered, and secrecy, which always is strictly observed?

I have many qualifications which I do not think it necessary to add, as the following testimonials speak sufficiently for themselves. Consultation hours from 7 in the morning until 9 o'clock at night.

Office, No. 5 Carondelet street. W. WATSON, M. D. No. 31 Commons street.

WINER'S CANADIAN VERMIFUGE A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases of children are caused by Worms, and two-thirds of children die annually from the disease, when the cause is either not known or unattended to in time. Various are the preparations which have been recommended as remedies for Worms; but experience has proved them all more or less ineffectual; the end however has at length been attained, and a remedy found which has never failed to destroy Worms wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in this country. The remedy is

WINER'S CANADIAN VERMIFUGE,

WARRANTED TO BE PURELY VEGETABLE.

It is safe in its operation, and contains nothing that can in any other. Some of the symptoms which indicate the existence of the Worms in the bowels are as follows: The countenance is pale, of a leaden color, and surfaced with occasional flushes, the eyes are heavy and dull, the breath fetid, the appetite is swollen, leaning to the nostrils, which cause the patient to pick his nose to the great annoyance of those around, awakening in great fright, and is liable to starting and grinding the teeth; the appetite is sometimes ravenous, at other times it is entirely lost, and in some instances it is depraved.

To the following certificates numerous might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE is a SUPERIOR REMEDY FOR WORMS.

MEDICAL EVIDENCE.

We, the undersigned, have repeatedly administered a medicine prepared by Mr. John Winer, of this place, designated "WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, can honestly recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal.

G. ORR, Lieutenant of the R. C. of Surgeons, Ireland, etc.

G. W. DICKINSON, Member of the R. C. of Surgeons, Ireland.

FROM THE REV. J. FLANAGAN, OF SANBROOK, C. W.

J. WINER—Sir: I have made the trial of your Canadian Vermifuge, and with the most happy results. In my own family, and in every case which has come under my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one have preferred it to other medicines, because it does no harm, and children take it more readily, which is a great consideration in giving medicine to children.
