TO THE PUBLIC.

AS many persons are still in doubt as to the efficacy of MAGNETISM in the treatment of certain Chronic Diseases, we have invited hereinafter by the treatment prescribed by the Faculty, it is to be hoped that the subject will clear away the doubt and convince all men of good faith. The fact which I shall relate is completely within my knowledge, as it happened in my family.

A niece of mine, a young lady of fifteen years of age, had been sick for two years and a half, having contracted a frightful disease, that resisted all to cure a character he would make her lose her prepossessions, and consequently her happiness. Her health grew worse. She had great headaches, and her nervous system was so much affected as to cause her whole body, particularly her skin, to undergo a great deal of pain, overcoming the disease by means of a certain pain in the stomach, I shall distinguish, which, at the same time, for a get hotter, feeling in the stomach. The description of sleep increased these pains from day to day, until the disease by which system became enfeebled, and seriously menacing her physical powers, with a very high fever, and requiring a long time to prevent her mother suffering her even for a moment.

In this state, suffering with the fever, I tried the aid of the author or social course of medicine, I obtained, without receiving any benefit.

After carefully examining of the case, we had recourse to Mesmerism through the Report of the Medical Commission, composed of Dr. Fouquier, Jussieu, Pelletan, Bailly, Lavoisier, Franklin, Bonnefoy, Ennis, Jussieu, Leroy, Hallé, Thouret, Desmarais, Sallin, Andry, Poissonnier, Pelletan, Coulomb
