Deficit on 31st December, 1855	$135,933 14

The following ordinance, offered on July 25th, 1855, was read a second time and adopted:

AN ORDINANCE regulating the paving of Streets and Banquettes.

Be it Ordained, by the Common Council of the City of New Orleans—1st. That whenever public convenience shall require, or whenever three-fourths of the owners of property fronting on any street shall petition for the paving or banquetting of any street, or any portion thereof, or the making or alteration of any other works of improvement, the Common Council shall first order the contract to be adjudicated by the Comptroller, after he has given the usual number of days's notice in the official journal, and the sale of said contract is adjudicated, according to law, for the said paving or banquetting, or other works of improvement, as the case may be, the cost of which shall be paid to the contractor by the property-holders on said street, or portion thereof, in proportion to the whole frontage of said paving or banquetting, or other works may be made, in proportion to the front of the street owned by them respectively.

2d. That for securing the payment to the contractor, of the amount so due by each property-holder, the Common Council will delegate the said contractor, in and to all instances, the collector of the taxes. Act relative to the city of New Orleans, approved March 15th, 1853, "of laying special taxes for local improvements for the whole or a portion of the expense thereof, upon the owners of the property benefited or otherwise."

3d. That all contracts entered into by any of the heads of Municipalities, for the repairing of the paved sidewalks and side walks within said Municipalities respectively, or for the making or laying of said paving or side walks," shall cease within sixty days after the adoption of this ordinance, and the Comptroller is hereby directed to give notice accordingly to said contractors.

Be it further ordained, That an ordinance entitled "an ordinance concerning the paving and completing the four-paths (banquettes) of the city of New Orleans and its incorporate suburbs, approved Sept. 27, 1837, be and the same is hereby repealed.

A motion to suspend the rules, to take up an ordinance for the establishment of sanitary regulations for the city of New Orleans, offered by Mr. Durell, was lost.

The following ordinance, adopted by the Assistant Board on the 3d of April, 1855, was called up:

An ordinance respecting cemeteries.

On motion, the ordinance was taken up section by section.

The first section was concurred in, after having been amended, on motion of Mr. Dupre, by adding the following proviso:

"Provided, however, that all present owners of tombs or lots in the different cemeteries shall have the right to rebuild their tombs, or build new tombs on their lots: and on motion of Mr. Durell, by inserting the words, "That from and after the first day of May, 1856," in lieu of the words, "That from and after the first day of May 1855."

The second section was concurred in, after having been amended, on motion of Mr. Durell, by inserting the words, "That from and after the first day of January, 1857," in lieu of the words, "That from and after the first day of January, 1856;" and by adding the words, "excepting as provided in section first."

The third and fourth sections were concurred in without amendment.

The ordinance in its amended form, was then concurred in by the following vote:

Yeas—Messrs. Culbertson, Durell, Dupre Price, Pride and Prague—6.

Nays—Mr. Petre—1.

Be it ordained by the Mayor and Common Council of the city of New Orleans, 1. That from and after the 1st day of May, 1856, no new tombs shall be erected in either of the existing cemeteries in the city of New Orleans, except those known as Cypress Grove Cemeteries No. 1 and 2, and Old Fellows' Rest, St. Patrick's and the Hebrew Cemeteries: Provided, however, that all present owners of tombs or lots, in the different cemeteries shall have the right to rebuild their tombs, or build new tombs on their lots.

2. *Be it further ordained, etc.*, That from and after the first day of January, 1857, no dead shall be deposited in either of the existing cemeteries in the city, other than those named in the first section of this ordinance, except in the tombs of families, societies and individuals which are already erected, excepting as provided in section first.

3. *Be it further ordained*, That from and after the passage of this ordinance, no cemetery or depository of the dead shall be erected or established in the city of New Orleans, within the following described limits, that is to say:

First. In that portion of the city bounded by the Mississippi river and Melpomene Road, the New Canal, Elysian Fields street to the intersection of Marigny Avenue with said Elysian Fields street, Marigny Avenue and Bayou St. John.

Second. That portion of the city bounded by the Mississippi river, Marigny Avenue and Gentilly Road, and Lake Avenue.

Third. That portion of the city bounded by the Mississippi river, the New Canal, the upper line of the Fourth District and Carrollton Avenue.

Be it further ordained, etc. That all ordinances respecting cemeteries in the city of New Orleans be, and the same are hereby repealed, so far as any thing in said ordinances contained shall conflict with the provisions of this ordinance.

On motion, the Board went into secret session on executive business.

The following nominations were confirmed:

A. Thomas, as Chief Clerk, and James M. Coffee as Second Clerk, in the Recorder's office, of the Second District.

After which the doors were opened, and the Board, on motion, adjourned to the first Tuesday in October next. CHAS. CLAIBORNE, Sec'y.

MISCELLANEOUS.

Page's Celebrated Saw Mills.

GEORGE PAGE & CO.,

Schroeder, near West Baltimore street, Baltimore, Md

RESPECTFULLY inform their friends and the public generally, that they have greatly enlarged their manufacturing establishment, and have now the facilities to enable them to execute all orders with dispatch and in the best style of workmanship.

They continue to manufacture three classes of their justly celebrated Patent Portable Circular Saw Mills which have given so much satisfaction to purchasers throughout the Union. These mills can be driven by horse, steam, or water power, being equally well adapted to either. They are made always at hand and sent of other power, such as Steam Engines, Boilers and Smoke Stacks, mounted on wheels, and Boilers and Smoke Stacks mounted on wheels ready to be attached to the saw mill, with flexingline dehelmet, ready to go to work, or Steam Engine and Plain Cylinder Boilers.

They manufacture also a large size Horse Power, with an enlarged wheel, and Third Class Saw Mill, particularly adapted to plantation purposes; many hundreds of which better are in use throughout the States, doing good service, and enjoying the favor of the best judges.

They also manufacture Horse Powers of three sizes, adapted to all purposes of the plantation and farm; also Tumer Wheels and Lumber Carts.

Their Portable Circular Saw Mills have been greatly improved, and may now be said to be perfect in all their details, and to rank as the greatest labor-saving machines of the age.

A pamphlet containing full description of their three classes of saw mills, steam power, horse powers, prices, terms, capacity for sawing, etc., will be furnished to any gentleman applying for one by letter.

Caution against Infringements.

As their mills are patented, and their rights have been infringed upon, they have taken out a Special Injunction against the parties in the United States Circuit Court for the District of Maryland, for an infringement of patent, and have instituted a rigid system of caution at a person from purchasing such similar in principle to theirs, and unauthorized builders and manufacturers, or their agents or agents, as they are determined to put down all such infringements, and will prosecute for any violation of their rights and privileges, as guaranteed by the patent grants them by the Government of the United States.

Apply to their agents in New Orleans.

all 1m SHARK, DAY & STAUFFER.

☞ FULL UPPER SETS OF TEETH on the cushion principle will be warranted to fit in every respect for $15 to $20. FULL SETS Upper and Lower from $18 to $25. 7 31 1y

TO THE PUBLIC.

AS many persons are still in doubt as to the efficacy of MAGNETISM in the treatment of certain Chronic Diseases, which have proved invincible by the treatment prescribed by the Faculty, I deem it a duty to make public a statement which will excite every this doubt and convince all men of good faith. The fact which I will relate is completely within my knowledge, as it happened in my family.

A niece of mine, a young lady of sixteen years of age, had been sick for two and a half years by having been frightened. She had frequent fits of so great a character as would make her lose her reputation, and consequently her marriage with a young man of her choice. She had great headaches, and the nervous system was so much affected as to cause her whole body, particularly her limbs, to undergo the most horrible convulsions. She was accompanied by severe cutting pain in the stomach, painful dizziness, while, at the same time, her appetite became quite capricious. Her bowels became so relaxed (excreted these evils from day to day until the young lady's whole system became enfeebled, and certainly increased her physical pain and sufferings. Her mind was so much deranged as to prevent her mother quitting her even for a moment.

In the midst of all these difficulties, I resorted the aid of the ordinary usual course of medical treatment, without receiving any benefit.

As a last resort, despairing of the case, we had recourse to Magnetism to the best knowledge of my mother, who consulted Madame ADLOARD, a Somnambulist, No. 88 Bourbon street, between Dauphine and Hospital streets.

We followed strictly the injunctions of this lady, which consisted principally of direct application of Magnetism by Mr. Adloard, and two months of this treatment produced to cause the patient completely to health.

Since the time my niece was cured, this month ago, her health has not failed in instance her appetite, physical power, vicissitude and gaiety have all returned to perfect health.

Such is the facts, as I have stated, which I have deemed it a duty to make known to persons interested or who suffer and receive relief from magnetism.

P. S. For fuller information, call on me at No. 21 St. Anthony street, or on my physician, at the Metairie Road.

N. A. Adloard desires to inform the public that he is a very interesting young lady, who will act as interpreter for persons not speaking the French language. 30 30

HILLMAN, VANI... & & CO.'S CELEBRATED TENNESSEE ROLLING MILLS, whose Solder and other iron has been examined by competent persons, and has received the Chamber of Commerce of this city declared to be of the best quality.

☞ HUMPHREYVILLE, LIBERTY HALL, Tennessee, Nov. 1, 1854.

A Hardware well assorted stock always on hand and the sale of the entire or usual course of medical treatment, without receiving any benefit.

As a matter of inquiry, I have consulted Madame ADLOARD, a Somnambulist, No. 88 Bourbon street, between Dauphine and Hospital streets.

We followed strictly the injunctions of this lady, which consisted principally of direct application of Magnetism by Mr. Adloard, and two months of this treatment produced to cause the patient completely to health.

Since the time my niece was cured, this month ago, her health has not failed in instance her appetite, physical power, vicissitude and gaiety have all returned to perfect health.

Such is the facts, as I have stated, which I have deemed it a duty to make known to persons interested or who suffer and receive relief from magnetism.

HAZAR FRIER.

P. S. For fuller information, call on me at No. 21 St. Anthony street, or on my physician, at the Metairie Road.

N. A. Adloard desires to inform the public that he is a very interesting young lady, who will act as interpreter for persons not speaking the French language. 30 30
