LAUDERDALE WHITE SULPHUR SPRINGS, Lauderdale County, Miss.—This well and popular Watering Place, the valuable medicinal qualities of whose waters have now universally recognized by the thousands who have visited it, is now made easily accessible by the cars of the Mobile and Ohio Railroad, and lines of rail and four horse Post Coaches, running North, East and West. Well was recognized for the reputation of wishers on the 15th inst.
New, commodious and elegant buildings have been erected, now furnished, and have been opened for the season since last season, have undergone a thorough renovation. The new stages have large and very roomy, constructed and furnished with a view to the comfort and convenience of guests.
The proprietor announces publicly generally, as well as the old patrons of this favorite watering place, that on gains a [illegible] their rejoicing at the Springs at once agreeable, delightful and conducive to health.
The Cars and Mobile Railroad passes within one mile of the Springs. The cars are already running within thirty miles, and a line of stages also three miles to the Springs, and will be ready with every convenience, passing from Meridian to Springs in twenty two hours time. The time will be materially lessened as the railroad advances, and it is confidently expected that by the 1st August the cars will be running within eight miles of the Springs. The time of coaches also connects at Livingston with the Demopolis and Greensboro' Stages, and at Gainesville with the Gainesville and Clinton and Columbus lines, thus affording an easy and certain access to one of the most valuable and desirable watering places in the South.
The proprietor, grateful for past patronage, will avail himself of every exertion to ensure a continuance of the same, and, in short, intends presenting to the patronage of invalids and pleasure seekers a complete establishment.

THE SPRINGS.

CULLUM'S SPRINGS, CROTAW Co., Ala., eighty-six miles above Mobile, twenty-five miles east of Mobile and Ohio Railroad, and five miles west of the Tombigbee river.
The undersigned takes pleasure in announcing to his friends and the public generally, that the establishment is now open for the reception of visitors. During the past winter many improvements and additions have been made, with a single view to increased comfort and convenience of visitors, and he now invites, anew, to others seeking recreation and pleasure, together with an experience in the management of a Public House of more than twenty-five years, and a determination to keep his place in the front rank of first class hotels, with, he trusts, secure to him a liberal share of patronage. A splendid Band of music has been engaged for the season. Billiard Tables, Ten Pin Alleys and other amusements on the premises. The Cottages are all separate, and are neat, clean and comfortable.
Arrangements have been made by which safe and commodious light drought boats will ply regularly four times a week to the landing on the Tombigbee river, while those who prefer travelling by the United States, for the fourth time they have been more fortunate than to be able, to secure the services of Messrs. Powell & Menefee. By this splendid line forms connection of Mobile, leaves the Springs at 8 o'clock in the morning and arrives in Mobile at half-past 4 o'clock. This line will commence making daily trips to and from the Springs from the 16th to 15th June.
As to the curative virtues of the waters, they have not only surpassed the most sanguine expectations of the proprietor, but he believes that he can say with perfect propriety that there are no springs in the United States, for the fourth time they have been more known to the public, that have effected so many cures of obstinate chronic diseases; most certainly proves to great a variety of rare and valuable medical properties contained in the waters. Many eminent physicians of distinguished physicians will show the class of diseases for which the different kinds of water will be beneficial.
CERTIFICATES.
It would be difficult to describe in exact terms the numbers and nature of the testimonies in favor of the Cullum's Springs, and of the Alkaline Springs, employed by Mr. Arequin, are adapted, more particularly to disorders being of a congestive character, and to the gastric disease over which the various kinds of water. Nevertheless, by dividing these Springs into three principal groups, to wit:
ALKALINE, SULPHUR, FERRUGINOUS,
we may state in general terms, 1st, that Alkaline Waters are specially useful in cases of Gravel, Stone, Gout, and certain congestions of the mucous membrane.
2d. That Sulphur Springs are used in diseases of the Skin, Rheumatism, Scrofulous Affections, certain kinds of Paralysis, and some Cutaneous Diseases.
3d. That Ferruginous Springs act particularly as Tonics in a multitude of affections arising from the weakness of the system.
Now in case of sickness, Cullum's Mineral Springs may be highly useful, whenever prescribed and administered with judgment and discretion.

THREE HUNDRED DOLLARS REWARD.—Ran away or stolen from the undersigned about twelve months ago one, my negro boy JOHN N., a mulatto, about fifteen or sixteen years of age, and of a very yellow complexion. Any information or board from, he was sent Walker's Ferry on Flint river. The boy is about 21 years old, bright mulatto, red skin, taller than most of his age, and has five fine inches large, and of beauty appearance. I bought him some eight years ago from a Tennessee and Kentucky home drover. Previous to my owning the boy he had been sent to Mobile on a steamboat upon the Tennessee river. If he has not been decoyed off or stolen, it is my opinion he has made his way to Kentucky.
The above reward will be given for Jordan and the white person supposed to have abducted the boy off, with sufficient proof to convict him of the crime or the will be paid for the confinement of the boy in any jail, so that I can get him. JAMES LYON,
