I. O. O. F.

Names of Places—Time and Place of Meeting.

THE R. W. GRAND LODGE OF LOUISIANA I. O. O. F., meets semi-annually, on the fourth Tuesday in January and July, in the Grand Lodge Room, Odd Fellows' Hall, corner of Camp and Lafayette streets, in New Orleans.—Officers for the present year—James Sloan, of Commercial Union Lodge No. 14, R W Grand Master; Thomas Lee, of Crescent Lodge No. 5, R W Deputy Grand Master; Edward Pulsney, of Temple Lodge No. 16, R W Grand Warden; Thos H Shields, Secretary; Geo Williams, of Temple Lodge No. 13, R W Grand Treasurer; R W Ross, of Commercial Lodge No. 14, past Secretary; Thos Kennedy, of Crescent Lodge No. 5, Grand Marshal; Geo Wolf, Grand Sentinel.—Committee to the R W Grand Lodge—Geo H Church, of Merchants Lodge No. 42, R W Grand Marshal; R W Ross, of Commercial Lodge No. 14; Thos Kennedy, of Crescent Lodge No. 5; Edward Pulsney, of Temple Lodge No. 16; Geo Williams, of Temple Lodge No. 13; Thos H Shields, Secretary.

THE GRAND ENCAMPMENT OF LOUISIANA I. O. O. F., meets semi-annually, on the third Tuesday in January and July, in Grand Lodge Room, at Odd Fellows' Hall, corner of Camp and Lafayette streets, New Orleans.—Officers for the present year—James Sloan, of Commercial Union Lodge No. 14, Grand Patriarch; Geo H Church, of Merchants Lodge No. 42, R W Grand Marshal; R W Ross, of Commercial Lodge No. 14, Grand Treasurer; Thos H Shields, Secretary; Geo Williams, of Temple Lodge No. 13, Grand Scribe; Thos Kennedy, of Crescent Lodge No. 5, Grand Sentinel.—Committee to the R W Grand Lodge—Geo H Church, of Merchants Lodge No. 42; Thos Kennedy, of Crescent Lodge No. 11; Edward Pulsney, of Temple Lodge No. 16; Geo Williams, of Temple Lodge No. 13; J Frankford, of Crescent Lodge No. 5; W Gessi Herold.—District Deputy Grand Masters—1 Bernard of Jefferson Lodge No. 9, District No. 1; H McHall, of Excelsior No. 34, District No. 2; J Mallet, of St. Mary's No. 20, District No. 3; R. H. Lillywood, of St. Landry No. 25, District No. 4; J Barnes, of Bolivia No. 1, District No. 7; H Hillman, of Bolivar Lodge No. 9, District No. 8; J Kennedy, of Vicksburg No. 32, District No. 9; John Moore of New Iberia No. 38, District No. 10; H. Hunsicker of Neith No. 31, District No. 11; R. J. Bolley of Prairie No. 37, District No. 12; C. P. Lang, of Fellowship No. 34, District No. 13; J. Faust of Clinton No. 31, District No. 15; J. Faust of Hermann No. 39, District No. 16; R. O. Jouets of Abbeville No. 41, District No. 17.

All communications intended for the Grand Master or Grand Secretary should be addressed to the office of the Grand Secretary in Odd Fellows' Hall.

Places for Subordinate Lodges for the Year ending Sept. 30, 1854.

LOUISIANA No. 1, meets every Friday evening, in room No. 5, Odd Fellows' Hall.—Officers—Geo. Wills, N G; J J Normand, V G; G. W. Dormeyer, Secretary; F Loiseau, Per Secretary; H. Gillingham, Treasurer.

WASHINGTON No. 3, meets every Thursday evening, in Washington Hall, Third District.—Officers—J. Galesio, N G; V. Burton, V G; J. B. Magou, Secretary; F Lois, Per Secretary; G Hooper, Treasurer.

UNION LODGE No. 6, meets every Monday evening in room No. 5, Odd Fellows' Hall.—Officers—Jos. Eley, N G; S. W. Moore, V G; J. N. Lakhedo, Secretary; Thos H Shields, Per Secretary; B. H. Roquest, Treasurer.

CRESCENT No. 8, meets every Thursday evening in room No. 1, Odd Fellows' Hall.—Officers—John M Gwynn, N G; J E Robertson, V G; S. W. Hunter, Secretary; I N Julian, Per Secretary; F A Barbot, Treasurer.

JEFFERSON No. 9, meets every Thursday evening in Jefferson Hall, Fourth District.—Officers—W W Lamberton, N G; T E Canty, V G; M M Wooten, Secretary; W Dawson, Per Secretary; S P Cordrell Treasurer.

TEUTONIA, No. 10, meets every Tuesday evening in room No. 2, Odd Fellows' Hall.—Officers—Francis Rose, N G; J C Fleisher, V G; H O Flack, Secretary, J H Reuter, Per Secretary; J C Schneider, Treasurer.

ORLEANS No. 11, meets every Tuesday evening in room No. 1, Odd Fellows' Hall.—Officers—T F Merrick, N G; J W Webb, V G; J H Webb, Secretary; W H Harrington, Treasurer.

COMMERCIAL No. 12, meets every Wednesday evening in room No. 5, Odd Fellows' Hall.—Officers—Walter Nicol, N G; J T Stockton, V G; T O Laughlin, Secretary; L F Tower, Per Secretary; W B Odok, Treasurer.

HOWARD No. 13, meets every Thursday evening, in room No. 5, Odd Fellows' Hall.—Officers—B De Silva, N G; J D Henriques, V G; T D Vanhorn, Secretary; J Mavier, Per Secretary; A De Sola, Treasurer.

HOPE No. 14, meets every Wednesday evening in room No. 1, Odd Fellows' Hall.—Officers—J J Sherwood, N G; J Murphy, V G; C W. Gould, Secretary; Chas Koehler, Per Secretary; George Rareshide Treasurer.

DELTA No. 15, meets every Monday evening at room No. 1, Odd Fellows' Hall.—Officers—A W Macdonald, N G; L J Odron, V G; P G Collins, Secretary; J McCulloch, Per Secretary; L Homus, Treasurer.

TEMPLE No. 16, meets every Friday evening in room No. 1, Odd Fellows' Hall.—Officers—W Presidential, N G; Geo W Hunter, V G; A Wallace Brown, Secretary; F G Thos S Bragg, Per Secretary; F G H A Patterson, Treasurer.

CONTINENTAL No. 17, meets every Tuesday evening at Washington Hall, Third District.—Officers—J Swift, N G; Geo. Williamson, V G; H Goodrich, Secretary; J S Mannell, Per Secretary; B Millaguach, Treasurer.

POLAR STAR No. 19, meets every Wednesday evening in Polar Star Hall, St. Louis street, Second District.—Officers—E Casterade, N G; O A Isenoste, V G; J F Wagner, Secretary; L A. Gentry, Per Secretary; G Gastamayer, Treasurer.

MAGNOLIA No. 22, meets every Tuesday evening at room No. 5, Odd Fellows' Hall.—Officers—Wm Dickson, N G; J C Magner, V G; J Garnould, Secretary; W M Rice, Per Secretary; J A Robinson, Treasurer.

INDEPENDENCE No. 23, meets every Wednesday evening in room No. 2 Odd Fellows' Hall.—Officers—J Meunier, N G; A Wallace, V G; M Schwartz Secretary; G Schneider, Per Secretary; H Pringle, Treasurer.

COLUMBUS No. 24, meets every Wednesday evening in their Hall, Algiers.—Officers—M McMahon, N G; W F Girard, V G; O Vallette, Secretary; J Osmonde Per Secretary; E D Walker, Treasurer.

GERMANIA No. 29, meets every Thursday evening in Jefferson Hall, Fourth District.—Officers—J Fend, N G; F G Schoenbach, V G; T H Tolmanich, Secretary, T B Schroeder, Per Secretary; G Dameron, Treasurer.

PACIFIC No. 33, meets every Wednesday evening in their Hall, Jefferson City.—Officers—J Kagran, N G; I Wade, V G; S Gardner, Secretary; G Wild, Treasurer.

HARMONY No. 38, meets every Friday evening in Polar Star Hall, St. Louis street, Second District.—Officers—T Livaudais, N G; L. W Baquis, V G; E P. Pompart, Secretary; H Cailliet, Per Secretary; J Chabengue, Treasurer.

HERMANN No. 39, meets every Wednesday evening in Washington Hall, Third District.—Officers—W Eldin, N G; H Wiegandine, V G; J Oldor, Secretary; J Faust, Per Secretary; J Bohl, Treasurer.

SOUTH-WESTERN No. 40, meets every Friday evening in room No. 2, Odd Fellows' Hall.—Officers—H G Stetson, N G; H Smith, V G; Jas Begue, Secretary; J Furneaux, Per Secretary; C Schmidt, Treasurer.

MERCHANTS No. 42, meets every Monday evening in room No. 5, Odd Fellows' Hall.—Officers—W B Morris, N G; Wm Bloomfield, Jr, V G; J W Phillips, Secretary; C H Rees, Per Secretary; L B Pothier Treasurer.

EAGLE DUCHE LODGE, meets on 1st and 3d Saturdays of each month, at 7 o'clock, p. m., in Lodge room No. 5, Odd Fellows' Hall.—Officers—L D. Gubernator, Degree Master; Jos. Dupre, Deputy Degree Master; Alfred Shaw, Secretary; R. L. Bruce, Treasurer.

Interior Subordinate Lodges.

DE SOTO No. 7, meets at Baton Rouge, Thursday evening.

ST. MARY'S No. 20, meets at Franklin, Saturday evening.

NEITH No. 21, meets at Shreveport, Wednesday evening.

ST. LANDRY No. 25, meets at Opelousas, Saturday evening.

CLINTON No. 27, meets at Clinton, Wednesday evening.

CARROLL No. 30, meets at Vicksburg, Monday evening.

TRINITY No. 32, meets at Trinity, Saturday evening.

EXCELSIOR No. 34, meets at Thibodaux, Saturday evening.

NEW IBERIA No. 38, meets at Newtown, Thursday evening.

PRAIRIE No. 37, meets at Washington, Friday evening.

CHENEYVILLE No. 41, meets at Cheneyville, Monday evening.

THOMAS H. SHIELDS Grand Secretary.

THE R. W. GRAND ENCAMPMENT OF PATRIARCHS for Louisiana I. O. O. F., meets semi-annually, on the third Tuesday in January and July, in Grand Lodge Room, at Odd Fellows' Hall, corner of Camp and Lafayette streets, New Orleans.—Officers for the year 1853—Thos H Shields, M W G P; S Harby, M E H P; H Gillingham, R W G S W; Jas Furneaux, R W G Scribe; H Williams, R W G Treasurer; J G Dunlap, G Sentinel; J Stroud, Jr. Treasurer; James Furneaux, Secretary.—Committee—H Gillingham, Geo Hooper, H H Dendel, R Smith, G Wolf, Thos Shields, P N Strong, Thomas Keen, O Robin, S Bouillemet.

THE GENERAL RELIEF COMMITTEE I. O. O. F. OF NEW ORLEANS, meets at the Office of the Grand Secretary in Odd Fellows' Hall, on the fourth Wednesday of every month.—Officers—H L Kelsey, President, No. 66 Camp street; Jos West, Treasurer, 111 Tchoupitoulas street; J F Patessoux, Secretary, Odd Fellows' Hall.—Members—J B Cunningham; H S Hays, 15 St. Charles street; S Galpin, Jersey street, Fourth District; R L Bruce, 89 Canal street; J L Gubernator, 67 Hercules; Charles Bailey, 108 Chartres street; T Hook, 93 Hook; Wm McCulloch, Gas Works, Gravier street; R W Richard, 118 Canal street; J A Forest, 78 New Basin; W Furbenger; A Ferber, Algiers; W Nunemaker, 8 Magnolia, 67 Royal street; Thos Gong, 91 Tchoupitoulas street.

TO MECHANICS, MANUFACTURERS, FOUNDRYMEN, ETC.

MEMPHIS

Navy Yard Grounds,

TO BE LEASED!

ON THE FOURTH MONDAY, being the 28th day of November, 1853, will be offered to the public, on a lease of

TWENTY-FIVE YEARS,

the grounds formerly owned by the Government of the United States, known as the Navy Yard to the city of Memphis, and occupied as such. Shares.

These grounds are a fleet on the Mississippi and Wells rivers of three thousand acres on the West, and a front of nearly twenty-five hundred feet on Gayoso and adjacent the Bay, and are divided into three equal parts by Hernando and Navy Yard streets, extending through North to South.

The entire whole, from Union Chickasaw and Poplar streets, will be subdivided as soon as may be after the 1st of July 1853, and, pending a sale of the most eligible residence lots in the city.

Of these, there will be some twenty-four, twenty-five, and seven large and commodious public buildings, built of brick and stone, two stories high, and containing from fifty to eighty rooms each, and other buildings, suitable for hotels and manufactories of every description, and the entrance from the street is regarded both as an ornamental and useful feature, in the selection of a site for a Hotel, or Manufactory, or Foundry, or Rolling Mill.

The convenience of the timber in our vicinity, convenience to iron, copper, coal, and all the material near at hand, to the purpose, the demand for locomotives and cars for the twelve hundred miles of Railroad now in progress, and the facilities to complete them, in shops, lodging and food, and mechanics—and the designed facility of carry, by water, to the Gulf, and to the Ohio and Mississippi River, to the great purposes aimed, Memphis is a tested shown the epidemic, indeed, is at the head of unexplored new region, and may be regarded as the Mecca of the Mississippi Valley. Shares.

Proposals for leases upon the property will be received and accepted, at any time before the day of sale, and the property, with the whole will be properly leased, unless otherwise disposed of before that time.

For further information, address the undersigned.

A. H. DOUGLASS, Memphis.

nov 11 3m

RELIABLE PROTECTION AT SMALL COST

THOUSANDS, OR TENS, OR EVEN HUNDREDS OF THOUSANDS INSURED BY THE OUTLAY OF FIFTY-FIVE DOLLARS OR UPWARDS.

COURTHOUSES, Notaries, Jewelers, Brokers, Merchants, Capitalists, Planters, Builders, Mechanics, Steamers, Children and minors are insured against the loss of fire and burglary, books, papers, money and other valuable articles, which are never covered by a policy of insurance, by securing the above sum in the Fireproof Safes of the PATENT CONCRETE FIRE-PROOF SAFES, including some with a free title of Patent Lock, by which is an iron as a half dollar cost and cannot be picked.

The defying capacity of this article is unequaled by all of any other kind, and is the only one to be relied on, as it is the only one that has been tested by fire, and has stood the test. The Concrete and the most popular safes of other description.

The contract will be understood when it is known that the Safes are in use in the Fire Department of Cincinnati, and that not any have made of late, that the former has wrought and the latter has proved to be equally good, that the former is much more generally related than the latter. The latter is a tested shown the epidemic, indeed, is at the head of unexplored new region, and may be regarded as the Mecca of the Mississippi Valley. Shares.

Memphis is a tested shown the epidemic, indeed, is at the head of unexplored new region, and may be regarded as the Mecca of the Mississippi Valley. Shares.

Proposals for leases upon the property will be received and accepted at any time before the day of sale, and the property, with the whole will be properly leased, unless otherwise disposed of before that time.

For further information, address the undersigned.

A. H. DOUGLASS, Memphis.

MISCELLANEOUS.

St. Louis

OIL MANUFACTURING COMPANY,

Depot and Office, No. 58 North Third street,

ST. LOUIS, MO.

STEPHEN RIDGLEY, WILLIAM C. LUGAN, President, Treasurer.

The Company manufacture Refined Oil, Crude or Coarse Oil, Pure Oil, Tanner Oil, Lard or Burning Oil, Naptha and Paint, with their, with confidence, recommend to the trade and consumers, for the purposes herein enumerated.

Griffith's Oil—For Machinery of all kinds, filling wool, and for all purposes for which Sperm Oil is generally used.

Chilled Oil, or Gelatine Oil—Is adapted to the coarse Machinery, such as Car Wheels, heavy Mill Work, etc., and for purposes Mouldy and Damp for Carriage, either alone or in combination with Whale or other Oil; also for making Painters' Ink, and for oiling Wool for the Spinner.

PAINT OIL—A substitute for Linseed Oil; dries well in about twelve hours; is as safe as and is fully equal to the oil in durability.

TANNERS' OIL—For dressing Leather and Currier's use; combined with the best ingredients, cheap, and decidedly better than Whale Oil.

LAMP, OR BURNING OIL—The Oil contains a large per centage of the gas, consequently it cannot be used in ordinary lamps. A simple alteration, or addition, overcomes the difficulty, and the Oil burns with a brilliancy unsurpassed by any other light.

NAPTHA—For manufacturers, Varnishes, Burning Fluids, etc.

PITCH—For calcimining the water Pitch is used, being a very superior article.

FOR LUBRICATING MACHINERY—The Chilled or coarse Oil has proved to be the best article for the purpose, and the refined Oil is also valuable; but from its diminished quantity, or that the consumption equals or falls. Be careful to clean the Machinery, and use the Oil in the proportion of 1 pint to 10 gallons, the first application, will tend to free Machinery from the impurities of other greases, and oils.

The Company is now prepared to fill all orders, and all orders that accompany the price satisfaction.

Orders received at the Office, No. 58 North Third street, will be promptly attended to.

jeb 17

ABITA CHRISTY SPRINGS, LA.

The undersigned, proprietor of the SALINE CHALYBEATE WATER, at Abita Springs, St. Tammany parish, two miles from the city of New Orleans, lies on a bluff from Mandeville, one and a half miles from Madisonville, and two miles and a half from Covington, La., would call the attention of those persons requiring a healthy region in the Piney Woods, easy of access by the steamboats, three of which ply between New Orleans and Mandeville, and three times a week by stage or carriages by easy carriages over good roads to these Springs.

During the last time that these waters have been in use, their wonderful curative powers have been fully established, and the undersigned feels fully warranted in asserting that no waters known in the United States have been more successful in effecting a cure in Diseases in Dyspepsia, Dropsy, Diseases (simple or chronic), Diseases, Bronchitis, Chlorosis, Cutaneous Diseases, such as Ring Worm, Tetter, Scald Head, Scurvy, Scrofula, Sore Eyes, Loss of Appetite and Debility, in effect in almost insalubrious cells.

Accommodations, with a commodious and pleasant elegantly furnished buildings, they will be found comfortable summer resort, and will guarantee that no health will not the most delicious. Every attention to comfort will be paid by well trained servants, and every effort made by the undersigned to promote the permanent and pleasant use of his guests. Contributions commencing with the 1st of June, and continuing to the end of the season, will be received, a continuation of which is respectfully solicited by

J. S. BOSMIER.

The following is a copy of Dr. Riddell's analysis of the Springs, as made at the instigation of Dr. Stone, Dr. Newbury, Dr. Edward Dr. Foster and Dr. McCormick:

A large quantity of water was taken from the earth with a strong current. Its temperature was found to be 69 degrees for in January, 1854, when the air was 64 degrees. It is unlike any known waters in the neighborhood; and all were subsequently considered, it occurred to with its mineral chemical composition, especially its large amount of combined gases, must be the source of the virtues which it is so notorious very deep in the earth, being in not a sort of natural Arrowas well.

The following are the results of chemical analysis:

In 1,000 parts of water, everything by weight, grammes, there are 16,97 grammes of solid matter, and of the following ingredients, arranged in the order of their relative abundance:

Carbonic Acid	5.00
Silicate of Soda	3.94
Bicarbonate of Soda	3.41
Potassium	2.22
Lime	1.56
Chlorine	1.41
Ammonia	0.25
Potassa, sulphuretted hydrogen, organic matter and loss	0.48
Total	16.98 grammes.

In mineral water, where many ingredients are necessarily held in solution, it is doubtful if all the ingredients of these ingredients are chemically united to one another. We may, however, safely infer that the water contains carbonate of soda, carbonate of soda, chloride of potassium, carbonate of lime, carbonate of iron, bicarbonate of lime, silicate of soda, chloride of sodium, and traces of sulphate of sodium and potassium.

We ascertain no doubt that the waters of this Spring possess, the most therapeutic qualities. They should probably be classed as high tonic and alterative. The presence of the silicate of soda shows that it possesses aperient, alterative, tonic and diuretic effects.

Analysis of the Abita Springs, by Dr. J. P. Riddell, Chemical Laboratory University of Louisiana.

New Orleans, March, 1854.

Cultivated Springs, Cocoa, Ga. JOHN MAULE, Nos. 28 St. Charles street, Agent, Mobile, Ala., and the Washington Hotel, Spring Hill, E. STERLING, the only persons in the city of Mobile, who hold the privileges or agencies of the Abita and Christy Waters.

Agents will be furnished with the Waters, and will have to apply to the proprietor, or from the Saline Springs, or the Washington Hotel, Spring Hill.

Agents and general man wishing to visit the Springs, will always find an accommodation at the Washington Hotel, Mobile, Ala., or Cocoa, Ga.

(4411)

LAUDERDALE WHITE SULPHUR SPRINGS, Lauderdale County, Miss.—This Sanitarium and popular Watering Place, the reliable medicinal properties of which are now well established, will be opened for the ensuing season, on the 1st of June, under the management of the undersigned, who has had the privilege of supervising the Abita and Christy Springs.

All those visiting the Springs will find a comfortable home, and the public may be assured, and those who have visited the Springs, and have tested the efficacy of the waters, will be pleased to meet the undersigned, who has had the privilege of supervising the Abita and Christy Springs.

Persons desiring to use the waters will have to apply to the proprietor, or from the Saline Springs, or the Washington Hotel, Spring Hill.

Agents and general man wishing to visit the Springs, will always find an accommodation at the Washington Hotel, Mobile, Ala., or Cocoa, Ga.

(4411)

THE SPRINGS.

CULLUM'S SPRINGS, CHOCTAW CO., ALA.—Eight miles above Mobile, twenty-five miles from Mobile and Ohio Railroad, and five miles west of the Tombigbee river.

The undersigned takes pleasure in announcing to his friends and the public generally, that his establishment is now open for the reception of visitors. During the past winter many improvements and additions have been made, with a single view to increased comfort and convenience, not only to the invalid, but to those who seek for amusement and pleasure, together with entertainment to the management of the Public House of Entertainment, and a determination to keep his on the list of "first class hotels," will, he trusts, secure a liberal share of patronage. A splendid Band of music has been engaged for the season. Billiard Tables, Ten Pin Alleys and other amusements on the premises. The Cottages are all separate, and are neat, clean and airy.

Arrangements have been made by which safe and commodious light draught boats will ply regularly three times a week to the landing, on the Tombigbee river, while those who prefer something by the Mobile and Ohio Railroad can do so, connecting at the State Line with the splendid four horse coaches of Moulton, Powell & Mitchell. By this last route passengers can leave the Springs at 5 o'clock in the morning and arrive in Mobile at half past 4 o'clock. This line will come into making daily trips to and from the Springs from the 10th to 15th June.

As to the curative virtues of the waters, they have not only surpassed the most sanguine expectations of the proprietor, but he believes that he can say with perfect propriety that there are no springs in the United States, for its short time, have been more known to the public, that have effected so many cures of chronic and intractable chronical or medicinal combinations. Dyspepsia in all its ramifications is distinguished phenomena will show the class of diseases for which the waters are a specific, and the benefits:

CERTIFICATES.

It would be difficult to describe the exact terms the number and nature of the diseases for the treatment of which Mr. Cullum's Choctaw Pavilion of Springs, analyzed by Mr. Avegno, are adapted, more particularly as the Springs are in the immediate vicinity, and the unsurpassed enjoyment of various kinds of water. Nevertheless, by direct analysis Springs into three principal groups, to wit:

ALKALINE, SULPHUR, FERRUGINOUS,

we may state in general terms, 1st, that Alkaline Waters are specially useful in Chronic Diseases of the Liver, Stomach, Bowels, Kidneys, and of the abdominal viscera.

2d. That Sulphur Springs are used in diseases of the Skin, Rheumatism, Gout, Scrofula, Dropsy, certain kinds of Paralysis, and some Cutaneous Diseases.

3d. That Ferruginous Springs are particularly as Tonics in a multitude of affections arising from Debility, Chlorosis, Amenorrhoea, etc.

We are of opinion that Mr. Cullum's Mineral Springs may be highly useful, whenever prudently and administered with judgment and caution.

Joseph Martin, D. M. P.

Mobile, April 15, 1853.

MR. CHAS. CULLUM: *Dear Sir*—I have just received the analysis, by Mr. Avegno, of your new Springs, which I requested you to procure.

These Springs are unlike any in the country, resemble some of the most celebrated springs in Europe, and are very remarkable for the large amount of medicinal combinations they contain. I know of no Chalybeate Spring in this country of equal strength, and the Alkaline Springs here are peculiar, except the Bladen Springs, which are not quite so strong.

The great value of these waters in all chronic diseases of the Stomach Organs cannot be questioned, and in many affections accompanied by general debility, they will be found invaluable.

Very respectfully yours, etc.

J. G. POTT, M. D.

To insure the proprietor pledges himself to supply the public, and to convince on this part will be wanting to make them comfortable and entertained.

ANALYSIS.

The Analysis of the following Springs was made by Mr. J. B. Avegno, of the Orleans, a gentleman whose reputation as a chemist stands amongst the highest, not only in this country but in France also:

ALABAMA VICHY SPRING.

Proportions of the several mineral substances contained in an English wine gallon of 231 cubic inches:

	Grains Troy Weight.
Carbonic Acid—merely notes	
Ammonia Bicarbonate of Soda	5.178
Ammonia Bicarbonate of Potassa	
The Salts in its very small proportion compared with the Bicarbonate of Soda	
Bicarbonate of Carbonate of Lime and Magnesia	0.811
Bicarbonate of Soda	0.196
Sulphate of Soda and Magnesia	0.180
Chloride of Sodium	0.060
Ammonia	0.060
Iodine of Sodium—a trace	0.060
Silica	0.170
Carbonate of Iron	0.040
Organic matter, sectioned and non-sectioned	0.325
	15.402

Consumptions.—The Alabama Vichy Spring is remarkable for its large quantity of alkaline bicarbonates, which, when pure, which they contain, to wit: 45.40 grains per gallon, or 3.17 grains per pint, or 1.14 grains per litre.

The proportions of the salts of iodine, perceptible only in four gallons of water.

As for the very small proportion they contain of the chloride of soda and chloride of sodium.

As for the presence of sulphate of magnesia, but in small proportion.

Pure spring water is the best drink, and the most healthy, and the most agreeable, delightful and cheap.

The Ohio and Mobile Railroad passes within one mile of the Springs. Two stages already running within thirty miles, and a line of cars will have put in the ensuing season, or, at the most, the ensuing season, gives from Mobile to the Springs in some twenty hours from Mobile, and in less than a day from New Orleans. This will be a convenience, and it is confidently expected that by the 1st of June the road will be running within eight miles of the Springs. The time of departure, and the time of arrival, will be published, and the time of departure for the Springs, and the time of arrival, will be published in the Mobile papers, and in the New Orleans papers.

The proprietor, grateful for past patronage, will spare no pains of every facility for contributing to the comfort of his guests, and in order to add to the pleasure of the patronage of invalids and pleasure seekers a cool, plain establishment.

RATES OF BOARD:

For a month	$25 00
For a week	10 00
For a day	2 00
Children and servants,	1 00

By Stage fare and will be kept in first class order, with good hostlers at an open gentleman.

B. S. SMITH.
