SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; thus indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, as will be seen by the accompanying cut. The little white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact; instead of treating the nerve centers for the cause of the disorders arising therefrom they treat the part affected.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises on the latter subject, long since realized the truth of the first statement, and his Restorative Nervine is prepared on that principle. Its success in curing all diseases arising from derangement of the nervous system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the remedy amply prove.

Dr. Miles' Restorative Nervine is a reliable remedy for all nervous diseases, such as headache, nervous debility, prostration, sleeplessness, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, or send direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle; six bottles, $5; express prepaid.

Dr. Miles' Nervine positively contains no Opiates or Dangerous drugs.

BULLS HAD NO NERVE

Bears Run the Market to Suit Their Bank Accounts.

BUT IT WAS VERY STAGNANT

Less Than 170,000 Shares Were Sold and Nobody Seemed Anxious to Speculate Very Hard.

NEW YORK, June 13.—Money on call has been fairly active, ranging from 3 to 10 per cent; last loan at 3 per cent, and closing offered at 3 per cent.

Posted rates, $4.86@4.88.

Government bonds have been quiet.

The stock market was even duller than usual today, only 163,122 shares having changed hands, of which 13,416 were unlisted. The dealings were almost entirely professional, and as the feeling among the traders in the board is still bearish, a further decline in prices was recorded. The advises from the west of additional bank failures and troubles in the merchandise world aided the bears materially in their operations. The continued shipments of currency and consequent firmness of the rates for time money, also had an influence upon speculation. Under the circumstances the decline in the share list was by no means heavy, ranging from ½@1¾ per cent. Taken altogether it was an uncommonly quiet and featureless session. The market closed firm in tone.

New York Produce.

NEW YORK, June 13.—FLOUR—Market quiet, generally steady; winter wheat, low grades, $2.05@2.45 per cwt.

WHEAT—¼c higher for exports. No. 2 red, closed June, 72c; July, 73¾c; August, 75¾c.

CORN—Higher, strong; fairly active; closing: June, 48c; July, 48½c; August, 49½c.

OATS—Dull, firmer. Spot prices: No. 2, 37½@37¾c; No. 2 white, 40c.

LARD—Firm; western steam close at $10.20.

PORK—More active; old mess, $19.90; new do, $20.00.

CHEESE—Quiet, unchanged; state large white, 7¾@8¼c; do colored, 7¾@8¼c.

COFFEE—Options opened barely steady; unchanged to 20 points down; closed inactive but 20 points down. July, $15.30; August, $15.20@15.25; September, $15.00@15.10; December, $14.80@14.85. Spot Rio easier, quiet; No. 7, 17½c.

SUGAR—Raw, firm. Fair refining, 3⅜c; centrifugals, 96 deg. test, 4⅝c; off A, 4 15-16c; mould A, 5 9-16@5⅝c.

Chicago Markets.

CHICAGO, June 13.—Wheat opened weak at ⅛c decline on easier cables and rumors of some additional bank failures elsewhere, but there was good buying with but little on sale and prices quickly turned strong, advancing steadily 1¼c, closing ⅝@⅞c higher than last night.

Corn opened lower, but soon turned very strong and sold up 1⅜c, where it held firm.

Oats were strong and higher in sympathy with the strength in corn and the big decrease in the visible supply, closing ⅜@⅝c higher than yesterday.

There was more activity in provisions than for several days. September lard was quoted at $20.50, the market closing from 50@100 stronger than yesterday.

Closing prices:

WHEAT—June, 65⅝c; July, 66⅝c; September, 71c.

CORN—June, 39⅝c; July, 40⅝c; September, 42c.

OATS—June, 29⅝c; July, 29c; September, 25c.

PORK—July, $20.00; September, $20.70.

LARD—June, $10.00; July, $10.20; September, $10.70.

RIBS—June, $9.45; July, $9.55; September, $9.85.

Chicago Livestock.

UNION STOCK YARDS, Chicago, June 13.—Cattle—Receipts, 15,000; market steady; common to extra steers, $3.90@5.90; stockers and feeders, $2.50@4.50; cows and heifers, $1.50@4.25.

Hogs—Receipts, 22,000; market strong; 5@10c higher; heavy, $6.70@7.05; mixed and medium, $6.60@7.00; light, $6.55@6.95.

Sheep—Receipts, 12,000; market steady; poor to choice, $3.50@5.35; lambs, $4.50@7.25.

Detroit Grain.

DETROIT, Mich., June 13.—Wheat—No. 2 red, cash, 65c; July, 67c; August, 70¼c bid.

Corn—No. 2, cash, 39c.

Oats—No. 2 white, cash, 30c.

London Grain.

LONDON, June 13.—The grain markets opened this morning irregular. At Liverpool wheat was slow. Corn firm, 1d higher. London cargoes of wheat unchanged. The French markets were weak. Wheat and corn on passage quiet. The weather in the United Kingdom was warmer.

LOCAL MARKETS.

TUESDAY, June 13.—The wheat market is dull and uninteresting, with no quotable change from yesterday's price in the local market. It fluctuated up and down in the Detroit market during the morning session, finally settling at about former quotations. Dealers hardly know what to do and look for still further reduction. Good timothy hay is plentiful, the market being down to $9@10 per ton for the best; mixed brings $8 per ton. The supply is greater than the demand in both qualities. The sugar market has taken another upward move of 6 cents per hundred pounds in all grades of refined. The price for wool is ridiculously low, but so long as the tariff legislation continues little else can be hoped or looked for. Direct certainty will, without doubt, improve the market and place this important product among the foremost money-getting productions, or at least on a paying basis. The general expression among dealers, as well as sellers and raisers, is that the lowest figure has been reached and that better prices will soon be realized. Green hides have taken a fall, No. 1 being quoted at 3 cents and No. 2 at two cents. Sheep pelts are down 50c @$1, lambs 25@50 cents and shearlings at 10@15 cents, the market ruling dull with not much movement. Fresh wintergreens are in market, as well as home-grown strawberries. Ground feed has suffered a reduction of $1 per ton, as has also corn meal. Fish are in good supply, brook trout being quoted at 30@40 cents per pound; black bass 10 cents. Old potatoes are much reduced in price, the new crop crowding them out of market. The revised quotations follow:

Women In the Pulpit.

There seems to be no objection whatever to woman taking control of Sunday schools, benevolent institutions, church fairs, festivals and all other means of caring for the flocks and filling the ecclesiastical exchequer, but when it comes to women in the pulpit there is trouble at once. This is only another of the relics of barbarism.

In old times if the church could get control of the women and little children they felt pretty sure of their ability to manage the rest of the human family.

Half a century ago a woman doctor was scarcely recognized in reputable circles, and a woman lecturer was a monstrosity. Contrasting that date with the present and taking note of the change in sentiment from one decade to another, it is scarcely too much to expect that by another 50 years we shall see a most wonderful revolution in matters of this sort. It is safe to predict that before the end of the first decade of the next century the woman preacher will be no more of a novelty than the woman doctor now is. Woman is specially fitted for such work, and even were she not so it would be only the strictest kind of justice to give her some of the honor as well as most of the hard work of the church. When once it dawns fully upon the minds of the people of this generation that there is no sex in intellect or moral achievement, the first and most difficult part of this knotty problem will have been solved.

By all means open the pulpit doors to women as well as those of the Sunday school room, the hospital and the executive committee.—New York Ledger.

"Well Brought Up."

—Life.

Presence of Mind.

The following story is told of Mark Twain by a gentleman who lives near his residence at Hartford: One day Mark answered the telephone, and after hallooing for some time without an answer he used some language not generally seen in print, but which was certainly picturesque. While thus engaged he heard an answer in astonished tones and recognized the voice of an eminent divine whom he knew very well. "Is that you, doctor?" questioned Mark. "I didn't hear what you said. My butler has been at the telephone and said he couldn't understand you."—Argonaut.

A Tried Remedy for Biliousness.

Those who suffer from disorder or inaction of the liver will never get the upper hand of the unruly organ so long as they use such irrational remedies as blue pill, calomel and podophyllin. But from the tried and popular medicine, Hostetter's Stomach Bitters, they may expect relief with a certainty of obtaining it. The influence of the Bitters upon the great biliary gland is direct, powerful and speedily felt. The relief afforded is not spasmodic, but complete and permanent. The sallowness of the skin, furred appearance of the tongue, indigestion, costiveness, headache, nausea, pains through the right side and shoulder, in fact every accompaniment of the obstinate complaint are entirely and promptly removed by a course of this inestimable medicine, in behalf of which testimony is constantly emanating from every quarter, and from all classes of society.

Will Stop on Sundays.

Commencing June 11, the "White City Flyer," leaving Grand Rapids at 7:15 a. m. every day for Chicago, will stop on Sundays only at Holland, Fennville, Bangor, Hartford and Watervliet. This train stops at Midway Plaisance, at the entrance to the world's fair grounds. As the afternoon train leaving Chicago at 5:35 runs every day, it will be possible for a person to spend Sunday afternoon at the fair and get back home in the evening. The return train must be taken at Hyde Park, four blocks from the north entrance to the fair grounds.

A Woman's Letter.

"Dear Mrs. Pinkham:

"If any one wants to know how good your medicine is, just refer them to me.

"I was so low, people thought I never could get well again.

"The trouble was in my womb, causing bearing-down and severe backache. I was so nervous and irritable my people could hardly live with me. Sometimes I would almost fall down, I was so dizzy, and how I did lie awake nights! I thought I should go crazy!

"But now all that is changed, and I am a well woman. I owe all to *Lydia E. Pinkham's Vegetable Compound.* Now, when I do not feel just right, I take a bottle of your medicine and a box of your pills. They never fail."—*Mrs. L. Travis, Thurlow, Pa.*
