THEY ASK TO VOTE

Another Meeting in the Interests of Women's Suffrage.

THEY WOULD IF THEY COULD

Mrs. Mary L. Doe Denies That Women Would Not Exercise the Franchise if They Had It.

Some 250 women were present at the suffrage meeting held in the Hartman building last night. Some of them were young, and some of them were middle-aged; all of them well dressed and intelligent appearing, and none of them looked as if they had suffered the life time of wrong and deprivation, which later developments proved that they had endured.

Mrs. H. M. Morman called the assembly to order. Mrs. Emily B. Ketcham was made president of the meeting.

Mrs. Mary L. Doe, of Bay City, made the address of the evening. She discussed the merits of women's suffrage, and refuted the charge that women did not care to vote and would not take advantage of the right if they had it. She read statistics to prove that fully nine-tenths of the women in Montana take advantage of their electoral privilege. She read a newspaper clipping from a Saginaw paper relating how a census had been taken on an F. & P. M. train and of 256 women passengers 212 expressed themselves in favor of being allowed to vote. Eighteen were opposed to female suffrage, and the others didn't care. The women were not delegates to a suffrage convention; but were on their way to a bargain sale of spring goods. She did not believe any of the objections against women's suffrage could be made to hold good, and recited events to prove that the sentiment against granting women the right to vote, was gradually undergoing a change. The discussion of women's suffrage at a recent national convention, she regarded as significant. The world's fair women's congresses have been a great help, and have tended to unite women for the advancement of their common interest. She saw the time coming, and not far distant, when every woman would have her natural rights as a citizen, and the republic would be a republic in truth as well as in name.

Hoped They Would Vote.

She hoped that the women of Michigan would avail themselves of the recent concessions made, and show at municipal and school elections that they want the ballot, and know how to wield it. She discussed the reform and church work that women are expected to do, and believed if they had the ballot they could work much of this reformation at the polls instead of doing it under the adverse circumstances to which they are subjected.

Mrs. Ketcham called for volunteer speeches. Mrs. Hopkins was thankful that she was the first woman that had voted in Ludington. Now the best class of woman in that city vote at the school elections, and citizens of the city willingly send their carriages to take woman to and from the polls. Mrs. Hopkins believed if she were allowed to vote she would advocate the election of only the best candidates. She thought if woman voted, the officers of the city would not be the class found in a certain city, where a woman of the demi monde said that the city officers were patrons of her place. In another city a woman of the same class told her that the superintendent of a Sunday school and members of the police force were among her regular patrons. If women were given the ballot, the standard of morality in the government would be lifted to a high plane.

Mrs. Dwight Goss read an extract from the proceedings of the state liquor dealers, which condemned the granting of suffrage. She believed that the educational requirements for suffrage to women at municipal elections, were excellent in every way.

Mrs. W. H. Moorman thought if the saloon men opposed women's voting, no better reason could be urged why they should vote.

Mrs. Ketcham urged every woman to register, and hoped they would turn out and vote.

Representative Ewing was asked to give some views on the recent law passed by the legislature. He complied but declined to enter into any lengthy discussion.

DR. KILMER'S

SWAMP-ROOT

CURED ME.

SUFFERED EIGHT YEARS!

Couldn't Eat or Sleep.

Dr. Kilmer & Co.—"I had been troubled for eight years with stomach and heart difficulties.

I lived mostly on milk, as every-thing I ate hurt me so. My kidneys and liver were in a terrible state. Could neither sleep or eat. I had been treated by the best Chicago doctors without any benefit whatever. As a last resort I tried your SWAMP-ROOT, and now I can eat anything, no matter what. Nothing hurts me, and can go to bed and get a good night's sleep. SWAMP-ROOT cured me.

Any one doubting this statement can write, I will gladly answer." Mrs. German Miller, Dec. 20th, 1892. Springport, Mich.

SWAMP-ROOT CURED ME.

Had Torpid Liver For 14 Years.

Bilious all the Time.

DEAR SIRS:—"I have been troubled with Torpid Liver for 14 years and gone through courses of bilious fever; many times it has been impossible for me to do any kind of labor. Dr. Kilmer's SWAMP-ROOT was first recommended to me by Holthouse, Blackburn & Co., (Druggists) Decatur, Ind. After taking one bottle I was uncertain whether I was really deriving any benefit or not; after taking the second bottle, however, I found that my health was improving and I continued until I had taken 6 bottles. I can now cheerfully recommend SWAMP-ROOT to every one who has torpid liver, for it has completely cured me."
