OFFICIAL JOURNAL.

THE COMMON COUNCIL.

BOARD OF ASSISTANT ALDERMEN.

TUESDAY, October 30, 1855.

(Concluded from Yesterday.)

Mr. Fabre was called to the chair.

CLAIMS.

Mr. Chambers, on behalf of the above Committee, offered the following report, which was read and adopted:

The Committee on Claims beg leave to report: Upon the petition of Patrick Mahen, the owner of a piece of property in the Second District, erroneously assessed on the tax roll for 1854 at $6000 instead of $1000. He has paid the taxes on $1000, and has been sued for taxes on the remainder. He submits the certificate of the assessor, that the valuation of $6000 was made in error; also the receipt for state tax on a valuation of $1000. From these, and from a personal inspection of the property, your Committee are satisfied of the error, and offer a resolution for his relief.

Upon the petition of J. M. Dupuy, who pays taxes for 1854 on property valued erroneously at $2000, instead of $1200. The petitioner presents the certificate of the Assessor, setting forth the fact, also his tax receipt for 1853, in which the property is valued at $1200. On the assessment roll for this year it is valued at $1000. Satisfied of the error, your Committee offer a resolution for his relief.

In this connection, your Committee would remark, that they are not disposed to encourage inattention to the correction of the assessment rolls within the time, and in the manner prescribed by law, and would not recommend relief to be granted where the difference was comparatively small; but in such cases as these, in one of which property is assessed, in evident error, at six times its value, and in the other at double, they cannot refuse to correct the error without doing violence to their sense of justice.

Upon the petition of Theodore Shula, asking to have reduced a bill for wharfage against the steamer Magnolia. Your Committee regard the bill as made out in conformity with the ordinances on the subject, and report adversely to the petition.

Upon the petition of G. Didier, asking to have corrected an error made in the conveyance of property by him to the city. Your Committee have handed the petition to the City Attorney to inquire into the facts, and to recommend the proper manner of correcting the error, should it be found to exist.

Q. A. DUCROS,
W. CHAMBERS,
E. BOUNY.

October 30, 1855.

The following resolutions, accompanying the above report, were read and adopted, the rules being suspended:

Resolved, That the Assistant City Attorney be instructed to cancel a judgment for taxes, obtained against Patrick Mahen in the Fifth District Court, for the sum of one hundred and seventeen dollars and fifty cents, upon his paying all costs that have accrued in the case.

Resolved, That the Comptroller be authorized to pay the Treasurer in favor of J. M. Dupuy for thirty-seven dollars and fifty-seven cents, being for excess of taxes for 1854, paid through error in assessment.

Yeas—Messrs. Banister, Barbarin, Belit, Chambers, Chiapella, Ducros, Giffen, Guyol, Howell, Thayer and Violett—11.

Nays—Messrs. Eager, Landry, McKnight and Stith—4.

POLICE.

Mr. Guyol, on behalf of the above committee, offered the following report, which was read and adopted; the rules being suspended, the resolutions accompanying the same were read and unanimously adopted:

The Committee on Police present the following report:

Upon the petition of George Purvis, asking permission to erect a small steam engine on his property, corner Clio and Nayades street—favorably.

On the petition of R. Conson, asking permission to erect a blacksmith shop on his property on Dryades street—favorably; the necessary resolution is presented for said purpose.

Respectfully submitted,
HENRY GUYOL,
C. BANISTER,
J. S. FABRE.

Resolved, That permission be and is hereby granted to George Purvis to erect a small steam engine on his property, corner Clio and Nayades streets, First District, to remain during the pleasure of the Common Council.

Resolved, That permission be and is hereby granted to R. Conson to erect a blacksmith shop on his property on Delord street, between Magazine and Fourcher streets, First District, provided the same be made fireproof, agreeable to the ordinance defining the fire limits of the city, and shall be to remain during the pleasure of the Common Council.

EDUCATION.

Mr. Giffen, on behalf of the above committee, offered the following report, which was read and adopted:

To the Honorable the President and
Board of Assistant Aldermen:

Gentlemen—The Committee on Education, to whom was referred the petition of the Board of Directors of the Public Schools of the Third District, have carefully and carefully considered said petition, and finding that the petitioners do not ask for any further appropriation of money, or any increase of the present public debt, but simply for the privilege of employing in the laudable cause of public education certain funds and balances already appropriated and set apart for these purposes, and to be allowed to improve within a suitable building a certain present lot of ground in their District already belonging to the city and paid for.

Your committee, in view of these facts, and being well convinced of the great and important benefits arising to the children within the city from efficient and happy organization of the Public Schools, and believing that there is no more noble and worthy cause to which to employ the time and money of the public than in the cultivation of the intellect of its youth, do recommend to your honorable body to grant in full the prayer of your petitioners, and with that view have annexed and offer the necessary resolutions.

Yours, respectfully,
ADAM GIFFEN, Ch'n.
Q. A. DUCROS,
LOGAN McKNIGHT,
J. L. FABRE.

The following resolutions, accompanying the above report, were read, the rules being suspended, and adopted by the following vote:

Yeas—Messrs. Tracy, Banister, Barbarin, Belit, Chambers, Chiapella, Ducros, Eager, Giffen, Guyol, Howell, Landry, McKnight, Stith, Thayer and Violett—16.

Resolved, That the vacant lot of ground lying in the Third District, and belonging to the city, purchased by the former Third Municipality for educational purposes, be and the same is hereby granted to the President and Directors of the Public Schools of the Third District of this city, for the purpose of erecting thereon a suitable building as a public school-house; and that the sum of $4,369 94—monies economized by the said School Board of the Third District, out of their appropriation for the year 1854, and now appearing to their credit on the books of the Comptroller—be and the same is hereby given, to the President and Directors of the Public Schools of the Third District of this city, for the purpose of building a suitable school-house on the lot authorized and granted in this resolution, and that the Comptroller be hereby authorized to warrant on the Treasury for said sum.

Resolved, That all sums now in the Treasury of the city, arising from fines collected by the Recorder of the Third District, and previously appropriated by the Councils of this city for Library and Asylum purposes, in the aforesaid Third District, be, and the same is hereby, granted to the President and Directors of the Public Schools of the Third District, for the purpose of purchasing a lot of ground, and building thereon a suitable building for the use of the Public Schools of said Third District.

SPECIAL COMMITTEE.

Mr. Stith, on behalf of the above committee, offered the following report, which was read and adopted:

The special committee to whom was referred the subject of leasing out the collection of the revenues arising from the tax on coffee-houses, cabarets, and beer-houses, beg to present the following report and resolutions upon the subject for your approval: Your committee, after a careful examination of this subject, are of the opinion that the leasing out or farming the collection of the revenues due the city for licences granting to retail liquors, will be the least and most economical system that can be adopted. They believe that it will produce a much greater sum to the city, will be more satisfactory to the payers of the tax, than the present mode of collection, and in order to give more general satisfaction to all parties, your committee are unanimous in their opinion that a reduction should be made in the rates of licenses. Experience has fully demonstrated that it is useless to ask or hoping a tax of three hundred dollars for the privilege of selling liquor, and futile to attempt to collect it, and when it is borne in mind the large amount lost, which otherwise would have been paid into the treasury of the city, if the costs and expense attended in bringing suits, it will readily be seen that reducing the license, and selling the collection of the same to the highest bidder, will be the best means to secure a large amount to the City Treasury which would otherwise be lost and consumed in constant litigation and court charges; besides, they are fully satisfied that it is quite impossible to collect these hundred dollars from all the coffee-houses, cabarets, and grog-shops, a great number not having stock and fixtures to one-fourth the amount of the present price of license. A prompt payment of the revenues to the city will, in their opinion, have a tendency to reduce the general system of taxation on personal and real estate, as well as on all professions and occupations. Your committee present an ordinance reducing in proportion the license on beer-houses, cabarets, and coffee-houses as follows: For cabs and every coffee-house, or bar-room, selling red or white wines exclusively, twenty dollars; to each and every beer-house, fifty dollars; for each and every bar-room, grog-shop, coffee-house, or other place where liquor and wines are sold, one hundred and fifty dollars. They also, upon mature deliberation, will give universal satisfaction to the public and establishments, as well as result much more to the advantage of the city.

Respectfully submitted,
GERARD STITH, Chairman,
C. BANISTER,
P. S. WILTZ,
ISAAC THAYER,
S. HOWELL.

The following ordinance, accompanying the above report, was, on motion, made the special order of the day for the next meeting:

AN ORDINANCE fixing out the collection of the revenue of the city of New Orleans on bar-rooms, coffee-houses, cabarets, and beer-houses, and fixing the rates of license on the same for one year.

Sec. 1. Be it ordained by the Common Council of the city of New Orleans, That the City Comptroller sell to the highest bidder, after thirty-day's notice in the official journal, the revenues of the city of New Orleans arising from the tax on coffee-houses, bar-rooms, cabarets, and beer-houses, or other places where liquor and wines are sold, for one year from first day of Jan. 1856, and every succeeding year thereof; said sale to be made upon the following terms and conditions, to-wit: The said sales shall be made by districts, commencing with the First District, and continue until the four Districts are sold. The farmers or purchasers are to be ready with said sale, and the money received by the Common Council, pay into the City Treasury one-twelfth of said amount of said purchase in cash, and for the balance he shall furnish his several promissory notes at one, two, three, four, five, six, seven, eight, nine, ten, and eleven months, with good and sufficient security to the satisfaction of the Finance Committee.

SEC. 2. *Be it further ordained, etc.*, That the farmers or purchasers of the collection of the revenues named in the first section of this ordinance shall not be entitled to collect any other dues than those hereinafter mentioned, to-wit: For every cabaret or bar-room, selling exclusively wines, twenty-five dollars; for each and every beer-house, fifty dollars; for each and every bar-room, coffee-house, and grog-shops, where spirituous and other liquors are sold by retail, one hundred and fifty dollars—said licenses to run for one year.

SEC. 3. *Be it further ordained, etc.*, That the farmer or purchaser of the collection of the aforesaid revenue shall be fully authorized to make such rules and regulations for the collection of said revenues, as may be satisfactory to the payees of said licenses, it being understood the city is not responsible for any act or omission to perform, and any arrangement made by said farmer or purchaser for and on account of his own convenience or advantage.

SEC. 4. *Be it further ordained, etc.*, The Common Council reserve to itself the right to approve of report any and all sales made under the provisions of the foregoing ordinance.

SEC. 5. All ordinance and resolutions conflicting with the foregoing, so soon as this shall have effected, and they are hereby repealed.

SPECIAL COMMITTEE.

The following report from the above Committee was read and adopted:

The Joint Committee instructed to revise and revise the Code of Ordinances, beg to report that the work has been completed by the revisor, and your committee are now reviewing and preparing the said code for the final action of the Common Council.

EDWARD W. BURELL,
JESSE GILLMORE,
GERARD STITH,
LOGAN McKNIGHT.

Mr. McKnight, on behalf of the above Committee, offered the following report, which was read and adopted:

To the Hon. President and Members of the Board
Assistant Aldermen of city of New Orleans:

The Committee to whom was referred the communication of the New Orleans Commissioners of the McDonogh estate, have the honor to report:

That, inasmuch as the wishes of the Board in the Common Council, in the resolutions of July 23d, 1855, are both approved and confirmed by our Commissioners, no resolution should be entertained by your honorable body as to the course it is to be pursued in the premises. Inasmuch as the Commissioners have represented that the City of Baltimore declines taking any active part in the direction of the property of the estate, as set forth in those resolutions. Without her active participation Baltimore cannot therefore be amicably entitled to the contemplated position of one of the owners. The fortune of her part to acquiesce in this partition is well understood to arise from a fear of the State of Maryland, coming forward and asserting rights as to a lapsed estate. However, your Committee are not prepared to criticize the action of the Commissioners of Baltimore, nor indeed is it necessary.

Under provision of the Civil Code, section 1222, it has been declared that an action for partition in five years from the death of the testator will be legally maintained, if sufficient ground is shown for such division. John McDonogh died Oct. 22d, 1850, and a resolution has already been passed, July 1853, by the Common Council of New Orleans, directing the City Attorney at the end of the five years, to bring suit for partition of the estate in the same manner as the two legacies, to the School Fund of Baltimore, Md., to the Asylum for the Poor. The time has now arrived for instituting such suit, and the City Attorney will, at the opening of the court term, file a petition accordingly. Without unusual delay course, he hopes to hear a favorable decree by the month of May, 1856. Until such decree is obtained it is idle to enter into views as to the proper mode of dividing the estate or of selling the property. But we have no fear will to the Orphan Boys' Asylum and the Colonization Society will hardly be contested by the city, and therefore, no opposition is likely to be made by those charities to the action now about commencing. The city of Baltimore not participating in the suit will be unaffected by a decision rendered favorable to our suit. There is really then no source whence opposition can arise, unless it be from some champion of the vague and imaginary schemes of the State of Pennsylvania for the benefit of the poorest of the poor, of every caste and color.

Your committee have therefore no immediate action to propose to your honorable body in the premises. But a proper appreciation of the spirit and ability exhibited in the report of the Commissioners of the Estate on the part of New Orleans, prompts us to ask that such report, with documents accompanying, be printed in pamphlet form, and a resolution to that effect is annexed.

A resolution is also appended instructing the City Attorney to pray for a partition of the estate by sale on long credits rather than in kind. It would be obviously better that the whole property should pass at once into the hands of individuals who would improve and cultivate it, than for it to remain even divided in the hands of corporate bodies, whether municipal or charitable. Such a partition by sale can be obtained on proper showing before the tribunals of judgment.

Your committee beg to be discharged from further consideration of the subject.

ADAM GIFFEN,
S. HOWELL,
J. L. FABRE,
LOGAN McKNIGHT,
A. LANDRY.

The following resolutions accompanying the above report were read, the rules being suspended, and adopted by the following vote:

Yeas—Messrs. Tracy, Banister, Barbarin, Belit, Chambers, Chiapella, Ducros, Eager, Giffen, Guyol, Howell, Landry, McKnight, Stith, Thayer and Violett—16.

Resolved, That 250 copies of the report of the Commissioners of the McDonogh estate, with the accompanying documents, be printed in pamphlet form for the use of the Council.

Resolved, That the City Attorney be instructed to pray for a partition of the McDonogh estate by sale rather than by division in kind; provided that such decree be not made to take effect the bequeaths to the Orphan Boys' Asylum, the Colonization Society, and the manumission to Liberia of the slaves now held by the city.

On motion, the Board adjourned until Tuesday next, 6th November, 1855, at 6 o'clock, P. M.

Secretary pro tem.

OIL MANUFACTURING COMPANY,
Depot and Office, No. 28 North Third street,
ST. LOUIS, MO.
STEPHEN RIDGLEY, President. WILLIAM G. LOGAN Treasurer.

☞ The Company manufacture Refined Oil, Crude or Coalage Oil, Paint Oil, Turpentine Oil, Lamp or Burning Oil, Naphtha and Pitch, Pitch Stay, with coal tar, for roofing, and for other purposes, for the purpose herein mentioned.

REFINED OIL—Is a substitute for Sperm Oil, and is equal to it for all purposes for which Sperm Oil is generally used.

CRUDE OR CORDAGE OIL—Will adapted for Screw Machines, with a Cold Winds, heavy Mill Work, Axles, and Machinery, Ropes and Hemp for Cordage, or her alone or in combination with Whale or Lard Oils; also for making Printers' ink, and for oiling Wool or for preservatives.

PAINT OIL—A substitute for Linseed Oil, dries well in about twelve hours in the sun or shade, and is fully equal to the old preparation.

TANNERS' OIL—For dressing Leather and Curriers' due generally—equal to the best oils commonly use, and decidedly better than Whale Oil.

LAMP, OR BURNING OIL—The Oil combines large per centage of carbon; consequently is adapted to be used in lamps, of similar invention, or alteration, overcomes the difficulty, and the Oil burns with a brilliancy unsurpassed by any other light.

NAPTHA—For manufacturing Varnish, Burning Fluids, etc.

PITCH—For all purposes for which Pitch is used, being a very superior article.

☞ FOR LUBRICATING MACHINERY—The Oils recommended for that purpose should be applied three times in the same period that other oils would be applied once, but on a difference of cost, so that the consumption would be alike. Be careful to clean the Machinery before applying the Oil, or, at least, cleanse after its first application, as it leads a few Machinery from the superiority of the grease Oils.

The Company is now prepared to fill all orders, and at prices that cannot fail to give satisfaction.

☞ All orders forwarded to the Treasurer will be promptly attended to. 1m 1f

ST. CHARLES INSTITUTE.
Situated at Greenville, near Carrollton, Jefferson Parish, Under the Patronage of Madame O. MACE.

THIS INSTITUTION, already favorably known to the public, having obtained an enviable share of public patronage, Madame MACE has found it necessary, in order to extend the accommodations and carry on improvements assumed for the regulation of an establishment of this order, to purchase the adjoining property which she has now occupied for two years. In pursuance of this object, expensive additional rooms, large, lofty, and airy dormitories, with other extensive and additions to the former buildings, have just been completed, and the institution in its most extensive regard has been adjusted to the health, comfort and convenience of the pupils.

These extensive improvements, the delightful and salubrious location of the establishment, the unexcelled system of instruction, the high tone and confidence, together with the advantages afforded by the daily attendance of the most eminent Professors, furnish a standard advantage for admission, which is not equalled in any other institution of this order. The course of instruction embraces all the varieties of the most complete female education, and the pupils are entirely under the supervision and care of Madame and Mr. Mace, and are by them provided with competent teachers, native from France and the North, who reside permanently in the institution.

The English department is under the experienced and talented direction of Professor MELHADO, who is so advantageously known, in the United States, as the author of a work which engages in a degree of the approving and patronized every day in England and France, and there only, from the circumstance of its being in a foreign tongue, is not universally known by common acquaintance, to converse in each other's language. For the department of Music, distinguished Professors are engaged, and every effort is made to assist students in this accomplishment.

Information respecting terms and all particulars may be obtained, from the prospectus to be procured on the office of the undersigned, or the institution. Pupils and guardians are invited to visit the establishment on Saturdays and Sundays, in order to satisfy themselves as to the general correspondence. 1m 1f 1m
