TARIFF THE CAUSE

Trade Will Show No Activity Until Congress

SETTLES THE TARIFF QUESTION

Dun & Co. Report No Signs of Improvement in Any Leading Industry the Past Week.

NEW YORK, Dec. 8.—R. G. Dun & Co.'s weekly review of trade tomorrow will say: Trade of all kinds is waiting. There is no visible improvement and on the whole the indications are a little less satisfactory than they were a week ago. The volume of business, measured by clearing house returns outside of New York, show a decrease of only 12 per cent compared with last year, which is encouraging; but as the statements covers the payments for the first of the month, it may not correctly measure the volume of new transactions. The reports from the other cities show a hesitating trade almost everywhere, with a decided disposition to wait until congress has acted on the tariff question. Hence the delay and uncertainty are likely to last for some weeks. The speculative markets have not moved much. In railroad stocks there has been slight decline of 50 cents per share. The sales have been only about a million shares, but reports in regard to the increase of taxation on sugar, whiskey and other products make whatever market there is. The movement of cotton was not encouraging to holders and appearances indicate a large supply on plantations than had been expected. In woolen goods the sense of disappointment is very clear and there seems no reason to expect any decided recovery until congress has acted on the tariff question. Several works have stopped production during the past week and others are running only to fill orders which will soon be exhausted. In the iron and steel manufacture there are symptoms of improvement. The prospect of a renewal of gold exports causes no great excitement in the street as the banks now hold so large a stock of gold on hand that a really heavy loss would not cause them any embarrassment. The failures for the week number 386 in the United States against 271 for the corresponding week last year and 42 in Canada against 36 last year.

Burned to a Crisp.

KANSAS CITY, MO., Dec. 8.—At 8 o'clock this morning Mrs. G. F. Nichols locked her two little children, Freddie, aged 3 years, and Minnie, aged 2 years, in a room while she went down town. During her absence the children played with the stove and were fatally burned, the body of the boy being burned to a crisp.

Robbed the Safe of $450.

EUREKA, KAN., Dec. 8.—At 7 o'clock last night two men, one masked and both armed with Winchester rifles, entered the Santa Fe depot at Howard, Kan., and ordered the agent who was alone to throw up his hands. He was then ordered to open the safe and one of the robbers went through the safe while the other stood guard. They secured about $50 and rode away. A posse was at once organized and started in pursuit of the robbers, but at last accounts they have not been overhauled.

Harvard Alumni Swindled.

CHICAGO, Dec. 8.—Harvard alumni of this city have been done up lately by Edward K. Howe, who claimed to be a member of the class of 1864. His scheme is to call on Harvard men, tell them a plausible story of losing all his ready money, and borrow $40 or $50 to buy railroad tickets for himself and wife. For working this game on various Chicago men, Howe was arrested last night, charged with obtaining money under false pretenses. It is said he has worked the game for several hundred dollars.

Fatal Texas Fire.

BELTON, Texas, Dec. 8.—Fire started in the grocery store of Winkleman & Freeman in Temple, Texas, and before it could be controlled that store, together with those of Cheeves Bros. & Co. and W. A. Wilkerson, were destroyed. The total loss is $40,000, with partial insurance. Samuel Cheeves was burned to death in an attempt to save some of his valuables.

Jury Acquitted Him.

BUFFALO, N. Y., Dec. 8.—At 8 o'clock the jury in the case of James Murphy, charged with murder in the second degree, brought in a verdict of not guilty. He was charged with causing the death of ex-Alderman Byrnes.

Postoffice Robbed.

MARCOMANIE, Wis., Dec. 8.—Burglars blew open the safe in the postoffice last night and took over $1,000. The safe is a complete wreck and the glass in the front of the postoffice is broken.

Dr. Paxton Resigns.

NEW YORK, Dec. 8.—Robert Jaffray, elder of the West presbyterian church session, received this morning the resignation of Dr. Paxton in official form.

She Was Undeceived.

"I was coming over from Cleveland one night by boat," casually remarked the drummer to the hotel clerk, "and during the afternoon I went down to see about some baggage checks I had. Up on deck I saw a young fellow and a girl, very plainly a newly married couple from some of the inland districts. They had only been there a short time, and as I passed them the groom stopped me and called me to one side, leaving the bride gazing out over the lake.

"'Is that a river?' he asked me in a whisper, nodding toward the bounding blue.

"'Yes,' I said at a venture.

"'What river?'

"'The river that puts in here at Cleveland.'

"'I'm much obliged,' he said. 'Sallie wanted to know and I wasn't sure, so I thought I'd ask. I told her it was a river, but women seem to have doubts sometimes.'

"Then he went back to her and I got a place where I could hear without being seen.

"'I told you it was a river,' he said to her triumphantly. 'Now what have you got to say?'

"'Well,' she responded, looking away off as if to see the other shore, 'it's a tremendous big river or that man is a tremendous big liar, I ain't certain which.'

"That was enough for me," concluded the drummer, "and I staid out of sight."—Detroit Free Press.

He Earned It.

He was a small boy, whose head was about on a level with the grocery counter. He swung a tin pail in one hand and tightly clasped four pennies in the other.

"Pleathe, thir, how much ith a pint of milk?"

"Four cents."

"Then pleathe give me three thepts' worth and a peppermint stick. My mother thaid I could have the change, if there wath any, for candy, and she muttht have known there wouldn't be any. It wathn't fair."

And the young financier walked gayly off with a large striped stick of candy and a very little milk splashing in the bottom of the pail.—Evening Wisconsin.

THE RACE IS WON—over to good health and rendered impervious to disease when the blood is pure and the lives active. For the liver is the sentinel which permits or forbids the germs of disease to enter the circulation of the blood.

You ought to be germ-proof against Grip, Malaria, or Consumption; you will be—if you take Dr. Pierce's Golden Medical Discovery.

When your flesh is reduced below a healthy standard, when you are troubled with pimples and boils, or if you have dizzy, weak and sleepless spells—its best to *heed the warning*.

Build up your strength, purify the blood, and set all the organs of the body into activity, by taking the "Discovery." It's guaranteed to benefit or cure all diseases resulting from impure blood or inactive liver, or the money paid is refunded.

"When I was a Boy,"

Writes Postmaster J. C. WOODSON, Forest Hill, W. Va., "I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary medicines, and advised me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take

A Bad Cold,

and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."

"I have been using Ayer's Cherry Pectoral in my family for 30 years, with the most satisfactory results, and can cheerfully recommend it as being especially adapted to all pulmonary complaints. I have, for many years, made pulmonary and other medicines a special study, and I have come to the conclusion that Ayer's Cherry Pectoral occupies a position pre-eminent over other medicines of the class."—Chas. Davenport, Dover, N. J.
